

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

4. *Performance Measures:* Under the Government Performance and Results Act, Federal departments and agencies must clearly describe the goals and objectives of their programs, identify resources and actions needed to accomplish these goals and objectives, develop a means of measuring progress made, and regularly report on their achievement. One important source of program information is the annual project evaluation conducted under individual grants. To determine the overall effectiveness of projects funded under this competition, grantees must be prepared to measure and report on the following measures of effectiveness:

(a) The number and percentage of youths served by the JJ Reentry CTE Program that are enrolled in further education or training, post-release, such as:

- (1) Secondary education or other State-approved equivalent;
- (2) GED bridge program;
- (3) Postsecondary education; or
- (4) Workforce training program.

(b) The number and percentage of youths served by the JJ Reentry CTE Program that complete secondary education.

(c) The number and percentage of youths served by the JJ Reentry CTE Program that attain an industry-recognized credential, certificate, or degree.

(d) The number and percentage of youths served by the JJ Reentry CTE Program that seek and obtain employment after release.

(e) The number and percentage of youths served by the JJ Reentry CTE Program that are adjudicated within one year of release, as evidenced by rearrest, conviction for new offenses (as a juvenile or adult), and reincarceration.

In addition to these measures, applicants may establish interim or other measures that they think will be useful in measuring positive outcomes for participating youths, such as learning gains, continued enrollment in CTE courses that support the student's

career goals, desired changes in behavior, and other measures of positive youth gains. Grantees will be responsible for collecting and reporting data annually on the required performance measures as well as any other performance measures they choose to establish for this JJ Reentry CTE Program.

5. *Continuation Awards:* In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, the performance targets in the grantee's approved application. In making a continuation grant, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

SUPPLEMENTARY INFORMATION:
Title: FERC-915, Public Utility Market-Based Rate Authorization Holders—Records Retention Requirements.

OMB Control No.: 1902-0250.

Type of Request: Three-year extension of the FERC-915 information collection requirements with no changes to the reporting requirements.

Abstract: The Commission has the regulatory responsibility under section 205 of the Federal Power Act (FPA) to ensure that wholesale sales of electricity are just and reasonable and provided in a non-discriminatory manner. The Commission uses the information maintained by the respondents under FERC-915 to monitor the entities' sales, ensure that the prices are just and reasonable, maintain the integrity of the wholesale jurisdictional sales markets, and ensure that the entities comply with the requirements of the FPA and any orders authorizing market-based rate sales. FERC-915 information collection requirements are contained in 18 Code of Federal Regulations part 35.41(d).

Type of Respondents: Public Utility Market-Based Rate Authorization Holders.

*Estimate of Annual Burden:*¹ The Commission estimates the total Public Reporting Burden for this information collection as:

FERC-915: PUBLIC UTILITY MARKET-BASED RATE AUTHORIZATION HOLDERS—RECORD RETENTION REQUIREMENTS

	Number of respondents (1)	Annual number of responses per respondent (2)	Total number of responses (1)*(2) = (3)	Average burden & cost per response ² (4)	Total annual burden hours & total annual cost (3)*(4) = (5)	Cost per respondent (\$) (5) ÷ (1).
Electric Utilities With Market-Based Rate Authority	1,955	1	1,955	1 \$30.66	1,955 \$59,940	\$30.66

² The estimates for cost per response are derived using the following formula: Average Burden Hours per Response * \$30.66 per Hour = Average Cost per Response. The hourly cost figure comes from the Bureau of Labor Statistics Web site (<http://www.bls.gov/oes/current/naics22.htm>). The occupation title is "file clerk" and the occupation code is 43-4071. 69.4 percent of this cost is hourly wages. The rest of the cost is benefits (<http://www.bls.gov/news.release/ecec.nr0.htm>).

The total estimated annual cost burden to respondents is: \$416,293

• Labor costs: 1,955 hours * \$30.66/hour = \$59,940

• Record retention/storage cost for paper records (using an estimate of 48,891 cubic feet): \$315,792³

¹ The Commission defines burden as the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. For

further explanation of what is included in the information collection burden, reference 5 Code of Federal Regulations 1320.3.

³ The Commission bases this figure on industry archival storage costs.
