TTB F 5030.6 acts as both a customer authorization that provides TTB the authority to receive the financial information and as the required certification to the financial institution.

Type of Review: Extension of a currently approved collection.

1313(d). When such nonbeverage products are exported, the industry member submits TTB F 5100.4 and supporting documentation to TTB to claim the remaining \$1.00 per gallon of distilled spirits excise tax not previously claimed for domestic drawback. TTB certifies the form to show that the excise taxes were previously paid and not refunded. TTB then sends the certified form and supporting documents to the U.S. Customs and Border Protection to be processed and for the refund of the remaining \$1.00 per gallon paid in excise taxes. TTB keeps a copy of the form on file to compare with future submissions in order to prevent duplication.
