SUPPLEMENTARY INFORMATION:

Background

In a final rule published in the **Federal Register** on May 15, 2008 (73 FR 28212), we, the U.S. Fish and Wildlife Service, listed the polar bear (*Ursus maritimus*) as a threatened

species under the Endangered Species Act of 1973, as amended (ESA) (16 U.S.C. 1531 *et seq.*). In the July 6, 2015, **Federal Register** (80 FR 38458), we announced the availability of a draft Polar Bear Conservation Management Plan, which is designed to meet the recovery requirements of the ESA as well as the conservation management goals of the Marine Mammal Protection Act (16 U.S.C. 1361 *et seq.*). We are currently soliciting public comment on this draft plan.

Since we announced the availability of the draft plan, we have seen significant public interest and have received a request from the State of Alaska for an extension of time to allow for public input. Providing additional time for full consideration of the objectives for conserving the polar bear is important to our overall management effort. Therefore, we extend the current 45-day comment period by an additional 30 days. All comments received by the date specified in **DATES** will be considered prior to approval of this plan.

For a description of the polar bear, taxonomy, distribution, status, breeding biology and habitat, and a summary of factors affecting the species, please see the final listing rule (73 FR 28212, May 15, 2008). For information regarding the draft plan, please see the July 6, 2015, notice of availability (80 FR 38458).

Authority

We publish this notice under ESA section 4(f) (16 U.S.C. 1533(f)).

Dated: July 31, 2015.

Karen P. Clark,

Acting Regional Director, Alaska Region, U.S. Fish and Wildlife Service.
