## II. Discussion

On May 29, 2015, the NRC requested comments on draft NUREG–0654/FEMA–REP–1, Revision 2, “Criteria for Preparation and Evaluation of Radiological Emergency Response Plans and Preparedness in Support of Nuclear Power Plants.” Comments on the draft document were also requested by FEMA on the same date (80 FR 30697). The public comment period was originally scheduled to close on August 27, 2015. On June 23, 2015, the Nuclear Energy Institute submitted a request to the NRC and FEMA to extend the public comment period an additional 90 days (ADAMS Accession No. ML15205A187). The NRC, in conjunction with FEMA, has decided to extend the public comment period on this document until October 13, 2015, to allow more time for members of the public to submit their comments. This represents a 45-day

extension, rather than 90 days as requested, in consideration of the extensive public outreach and stakeholder engagement throughout the development of the draft document, which provided opportunities for reviewing and providing feedback on preliminary versions of the document. A 45-day extension should provide sufficient additional time for comments to be provided.

Dated at Rockville, Maryland, this 13th day of August, 2015.

For the U.S. Nuclear Regulatory Commission.

### I. Introduction

On August 14, 2015, the Postal Service filed a notice, pursuant to 39 CFR 3010.40 *et seq.*, announcing a Type 2 rate adjustment to improve default rates established under the Universal

Postal Union Acts.<sup>1</sup> The Notice concerns the inbound portion of a Multi-Product Bilateral Agreement with China Post Group (Agreement).<sup>2</sup> In accordance with Order No. 2148,<sup>3</sup> the Postal Service claims the Agreement is functionally equivalent to the agreement with China Post filed in Docket No. R2010–6 (China Post 2010 Agreement), with inbound small packets with delivery scanning pricing similar to that in the China Post 2010, China Post 2011, China Post 2013, and China Post 2014 agreements. *Id.* at 1, 4. The Postal Service seeks to include the Agreement within the Inbound Market-Dominant Multi-Service Agreements with Foreign Postal Operators 1 product, in the market dominant product list of the Mail Classification Schedule. *Id.* at 1.

## II. Contents of Filing

The Postal Service’s filing consists of the Notice, two attachments, and redacted and unredacted versions of an Excel file with supporting financial workpapers. *Id.* at 2. Attachment 1 is an application for non-public treatment of material filed under seal with the Commission. *Id.* Attachment 2 is a redacted copy of the Agreement. *Id.* The Postal Service includes a redacted version of the financial workpapers with its filing as a separate public Excel file. *Id.*

The Postal Service states that the intended effective date of the Agreement’s inbound market dominant rates is October 1, 2015;<sup>4</sup> asserts that it is providing at least the 45 days advance notice required under 39 CFR 3010.41; and identifies the parties to the Agreement as the United States Postal Service and China Post Group, the postal operator for China. *Id.* at 3.

**Reporting requirements.** 39 CFR 3010.43 requires the Postal Service to submit a detailed data collection plan. In lieu of a special data collection plan for the Agreement, the Postal Service proposes to report information on the Agreement through the Annual Compliance Report. *Id.* at 6. The Postal Service also invokes, with respect to service performance measurement

<sup>1</sup> Notice of United States Postal Service of Type 2 Rate Adjustment, and Notice of Filing Functionally Equivalent Agreement, August 14, 2015, at 1 (Notice).

<sup>2</sup> Notice at 1. The Agreement’s inbound competitive rates will be filed with the Commission in a separate docket. *Id.* at 3.

<sup>3</sup> See Docket No. R2013–9, Order Granting, in Part, Motion for Partial Reconsideration of Order No. 1864 and Modifying, in Part, Order No. 1864, August 11, 2014 (Order No. 2148).

<sup>4</sup> Although the copy of the Agreement filed under seal has yet to be signed by both parties, the Postal Service anticipates updating this docket with a signed version, soon. *Id.* at 3 n.3.

reporting under 39 CFR 3055.3(a)(3), the standing exception in Order No. 996 for all agreements filed in the Inbound Market Dominant Multi-Service Agreements with Foreign Postal Operators 1 product grouping.<sup>5</sup>

*Consistency with applicable statutory criteria.* The Postal Service observes that Commission review of a negotiated service agreement addresses three statutory criteria under 39 U.S.C. 3622(c)(10), whether the agreement: (1) Improves the Postal Service's net financial position or enhances the performance of operational functions; (2) will not cause unreasonable harm to the marketplace; and (3) will be available on public and reasonable terms to similarly situated mailers. Notice at 7. The Postal Service asserts that it addresses the first two criteria in its Notice and that the third is inapplicable, as there are no entities similarly situated to China Post Group in terms of their ability to tender small packet with delivery scanning flows from China or serve as a designated operator for letter post originating in China. *Id.*

*Functional equivalence.* The Postal Service addresses reasons why it considers the Agreement functionally equivalent to the China Post 2010 Agreement filed in Docket No. R2010-6.<sup>6</sup> The Postal Service asserts that it does not consider that the specified differences detract from the conclusion that the Agreement is functionally equivalent to the baseline China Post 2010 Agreement. Notice at 11.
