

constitutes the final decision of the BLM and makes the Approved RMP Amendment effective immediately.

ADDRESSES: Copies of the ROD/ Approved RMP Amendment are available upon request from the Field Manager, White River Field Office, Bureau of Land Management, 220 East Market Street, Meeker, CO 81641 or via the Internet at <http://www.blm.gov/co/st/en/fo/wrfo.html>.

FOR FURTHER INFORMATION CONTACT: Heather Sauls, Planning and Environmental Coordinator; telephone 970-878-3855; White River Field Office, 220 East Market Street, Meeker, CO 81641; email hsauls@blm.gov. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 to contact the above individual during normal business hours. The FIRS is available 24 hours a day, seven days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The WRFO has worked with the public, interest groups, stakeholders, cooperating agencies, tribes, the Northwest Colorado Resource Advisory Council, and neighboring BLM offices for the past nine years through the oil and gas amendment development process. The result is an Approved RMP Amendment for oil and gas development that seeks to provide for a level of oil and gas development that is appropriate to the Nation's energy needs in a responsible manner of multiple use that maintains the ecological integrity of the area and important natural, cultural, social and historical values.

Included as part of the RMP Amendment is the Dinosaur Trail Master Leasing Plan (MLP), which will minimize the impacts from oil and gas exploration and development to important natural resources and areas in that portion of the planning area, including the Dinosaur National Monument, Areas of Critical Environmental Concern (ACECs), and Wilderness Study Areas (WSAs). Impacts will be minimized by managing leasing opportunities in a phased approach and imposing controlled surface use stipulations for visual resources, night skies, and soundscapes.

While the WRFO Approved RMP Amendment for Oil and Gas Development contains some conservation management measures for Greater Sage-Grouse habitat, the Northwest Colorado BLM Greater Sage-Grouse Plan Amendment and Environmental Impact Statement (EIS)

fully analyzed applicable Greater Sage-Grouse conservation measures, including measures effecting lands within the WRFO. The BLM expects to make a comprehensive set of decisions for managing Greater Sage-Grouse on lands administered by the WRFO in the Record of Decision for the Northwest Colorado Greater Sage-Grouse Plan Amendment. That decision will amend the 1997 WRFO RMP, as needed, including any of the changes made to the 1997 WRFO as part of this Approved RMP Amendment for Oil and Gas Development. In the interim, leasing in Greater Sage-Grouse habitat will continue to be deferred until a final decision has been made on the Northwest Colorado Greater Sage-Grouse Plan Amendment. The BLM initiated scoping for the RMP Amendment in 2006 and collected information and public input via public meetings in order to develop the Draft RMP Amendment/Environmental Impact Statement (EIS) in August 2012. Based on public and agency comments, the BLM developed the Proposed RMP Amendment by combining various elements of all the alternatives considered in the Draft RMP Amendment/EIS. The BLM published the Proposed RMP Amendment/Final EIS on March 27, 2015 (80 FR 16424), and made it available for a 30-day public protest period. During the protest period for the Proposed RMP Amendment/Final EIS, the BLM received 11 protest letters on a variety of issues. From those protest letters, the BLM granted in part one protest regarding the requirement in BLM's ACEC Manual that the BLM conduct a timely evaluation of ACEC nominations. As explained in the ROD, the BLM will evaluate these nominated areas to determine whether they satisfy the relevance and importance criteria consistent with BLM's planning regulations and provide temporary (interim) management for those areas found to meet the criteria. The BLM included a timeline for conducting these evaluations in the ROD. The BLM also made minor editorial modifications to the Approved RMP Amendment to provide further clarification of some of the decisions.

BLM regulations also require a 60-day Governor's Consistency Review period for the Proposed RMP Amendment/Final EIS to review consistency with approved state or local plans, policies, or programs. The Governor did not identify any inconsistencies with approved state or local plans, policies, or programs.

Management decisions outlined in the Approved RMP Amendment apply only

to oil and gas exploration and development activities on BLM-administered lands in the WRFO Planning Area and do not address other resources or resource allocations, or authorize development of those resources. Approximately 1.7 million acres of Federal oil and gas mineral estate is open to leasing and would be subject to lease stipulations and other management actions developed during this planning effort (*i.e.*, BLM-leasable acres not associated with WSAs or surface estate managed by the National Park Service or U.S. Forest Service). Major decisions include adopting the Dinosaur Trail MLP; using thresholds to promote clustered development to allow for year-round drilling while reducing habitat loss due to behavioral avoidance by big game; using a tiered approach to managing lands with wilderness characteristics and identifying specific success criteria for reclamation.

The Approved RMP Amendment does not include implementation decisions that would be appealable to the Interior Board of Land Appeals under 43 CFR part 4, subpart E.

Authority: 40 CFR 1506.6.

Ruth Welch,

BLM Colorado State Director.

Notice of Intent To Amend the Resource Management Plan for the Headwaters Forest Reserve, California, and Prepare an Associated Environmental Assessment

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of intent.

SUMMARY: In compliance with the National Environmental Policy Act of 1969, as amended (NEPA), and the Federal Land Policy and Management Act of 1976, as amended, the Bureau of Land Management (BLM) Arcata Field Office, Arcata, California, intends to prepare a Resource Management Plan (RMP) amendment with an associated Environmental Assessment (EA) for the Headwaters Forest Reserve and by this notice is announcing the beginning of the scoping process to solicit public comments and identify issues. As the Headwaters Forest Reserve is jointly managed by the BLM and the California Department of Fish and Wildlife

(CDFW), the BLM and CDFW intend to concurrently prepare a negative declaration under the California Environmental Quality Act (CEQA).

DATES: This notice initiates the public scoping process for the RMP amendment with an associated EA. Comments on issues may be submitted in writing until September 23, 2015. The date(s) and location(s) of any scoping meetings will be announced at least 15 days in advance through local news media, newspapers and the BLM Web site at: <http://www.blm.gov/ca/st/en/fo/arcata/headwaters.html>. In order to be included in the analysis, all comments must be received prior to the close of the 30-day scoping period or 15 days after the last public meeting, whichever is later. We will provide additional opportunities for public participation as appropriate.

ADDRESSES: You may submit comments on issues and planning criteria related to the Headwaters Forest Reserve Resource Management Plan Amendment/EA by any of the following methods:

- *Email:* headwaters@blm.gov.
- *Fax:* 707-825-2301.
- *Mail:* 1695 Heindon Road, Arcata, CA 95521.

Documents pertinent to this proposal may be examined at the Arcata Field Office, 1695 Heindon Road, Arcata, CA.

FOR FURTHER INFORMATION CONTACT: Benjamin Blom, Headwaters Manager, 707-825-2300; 1695 Heindon Road, Arcata, CA 95521, bblom@blm.gov. Contact Mr. Blom to have your name added to our mailing list. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 800-877-8339, to contact the above individual during normal business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: This document provides notice that the BLM Arcata Field Office, Arcata, California, intends to prepare an RMP amendment with an associated EA for the Headwaters Forest Reserve, announces the beginning of the scoping process, and seeks public input on issues and planning criteria. As the Headwaters Forest Reserve is jointly managed by the BLM and the CDFW, the BLM and CDFW intend to concurrently prepare an EA under NEPA and a negative declaration under CEQA. The planning area is located in Humboldt County, California, and encompasses approximately 7,500 acres of public

land. The purpose of the public scoping process is to determine relevant issues that will influence the scope of the environmental analysis, including alternatives, and guide the planning process. Preliminary issues for the plan amendment area have been identified by BLM personnel; Federal, State, and local agencies; and other stakeholders. The issues include forest ecology, fuels, and wildlife habitat. Preliminary planning criteria are that: The plan amendment will focus exclusively on forest restoration and related programs in the Headwaters Forest Reserve; the plan amendment will be compatible with the existing plans and policies of local, State, and Federal agencies with an interest in the Headwaters Forest Reserve; the plan amendment will be consistent with the State of California Ecological Reserve Regulations; and that all proposed management actions and alternatives will consider current scientific information, research and technology, and inventory and monitoring information. You may submit comments on issues and planning criteria in writing to the BLM at any public scoping meeting, or you may submit them to the BLM using one of the methods listed in the **ADDRESSES** section above. To be most helpful, you should submit comments by the close of the 30-day scoping period or within 15 days after the last public meeting, whichever is later.

The BLM will utilize and coordinate the NEPA scoping process to help fulfill the public involvement process under the National Historic Preservation Act (54 U.S.C. 306108) as provided in 36 CFR 800.2(d)(3). The information about historic and cultural resources within the area potentially affected by the proposed action will assist the BLM in identifying and evaluating impacts to such resources.

The BLM will consult with Indian tribes on a government-to-government basis in accordance with Executive Order 13175 and other policies. Tribal concerns, including impacts on Indian trust assets and potential impacts to cultural resources, will be given due consideration. Federal, State, and local agencies, along with tribes and other stakeholders that may be interested in or affected by the proposed action that the BLM is evaluating are invited to participate in the scoping process and, if eligible, may request or be asked by the BLM to participate in the development of the environmental analysis as a cooperating agency. Before including your address, phone number, email address, or other personal identifying information in your

comment, you should be aware that your entire comment, including your personal identifying information, may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. The minutes and list of attendees for each scoping meeting will be available to the public and open for 30 days after the meeting to any participant who wishes to clarify the views he or she expressed. The BLM will evaluate identified issues to be addressed in the plan, and will place them into one of three categories:

1. Issues to be resolved in the plan amendment;
2. Issues to be resolved through policy or administrative action; or
3. Issues beyond the scope of this plan amendment.

The BLM will provide an explanation in the Draft Plan Amendment/EA as to why an issue was placed in category two or three. The public is also encouraged to help identify any management questions and concerns that should be addressed in the plan. The BLM will work collaboratively with interested parties to identify the management decisions that are best suited to local, regional, and national needs and concerns.

The BLM will use an interdisciplinary approach to develop the plan amendment in order to consider the variety of resource issues and concerns identified. Specialists with expertise in the following disciplines will be involved in the planning process: forest ecology, wildlife biology, fire and fuels management, fish biology, geology, botany, and hydrology.

Authority: 40 CFR 1501.7 and 43 CFR 1610.2.

Thomas Pogacnik,
Deputy State Director.
