FOR FURTHER INFORMATION CONTACT: For further information on a particular national marine sanctuary advisory council, please contact the individual identified in the Addresses section of this notice.

SUPPLEMENTARY INFORMATION: ONMS serves as the trustee for 14 marine protected areas encompassing more than 170,000 square miles of ocean and Great Lakes waters from the Hawaiian Islands to the Florida Keys, and from Lake Huron to American Samoa. National marine sanctuaries protect our Nation's most vital coastal and marine natural

and cultural resources, and through active research, management, and public engagement, sustains healthy environments that are the foundation for thriving communities and stable economies. One of the many ways ONMS ensures public participation in the designation and management of national marine sanctuaries is through the formation of advisory councils. National marine sanctuary advisory councils are community-based advisory groups established to provide advice and recommendations to the superintendents of the national marine sanctuaries on issues including management, science, service, and stewardship; and to serve as liaisons between their constituents in the community and the sanctuary.

Additional information on ONMS and its advisory councils can be found at <http://sanctuaries.noaa.gov>. Information related to the purpose, policies and operational requirements for advisory councils can be found in the charter for a particular advisory council (http://sanctuaries.noaa.gov/management/ac/council_charters.html) and the National Marine Sanctuary Advisory Council Implementation Handbook (<http://www.sanctuaries.noaa.gov/management/ac/acref.html>).

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Socio-economics of Whale Watching in the Channel Islands Region: Survey of Whale Watching Passengers.

OMB Control Number: 0648-xxxx.

Form Number(s): None.

Type of Request: Regular (request for a new information collection).

Number of Respondents: 1,560.

Average Hours per Response: On-site survey, 20 minutes; mail-back survey, 15 minutes.

Burden Hours: 654.

Needs and Uses: This request is for a new information collection.

NOAA is sponsoring a class project at the Bren School of Management & Science at the University of California, Santa Barbara to estimate the market and non-market economic values associated with the reduction in risk of whale strikes by different scenarios of changes in traffic lanes and/or vessel speeds for major commercial vessels operating in the region of southern California where the Channel Islands National Marine Sanctuary is located. Surveys will be conducted of the passengers aboard the for hire operation boats to obtain their market and non-market economic use values for the reduction in the risk of whale strikes. Additional information will be obtained on importance-satisfaction ratings of key natural resource attributes, facilities and services along with demographic profiles of passengers. This survey is a companion piece to a survey of the for-hire operators, approved under OMB Control No. 0648-0717, approved on 7/1/2015.

Affected Public: Individuals or households.

Frequency: One time.
