#### SUPPLEMENTARY INFORMATION:

##### I. Background

The Secretary of the Department of  
Health and Human Services (the  
Secretary) is required by section  
1833(t)(9)(A) of the Social Security Act  
(the Act), and section 222 of the Public  
Health Service Act (PHS Act) to consult  
with an expert outside advisory panel  
regarding the clinical integrity of the  
Ambulatory Payment Classification  
(APC) groups and relative payment  
weights that are components of the  
Medicare Hospital Outpatient  
Prospective Payment System (OPPS),  
and the appropriate supervision level  
for hospital therapeutic outpatient  
services. The Advisory Panel on  
Hospital Outpatient Payment (HOP, the  
Panel) is governed by the provisions of  
the Federal Advisory Committee Act  
(FACA) (Pub. L. 92-463), as amended (5  
U.S.C. Appendix 2), which sets forth  
standards for the formation and use of  
advisory panels. The Panel may  
consider data collected or developed by  
entities and organizations (other than  
the Department of Health and Human  
Services) as part of their deliberations.

The Charter provides that the Panel  
shall meet up to 3 times annually. We  
consider the technical advice provided  
by the Panel as we prepare the proposed  
and final rules to update the OPPS for  
the following Calendar Year (CY).

The Panel shall consist of a chair and  
up to 15 members who are full-time  
employees of hospitals, hospital  
systems, or other Medicare providers  
that are subject to the OPPS. For  
supervision deliberations, the Panel  
shall also include members that  
represent the interests of Critical Access  
Hospitals (CAHs), who advise the  
Centers for Medicare & Medicaid  
Services (CMS) only regarding the level  
of supervision for hospital outpatient  
therapeutic services. (For purposes of  
the Panel, consultants or independent  
contractors are not considered to be full-  
time employees in these organizations.)

The current Panel members are as  
follows:

Panel members serve on a voluntary  
basis, without compensation, according  
to an advance written agreement;  
however, for the meetings, CMS  
reimburses travel, meals, lodging, and  
related expenses in accordance with  
standard Government travel regulations.  
CMS has a special interest in ensuring,  
while taking into account the nominee  
pool, that the Panel is diverse in all  
respects of the following: Geography;  
rural or urban practice; race, ethnicity,  
sex, and disability; medical or technical  
specialty; and type of hospital, hospital  
health system, or other Medicare  
provider subject to the OPPS.

Based upon either self-nominations or  
nominations submitted by providers or  
interested organizations, the Secretary,  
or her designee, appoints new members  
to the Panel from among those  
candidates determined to have the  
required expertise. New appointments  
are made in a manner that ensures a  
balanced membership under the FACA  
guidelines. For 2016, we anticipate  
doing one solicitation for nominees. Our  
appointment schedule will assure that  
we have the full complement of  
members for each Panel meeting.  
Current members' terms expire at  
different times throughout the year;  
therefore, we will add new members  
throughout the year as terms expire.

##### II. Criteria for Nominees

The Panel must be fairly balanced in  
its membership in terms of the points of  
view represented and the functions to  
be performed. Each panel member must  
be employed full-time by a hospital,  
hospital system, or other Medicare  
provider subject to payment under the  
OPPS (except for the CAH members,  
since CAHs are not paid under the  
OPPS). All members must have  
technical expertise to enable them to  
participate fully in the Panel's work.  
Such expertise encompasses hospital  
payment systems; hospital medical care  
delivery systems; provider billing  
systems; APC groups; Current  
Procedural Terminology codes; and  
alpha-numeric Health Care Common  
Procedure Coding System codes; and  
the use of, and payment for, drugs,  
medical devices, and other services in

the outpatient setting, as well as other forms of relevant expertise. For supervision deliberations, the Panel shall have members that represent the interests of CAHs, who advise CMS only regarding the level of supervision for hospital outpatient therapeutic services.

It is not necessary for a nominee to possess expertise in all of the areas listed, but each must have a minimum of 5 years experience and currently have full-time employment in his or her area of expertise. Generally, members of the Panel serve overlapping terms up to 4 years, based on the needs of the Panel and contingent upon the rechartering of the Panel. A member may serve after the expiration of his or her term until a successor has been sworn in.

Any interested person or organization may nominate one or more qualified individuals. Self-nominations will also be accepted. Each nomination must include the following:

- Letter of Nomination stating the reasons why the nominee should be considered.
- Curriculum vitae or resume of the nominee that includes an email address where the nominee can be contacted.
- Written and signed statement from the nominee that the nominee is willing to serve on the Panel under the conditions described in this notice and further specified in the Charter.
- The hospital or hospital system name and address, or CAH name and address, as well as all Medicare hospital and or Medicare CAH billing numbers of the facility where the nominee is employee.

**BILLING CODE 4184-01-P**

*Description:* The Office of Head Start within the Administration for Children and Families, United States Department of Health and Human Services, is proposing to renew authority to collect information on funding for the purchase, construction or renovation of facilities. All information is collected electronically through the Head Start Enterprise System (HSES). The information required is in conformance with Section 644 (f) and (g) of the Act. Federal funding officials use the information to determine that the proposed purchase has resulted in savings when compared to the costs that would be incurred to acquire the use of an alternative facility, or that the lack of alternative facilities will prevent, or would have prevented, the operation of the program. The rule further describes the assurances which are necessary to protect the Federal interest in real property and the conditions under which federal interest may be subordinated and protected when grantees make use of debt instruments when purchasing facilities. The information is used by funding officials to determine if grantee's arrangements adequately conform to other applicable statutes which apply to the expenditure of public funds for the purchase of real property.

*Respondents:* Head Start and Early Head Start program grant recipients.
