Energy Conservation Program for Consumer Products: Test Procedures for Clothes Washers; Correction

AGENCY: Office of Energy Efficiency and Renewable Energy, Department of Energy.

ACTION: Final rule; correction.

SUMMARY: On August 5, 2015, the U.S. Department of Energy published a final rule amending the test procedures for clothes washers. This correction addresses a numbering error in the regulatory text, by which two provisions were inadvertently assigned the same section number. Neither the error nor the correction in this document affects the substance of the rulemaking or any of the conclusions reached in support of the final rule.

DATES: *Effective Date:* September 4, 2015.

SUPPLEMENTARY INFORMATION: The U.S. Department of Energy (DOE) published a final rule in the **Federal Register** on August 5, 2015 (“the August 2015 final rule”), amending the test procedures for clothes washers. 80 FR 46729. In the

rule, DOE made a drafting error in the regulatory text within section 3.10, *Energy consumption for the purpose of determining the cycle selection(s) to be included in the energy test cycle*, of Appendix J2 to subpart B of 10 CFR part 430, Uniform Test Method for Measuring the Energy Consumption of Automatic and Semi-automatic Clothes Washers. Specifically, DOE inadvertently designated two provisions as section 3.10.3 of that appendix. However, the substance of both provisions are correct and are to be retained in the test procedure. The effective date for this rule is September 4, 2015.

In order to remedy this error, DOE is renumbering the relevant provisions on page 46781 of the **Federal Register** in the August 2015 final rule at 80 FR 46729, as set forth below. The effective date of the August 2015 final rule at 80 FR 46729 remains September 4, 2015.

Correction

In FR Doc. 2014-18330 appearing on page 46729 in the issue of Wednesday, August 5, 2015, the following correction is made:

Appendix J2 to Subpart B of Part 430 [Corrected]

On page 46781, third column, section 3.10.4 is redesignated as 3.10.5, and the two sections 3.10.3 are redesignated as 3.10.3 and 3.10.4, respectively.

Issued in Washington, DC, on August 14, 2015.

Kathleen B. Hogan,

Deputy Assistant Secretary for Energy Efficiency, Energy Efficiency and Renewable Energy.

Energy Conservation Program for Consumer Products: Definitions and Standards for Grid-Enabled Water Heaters

AGENCY: Office of Energy Efficiency and Renewable Energy, Department of Energy.

ACTION: Final rule; technical correction.

SUMMARY: On August 11, 2015, the U.S. Department of Energy published a final rule in the **Federal Register** to place in the Code of Federal Regulations the energy conservation standards and related definitions that Congress prescribed for grid-enabled water heaters in the Energy Efficiency Improvement Act of 2015, which amended the Energy Policy and Conservation Act of 1975. Due to a drafting error, a numeral was omitted from the energy factor equation for grid-enabled water heaters. This document corrects that error.

DATES: *Effective:* September 21, 2015.

SUPPLEMENTARY INFORMATION:

I. Background

The U.S. Department of Energy (DOE) published a final rule in the **Federal Register** on August 11, 2015 (“the August 2015 final rule”) to place in the Code of Federal Regulations (CFR) the energy conservation standards and related definitions that Congress prescribed for grid-enabled water heaters in the Energy Efficiency Improvement Act of 2015 (EEIA 2015), which amended the Energy Policy and Conservation Act of 1975 (EPCA). 80 FR 48004. Since the publication of that final rule, it has come to DOE’s attention that, due to a drafting oversight, the August 2015 final rule incorrectly omitted a numeral in the equation to determine the energy factor for grid-enabled water heaters. This final rule corrects this error, adding the missing numeral.

II. Need for Correction

As published, the August 2015 final rule contains a typographical error in
