SUPPLEMENTARY INFORMATION:

Background

Codex was established in 1963 by two United Nations organizations, the Food and Agriculture Organization (FAO) and the World Health Organization (WHO). Through adoption of food standards, codes of practice, and other guidelines developed by its committees, and by promoting their adoption and implementation by governments, Codex seeks to protect the health of consumers and ensure that fair practices are used in the food trade.

The Codex Committee on Food Hygiene is responsible for:

- (a) Drafting basic provisions on food hygiene applicable to all food;
- (b) Considering, amending if necessary, and endorsing provisions on hygiene prepared by Codex commodity committees and contained in Codex commodity standards;
- (c) Considering, amending if necessary, and endorsing provisions on hygiene prepared by Codex commodity committees and contained in Codex codes of practice unless, in specific cases, the Commission has decided otherwise;
- (d) Drafting provisions on hygiene applicable to specific food items or food groups, whether coming within the terms of reference of a Codex commodity committee or not;
- (e) Considering specific hygiene problems assigned to it by the Commission;
- (f) Suggesting and prioritizing topics on which there is a need for microbiological risk assessment at the international level and to develop questions to be addressed by the risk assessors; and
- (g) Considering microbiological risk management matters in relation to food hygiene, including food irradiation, and in relation to the risk assessment of FAO and WHO.

The CCFH is hosted by the United States.

Bureau of Economic Analysis

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

OMB Control Number: 0608-0034.

Form Number: BE-15.

Type of Request: Regular submission.

Estimated Number of Respondents: 4,800 annually, of which approximately 1,800 file A forms, 1,100 file B forms, 1,400 file C forms, and 500 file Claims for Exemption.

Estimated Total Annual Burden Hours: 87,450 hours. Estimated Time per Respondent: 18.2 hours per respondent (87,450 hours/4,800 respondents) is the average, but may vary considerably among

respondents because of differences in company structure, size, and complexity.

Needs and Uses: The Annual Survey of Foreign Direct Investment in the United States (Form BE-15) collects financial and operating data covering the operations of U.S. affiliates of foreign parents, including their balance sheets, income statements, property, plant and equipment, employment and employee compensation, merchandise trade, sales of goods and services, taxes, and research and development activity. The BE-15 is a sample survey that covers U.S. affiliates of foreign parents above a size-exemption level. The sample data are used to derive universe estimates in nonbenchmark years by extrapolating forward similar data reported in the BE-12, Benchmark Survey of Foreign Direct Investment in the United States, which is conducted every five years.

The data from the survey are primarily intended as general purpose statistics. They should be readily available to answer any number of research and policy questions related to foreign direct investment in the U.S.
