SUMMARY: On August 4, 2015, the U.S. Trade Representative (USTR) instructed the Department of Commerce (Department) to implement its determinations under section 129 of the Uruguay Round Agreements Act (URAA) regarding the antidumping duty (AD) investigations on certain coated paper suitable for high-quality print graphics using sheet-fed presses from the People's Republic of China (PRC); seamless carbon and alloy steel standard, line, and pressure pipe from the PRC; high pressure steel cylinders from the PRC; multilayered wood flooring from the PRC; certain crystalline silicon photovoltaic cells, whether or not assembled into modules, from the PRC; and utility scale wind towers from the PRC; and regarding the AD administrative review of citric acid and citrate salts from the PRC, which renders them not inconsistent with the World Trade Organization (WTO) dispute settlement findings in the Appellate Body report on *United States — Countervailing and Anti-dumping Measures on Certain Products from China*, WT/DS449/AB/R (July 7, 2014), and the panel report, as modified by the Appellate Body report, WT/DS449/R (March 27, 2014), adopted by the WTO Dispute Settlement Body on July 22, 2014 (DS 449). The Department issued its final determinations in these section 129 proceedings between July 14, 2015,

and July 31, 2015.¹ The Department is now implementing these final determinations.

(the Act), as amended, concurrently with the imposition of countervailing duties upon the same products without having assessed whether so-called "double remedies," (*i.e.*, the offsetting of the same subsidy twice) arose from such concurrent duties.

Between February 2015 and April 2015, the Department issued questionnaires to certain respondents in the underlying investigations and administrative review, concerning the issue of double remedies. Between May 2015, and June 2015, the Department issued the preliminary determinations in these section 129 proceedings and provided interested parties an opportunity to comment. Following the comment period, the Department issued its final determinations for the section 129 proceedings between July 14, 2015, and July 31, 2015.

In its August 4, 2015 letter, the USTR notified the Department that, consistent with section 129(b)(3) of the URAA, consultations with the Department and the appropriate congressional committees with respect to the final determinations have been completed. Also on August 4 2015, in accordance with section 129(b)(4) of the URAA, the USTR directed the Department to implement these determinations.

Nature of the Proceedings

Section 129 of the URAA governs the nature and effect of determinations issued by the Department to implement findings by WTO dispute settlement panels and the Appellate Body.

Specifically, section 129(b)(2) of the URAA provides that "notwithstanding any provision of the Tariff Act of 1930," upon a written request from the USTR, the Department shall issue a determination that would render its actions not inconsistent with an adverse finding of a WTO panel or the Appellate Body.² The Statement of Administrative Action, U.R.A.A., H. Doc. 316, Vol. 1, 103d Cong. (1994) (SAA), variously refers to such a determination by the

Department as a "new," "second," and "different" determination.³ After consulting with the Department and the appropriate congressional committees, the USTR may direct the Department to implement, in whole or in part, the new determination made under section 129 of the URAA.⁴ Pursuant to section 129(c) of the URAA, the new determination shall apply with respect to unliquidated entries of the subject merchandise that are entered or withdrawn from warehouse, for consumption, on or after the date on which the USTR directs the Department to implement the new determination.⁵ The new determination is subject to judicial review, separate and apart from judicial review of the Department's original determination.⁶

Final Determinations: Analysis of Comments Received

To the extent that issues were raised by interested parties during the period for comment following the issuance of the preliminary determinations, those issues are addressed in the respective final determinations. The final determinations are public documents and are available to the public via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>, and is available to all parties in the Central Records Unit, room B8024 of the main Department of Commerce building. In addition, complete versions of the final determinations can be accessed directly on the Internet at <http://enforcement.trade.gov/download/section129/full-129-index.html>. The signed versions of the final determinations and the electronic versions of the final determinations are identical in content.

¹² The calculated margins in the underlying investigation were not adjusted to reflect a deduction for any countervailing duty determined to constitute export subsidies. Rather, consistent with Department practice, we adjust the cash deposit rates for export and domestic subsidy offsets to the extent appropriate. Both domestic subsidy and export subsidy adjustments are reflected under "Revised AD Cash Deposit Rate Adjusted for Double Remedies."

Implementation of the Revised Cash Deposit Requirements

On August 4, 2015, in accordance with sections 129(b)(4) and 129(c)(1)(B) of the URAA and after consulting with the Department and Congress, the USTR directed the Department to implement these final determinations. With respect to each of these proceedings, unless the applicable cash deposit rate has been superseded by intervening administrative reviews, the Department will instruct U.S. Customs and Border Protection to require a cash deposit for estimated ADs at the appropriate rate for each exporter/producer specified above, for entries of subject merchandise, entered or withdrawn from warehouse, for consumption, on or after August 4, 2015.

This notice of implementation of these section 129 final determinations is published in accordance with section 129(c)(2)(A) of the URAA.

Countervailing Duty Investigation of Certain Polyethylene Terephthalate Resin From India: Preliminary Affirmative Determination, Preliminary Affirmative Critical Circumstances Determination, in Part, and Alignment of Final Determination With Final Antidumping Duty Determination

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) preliminarily determines that countervailable subsidies are being provided to producers/exporters of certain polyethylene terephthalate (PET) resin from India. The period of investigation is January 1, 2014, through December 31, 2014. Interested parties are invited to comment on this preliminary determination.

DATES: *Effective Date:* August 14, 2015.

SUPPLEMENTARY INFORMATION:

Scope of the Investigation

The merchandise covered by this investigation is PET resin. The merchandise subject to this investigation is properly classified under subheading 3907.60.00.30 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheading is provided for convenience and customs purposes, the written description of the merchandise under investigation is dispositive.¹

Methodology

The Department is conducting this countervailing duty (CVD) investigation in accordance with section 701 of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found countervailable, we preliminarily determine that there is a subsidy, *i.e.*, a financial contribution by an “authority” that gives rise to a benefit to the recipient, and that the subsidy is specific.² For a full description of the methodology underlying our preliminary conclusions, see the Preliminary Decision Memorandum.³ The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>, and is available to all parties in the Central Records Unit, Room B8024 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <http://trade.gov/enforcement>. The signed Preliminary Decision Memorandum and the electronic versions of the Preliminary Decision Memorandum are identical in content.

The Department notes that, in making this preliminary determination, we

Lorentzen, Acting Assistant Secretary for Enforcement and Compliance, “Decision Memorandum for the Preliminary Determination in the Countervailing Duty Investigation of Certain Polyethylene Terephthalate Resin from India,” dated concurrently with this notice (Preliminary Decision Memorandum).

relied, in part, on facts available and, because one respondent did not act to the best of its ability to respond to the Department’s requests for information, we drew an adverse inference where appropriate in selecting from among the facts otherwise available with respect to that respondent.⁴ For further information, see “Use of Facts Otherwise Available and Adverse Inferences” in the accompanying Preliminary Decision Memorandum.

Alignment

As noted in the Preliminary Decision Memorandum, in accordance with section 705(a)(1) of the Act and 19 CFR 351.210(b)(4), we are aligning the final CVD determination in this investigation with the final determination in the companion antidumping duty (AD) investigation of PET resin from India based on a request made by Petitioners.⁵ Consequently, the final CVD determination will be issued on the same date as the final AD determination, which is currently scheduled to be issued no later than December 21, 2015,⁶ unless postponed.

Preliminary Affirmative Determination of Critical Circumstances

On July 16, 2015, Petitioners filed a timely critical circumstances allegation, pursuant to section 773(e)(1) of the Act and 19 CFR 351.206(c)(1), alleging that critical circumstances exist with respect to imports of PET resin from India.⁷ We preliminarily determine that critical circumstances do not exist for Dhunseri Petrochem Ltd., but do exist for JBF Industries Limited, and the all-others companies. A discussion of our determination can be found in the Preliminary Decision Memorandum at the section, “Critical Circumstances.”

Preliminary Determination and Suspension of Liquidation

We preliminarily determine the countervailable subsidy rates to be:
