

**DEPARTMENT OF HOMELAND SECURITY****Coast Guard****33 CFR Part 117**

[Docket No. USCG–2015–0767]

**Drawbridge Operation Regulation; Hood Canal, Port Gamble, WA****AGENCY:** Coast Guard, DHS.**ACTION:** Notice of deviation from drawbridge regulation.

**SUMMARY:** The Coast Guard has issued a temporary deviation from the operating schedule that governs the Hood Canal Floating Drawbridge across Hood Canal (Admiralty Inlet), mile 5.0, near Port Gamble, WA. This deviation allows the bridge to open the draw span half-way, 300 feet; as opposed to all the way, which is 600 feet. One half of the span will remain closed, allowing for the replacements of bridge anchors for this section of the bridge.

**DATES:** This deviation is effective from 6 a.m. on August 27, 2015, until 7 p.m. on September 30, 2015.

**ADDRESSES:** The docket for this deviation, [USCG–2015–0767] is available at <http://www.regulations.gov>. Type the docket number in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this deviation. You may also visit the Docket Management Facility in Room W12–140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

**FOR FURTHER INFORMATION CONTACT:** If you have questions on this temporary deviation, call or email Mr. Steven Fischer, Bridge Administrator, Thirteenth Coast Guard District; telephone 206–220–7282, email [d13-pf-d13bridges@uscg.mil](mailto:d13-pf-d13bridges@uscg.mil). If you have questions on viewing the docket, call Cheryl Collins, Program Manager, Docket Operations, telephone 202–366–9826.

**SUPPLEMENTARY INFORMATION:** Washington Department of Transportation (WSDOT) has requested that the Hood Canal Floating Drawbridge only open half of the span to facilitate safe and uninterrupted bridge anchor replacements. The Hood Canal Floating Drawbridge crosses Hood Canal, mile 5.0, near Port Gamble, WA. The bridge has two fixed spans (East and West), and one draw span (Main). The East span provides 50 feet of

vertical clearance, and the West span provides 35 feet of vertical clearance. The Main span provides zero feet of vertical clearance in the closed-to-navigation position, and unlimited vertical clearance in the open-to-navigation position. Vertical clearances are referenced to mean high-water elevation.

The deviation period allows the draw span of the Hood Canal Floating Drawbridge across Hood Canal, mile 5.0, to open half-way from 6 a.m. on August 27, 2015 until 7 p.m. on September 30, 2015.

During the time of the deviation, the drawbridge will not be able to operate according to the normal operating schedule. The normal operating schedule for the bridge is in accordance with 33 CFR 117.1045, which allows, with at least one hour’s notice, on signal, for the draw to open horizontally for 300 feet unless the maximum opening of 600 feet is requested; and need not open for vessel traffic from 3 p.m. to 6:15 p.m. daily from 3 p.m. on May 22 to 6:16 p.m. on September 30. The bridge shall operate in accordance to 33 CFR 117.1045 at all other times. Waterway usage on this part of Hood Canal includes vessels ranging from commercial tug and barge to U.S. Navy vessels, and vessels attending the missions of the U.S. Navy to small pleasure craft.

Vessels able to pass through the East and West spans may do so at anytime. The Main span does not provide passage in the closed-to-navigation position. The bridge will be able to open half the Main span for Navy vessels during emergencies, when requested by the Department of the Navy. The Hood Canal Floating Drawbridge has two immediate alternate spans for vessels to pass (East span and West span). The Coast Guard will also inform the users of the waterways through our Local and Broadcast Notices to Mariners of the change in operating schedule for the bridge so that vessels can arrange their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: August 11, 2015.

**BILLING CODE 9110–04–P****DEPARTMENT OF HOMELAND SECURITY****Coast Guard****33 CFR Part 117**

[Docket No. USCG–2015–0351]

**Drawbridge Operation Regulation; Lewis and Clark River, Astoria, OR****AGENCY:** Coast Guard, DHS.**ACTION:** Notice of deviation from drawbridge regulation.

**SUMMARY:** The Coast Guard has issued a temporary deviation from the operating schedule that governs the Oregon State (Lewis and Clark River) Highway Bridge across the Lewis and Clark River, mile 1.0, at Astoria, OR. The deviation is necessary to accommodate bridge maintenance activities. This deviation allows the bridge to remain in the closed-to-navigation position and need not open to maritime traffic.

**DATES:** This deviation is effective from 7 a.m. on August 20, 2015 to 5 p.m. on October 30, 2015.

**ADDRESSES:** The docket for this deviation, [USCG–2015–0351] is available at <http://www.regulations.gov>. Type the docket number in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this deviation. You may also visit the Docket Management Facility in Room W12–140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

**FOR FURTHER INFORMATION CONTACT:** If you have questions on this temporary deviation, call or email Steven M. Fischer, Thirteenth Coast Guard District Bridge Program Administrator, telephone 206–220–7282, email [d13-pf-d13bridges@uscg.mil](mailto:d13-pf-d13bridges@uscg.mil). If you have questions on viewing the docket, call Cheryl Collins, Program Manager, Docket Operations, telephone 202–366–9826.

**SUPPLEMENTARY INFORMATION:** The Oregon Department of Transportation (ODOT) has requested that the Lewis and Clark River Bridge, mile 1.0, remain in the closed-to-navigation position, and need not open to vessel traffic Monday, Tuesday, Wednesday, Friday and Saturday. The bascule span will be available to open on Thursdays from 7 a.m. to 4 p.m., when given 3 hours advanced notice. The bridge will operate as normal on Sundays. The deviation is necessary to facilitate

bridge maintenance activities to include repairing and preserving the bascule drawbridge structural steel. The Lewis and Clark Bridge provides a vertical clearance of 17.3 feet above mean high water when in the closed-to-navigation position. The normal operating schedule of the Oregon State highway bridge can be found in 33 CFR 117.899(c). This deviation period is from 7 a.m. on August 20, 2015 to 5 p.m. on October 30, 2015. The deviation allows the bascule span of the Lewis and Clark River Bridge to remain in the closed-to-navigation position Monday, Tuesday, Wednesday, Friday and Saturday throughout the deviation period. In addition, the span will be in the closed-to-navigation position on Thursdays, but available to open from 7 a.m. to 4 p.m. when given 3 hours advanced notice. The bridge will operate as normal on Sundays in accordance with 33 CFR 117.899(c). Waterway usage on the Lewis and Clark River is primarily small recreational boaters and fishing vessels transiting to and from Astoria Marine Construction Company.

The bascule span of the bridge will have a containment system installed which will reduce the vertical clearance by 5 feet from 17.3 feet above mean high water to 12.3 feet above mean high water. Vessels able to pass through the bridge in the closed-to-navigation position may do so at any time. The bridge will be able to open for any emergency if a three-hour notice is given from 7 a.m. to 4 p.m. Monday through Saturday; on Sundays the bridge will be able to open in accordance with 33 CFR 117.899(c), and there is no immediate alternate route for vessels to pass. The Coast Guard will also inform the users of the waterways through our Local and Broadcast Notices to Mariners of the change in operating schedule for the bridge so that vessels can arrange their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: August 17, 2015.

## DEPARTMENT OF HOMELAND SECURITY

### Coast Guard

#### 33 CFR Part 165

[Docket Number USCG-2015-0718]

RIN 1625-AA00

#### Safety Zone; Cleveland National Air Show; Lake Erie and Cleveland Harbor, Cleveland, OH

**AGENCY:** Coast Guard, DHS.

**ACTION:** Temporary final rule.

**SUMMARY:** The Coast Guard is establishing a temporary safety zone on Lake Erie and Cleveland Harbor, Cleveland, OH. This safety zone is intended to restrict vessels from a portion of Lake Erie and Cleveland Harbor during the Cleveland National Air Show. This temporary safety zone is necessary to protect participants, spectators, and vessels from the hazards associated with aerial insertions and aircraft maneuvers.

**DATES:** This rule is effective from 2:20 p.m. on September 3, 2015 until 6 p.m. on September 7, 2015.

**ADDRESSES:** Documents mentioned in this preamble are part of docket [USCG-2015-0718]. To view documents mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov>, type the docket number in the "SEARCH" box and click "SEARCH." Click on Open Docket Folder on the line associated with this rulemaking. You may also visit the Docket Management Facility in Room W12-140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

**FOR FURTHER INFORMATION CONTACT:** If you have questions on this rule, call or email LT Stephanie Pitts, Chief of Waterways Management, U.S. Coast Guard Marine Safety Unit Cleveland; telephone 216-937-0128. If you have questions on viewing the docket, call Ms. Cheryl Collins, Program Manager, Docket Operations, telephone 202-366-9826 or 1-800-647-5527.

#### SUPPLEMENTARY INFORMATION:

##### Table of Acronyms

DHS Department of Homeland Security  
FR Federal Register  
NPRM Notice of Proposed Rulemaking  
TFR Temporary Final Rule

#### A. Regulatory History and Information

The Coast Guard is issuing this temporary final rule without prior

notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are "impracticable, unnecessary, or contrary to the public interest." Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because doing so would be impracticable and contrary to the public interest. The final details for this event were not known to the Coast Guard until there was insufficient time remaining before the event to publish an NPRM. Thus, delaying the effective date of this rule to wait for a comment period to run would be both impracticable and contrary to the public interest because it would inhibit the Coast Guard's ability to protect spectators and vessels from the hazards associated with a maritime fireworks display.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this temporary rule effective less than 30 days after publication in the **Federal Register**. For the same reasons discussed in the preceding paragraph, waiting for a 30 day notice period to run would be impracticable.

#### B. Basis and Purpose

The legal basis and authorities for this rule are found in 33 U.S.C. 1231; 50 U.S.C. 191; 33 CFR 1.05-1, 6.04-1, 6.04-6, and 160.5; and Department of Homeland Security Delegation No. 0170.1, which collectively authorize the Coast Guard to establish and define regulatory safety zones.

The Cleveland National Air Show has been taking place annually since 1964. During the 2015 show, as with shows in the past, there will be various high speed aerial and military tactical demonstrations on and over Burke Lakefront to include various maneuvers by U. S. Air Force Thunderbirds and civilian aircraft and by personnel on the Burke Lakefront Airport grounds. Specifically, this year's aerial and military tactical demonstrations will take place between 2:20 p.m. to 4:30 p.m. on September 3, 2015, 10:00 a.m. to 4:30 p.m. on September 4, 2015, and 8:00 a.m. to 6:00 p.m. on September 5, 2015 through September 7, 2015. A heavy amount of recreational boating traffic is expected for these demonstrations. The Captain of the Port Buffalo has determined that the maneuvers combined with a high concentration of recreational vessels
