

(CDFW), the BLM and CDFW intend to concurrently prepare a negative declaration under the California Environmental Quality Act (CEQA).

DATES: This notice initiates the public scoping process for the RMP amendment with an associated EA. Comments on issues may be submitted in writing until September 23, 2015. The date(s) and location(s) of any scoping meetings will be announced at least 15 days in advance through local news media, newspapers and the BLM Web site at: <http://www.blm.gov/ca/st/en/fo/arcata/headwaters.html>. In order to be included in the analysis, all comments must be received prior to the close of the 30-day scoping period or 15 days after the last public meeting, whichever is later. We will provide additional opportunities for public participation as appropriate.

ADDRESSES: You may submit comments on issues and planning criteria related to the Headwaters Forest Reserve Resource Management Plan Amendment/EA by any of the following methods:

- *Email:* headwaters@blm.gov.
- *Fax:* 707-825-2301.
- *Mail:* 1695 Heindon Road, Arcata, CA 95521.

Documents pertinent to this proposal may be examined at the Arcata Field Office, 1695 Heindon Road, Arcata, CA.

FOR FURTHER INFORMATION CONTACT: Benjamin Blom, Headwaters Manager, 707-825-2300; 1695 Heindon Road, Arcata, CA 95521, bblom@blm.gov. Contact Mr. Blom to have your name added to our mailing list. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 800-877-8339, to contact the above individual during normal business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: This document provides notice that the BLM Arcata Field Office, Arcata, California, intends to prepare an RMP amendment with an associated EA for the Headwaters Forest Reserve, announces the beginning of the scoping process, and seeks public input on issues and planning criteria. As the Headwaters Forest Reserve is jointly managed by the BLM and the CDFW, the BLM and CDFW intend to concurrently prepare an EA under NEPA and a negative declaration under CEQA. The planning area is located in Humboldt County, California, and encompasses approximately 7,500 acres of public

land. The purpose of the public scoping process is to determine relevant issues that will influence the scope of the environmental analysis, including alternatives, and guide the planning process. Preliminary issues for the plan amendment area have been identified by BLM personnel; Federal, State, and local agencies; and other stakeholders. The issues include forest ecology, fuels, and wildlife habitat. Preliminary planning criteria are that: The plan amendment will focus exclusively on forest restoration and related programs in the Headwaters Forest Reserve; the plan amendment will be compatible with the existing plans and policies of local, State, and Federal agencies with an interest in the Headwaters Forest Reserve; the plan amendment will be consistent with the State of California Ecological Reserve Regulations; and that all proposed management actions and alternatives will consider current scientific information, research and technology, and inventory and monitoring information. You may submit comments on issues and planning criteria in writing to the BLM at any public scoping meeting, or you may submit them to the BLM using one of the methods listed in the **ADDRESSES** section above. To be most helpful, you should submit comments by the close of the 30-day scoping period or within 15 days after the last public meeting, whichever is later.

The BLM will utilize and coordinate the NEPA scoping process to help fulfill the public involvement process under the National Historic Preservation Act (54 U.S.C. 306108) as provided in 36 CFR 800.2(d)(3). The information about historic and cultural resources within the area potentially affected by the proposed action will assist the BLM in identifying and evaluating impacts to such resources.

The BLM will consult with Indian tribes on a government-to-government basis in accordance with Executive Order 13175 and other policies. Tribal concerns, including impacts on Indian trust assets and potential impacts to cultural resources, will be given due consideration. Federal, State, and local agencies, along with tribes and other stakeholders that may be interested in or affected by the proposed action that the BLM is evaluating are invited to participate in the scoping process and, if eligible, may request or be asked by the BLM to participate in the development of the environmental analysis as a cooperating agency. Before including your address, phone number, email address, or other personal identifying information in your

comment, you should be aware that your entire comment, including your personal identifying information, may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. The minutes and list of attendees for each scoping meeting will be available to the public and open for 30 days after the meeting to any participant who wishes to clarify the views he or she expressed. The BLM will evaluate identified issues to be addressed in the plan, and will place them into one of three categories:

1. Issues to be resolved in the plan amendment;
2. Issues to be resolved through policy or administrative action; or
3. Issues beyond the scope of this plan amendment.

The BLM will provide an explanation in the Draft Plan Amendment/EA as to why an issue was placed in category two or three. The public is also encouraged to help identify any management questions and concerns that should be addressed in the plan. The BLM will work collaboratively with interested parties to identify the management decisions that are best suited to local, regional, and national needs and concerns.

The BLM will use an interdisciplinary approach to develop the plan amendment in order to consider the variety of resource issues and concerns identified. Specialists with expertise in the following disciplines will be involved in the planning process: forest ecology, wildlife biology, fire and fuels management, fish biology, geology, botany, and hydrology.

Authority: 40 CFR 1501.7 and 43 CFR 1610.2.

Thomas Pogacnik,
Deputy State Director.

Notice of Public Meeting, Dakotas Resource Advisory Council Meeting

AGENCY: Bureau of Land Management,
Interior.

ACTION: Notice of Public Meeting.

SUMMARY: In accordance with the Federal Land Policy and Management

Act (FLPMA) and the Federal Advisory Committee Act of 1972 (FACA), the U.S. Department of the Interior, Bureau of Land Management (BLM) Dakotas Resource Advisory Council (RAC) will meet as indicated below.

DATES: The Dakotas Resource Advisory Council meeting will be held on September 9, 2015 in Dickinson, North Dakota. When determined, the meeting place and time will be announced in a news release.

FOR FURTHER INFORMATION CONTACT:

Mark Jacobsen, Public Affairs Specialist, BLM Eastern Montana/Dakotas District, 111 Garryowen Road, Miles City, Montana 59301; (406) 233-2831; mjacobse@blm.gov. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-677-8339 to contact the above individual during normal business hours. The FIRS is available 24 hours a day, 7 days a week to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The 15-member council advises the Secretary of the Interior through the BLM on a variety of planning and management issues associated with public land management in North and South Dakota. At this meeting, topics will include: an Eastern Montana/Dakotas District report, North Dakota and South Dakota Field Office manager reports, Fort Meade trail work report, Lead shooting range report, Sturgis Rally briefing, individual RAC member reports and other issues the council may raise. All meetings are open to the public and the public may present written comments to the council. Each formal RAC meeting will also have time allocated for hearing public comments. Depending on the number of persons wishing to comment and time available, the time for individual oral comments may be limited. Individuals who plan to attend and need special assistance, such as sign language interpretation, tour transportation or other reasonable accommodations should contact the BLM as provided above.

Authority: 43 CFR 1784.4-2

Diane M. Frieze,

Eastern Montana/Dakotas District Manager.

Notice of Availability of the Record of Decision for the Grand Junction Field Office Approved Resource Management Plan/Final Environmental Impact Statement, Colorado

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of availability.

SUMMARY: The Bureau of Land Management (BLM) announces the availability of the Record of Decision (ROD) for the Approved Resource Management Plan (RMP) for the Grand Junction Field Office (GJFO) located in Mesa, Garfield, Montrose, and Rio Blanco counties, Colorado. The Colorado State Director signed the ROD on August 24, 2015, which constitutes the final decision of the BLM and makes the Approved RMP effective immediately.

ADDRESSES: Copies of the ROD and Approved RMP are available upon request from the Field Manager, GJFO, BLM, 2815 H Road, Grand Junction, CO 81506 or via the Internet at <http://www.blm.gov/co/st/en/fo/gjfo/rmp/rmp.html> under the "RMP Documents" link. Copies of the ROD and Approved RMP are available for public inspection at the GJFO (see address above) and the Mesa County libraries in Grand Junction, Collbran, De Beque, Fruita and Gateway, Colorado.

FOR FURTHER INFORMATION CONTACT:

Christina Stark, Planning and Environmental Coordinator; telephone 970-244-3027; GJFO (see address above); email cstark@blm.gov. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 to contact the above individual during normal business hours. The FIRS is available 24 hours a day, seven days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The GJFO has worked cooperatively with the public, interest groups, stakeholders, cooperating agencies, Native American tribes, the Northwest Colorado Resource Advisory Council, the Environmental Protection Agency, U.S. Forest Service, U.S. Fish and Wildlife Service, and neighboring BLM offices for the past seven years developing the approved RMP. The result is an Approved RMP that seeks to provide a balance between

the protection, restoration and enhancement of natural and cultural values, while allowing resource use and development in existing or reasonable locations. Goals and objectives focus on environmental, economic and social outcomes achieved by strategically addressing demands across the landscape. Management direction is broad to accommodate a variety of values and uses. Management decisions outlined in the Approved RMP apply only to BLM-managed surface lands (approximately 1,061,400 acres) and BLM-managed Federal mineral estate (approximately 1,231,300 acres) that lies beneath BLM-managed surface lands, and lands managed by other Federal, State, and private owners, including National Forest System lands.

The Approved RMP will replace the 1987 Grand Junction Resource Area RMP. The Approved RMP outlines goals, objectives, management actions and allowable uses for resources and land uses including, but not limited to: Air, soil, water, upland and riparian vegetation, fish and wildlife, cultural and paleontological resources, visual resources, recreation, livestock grazing, energy development, minerals, forestry and realty.

The BLM initiated scoping for the RMP revision in 2008 and collected information and public input via public meetings in order to develop the Draft RMP/Environmental Impact Statement (EIS), which was published in December 2012. Based on public and agency comments, the BLM developed the Proposed RMP by combining various elements of all the alternatives considered in the Draft RMP/EIS.

The BLM published the Proposed RMP/Final EIS on April 10, 2015, and made it available for a 30-day public protest period. During the protest period for the Proposed RMP/Final EIS, the BLM received 19 protests on a variety of issues. Following the protest resolution, the BLM made minor editorial modifications to the Approved RMP to provide further clarification on some of the decisions being made. The BLM dismissed all protests.

The BLM regulations also require a 60-day Governor's Consistency Review period for the Proposed RMP/Final EIS to ensure consistency with officially approved or adopted state or local government plans, policies or programs. The Governor did not identify any inconsistencies as part of this review.

While the Approved RMP contains some conservation management measures for the Greater Sage-Grouse habitat, final decisions on how to manage Greater Sage-Grouse habitat within the GJFO administrative
