

trade compliance, and increase the overall efficiency of trade by segmenting risk and processing by account. This Program applies to importer participants who have satisfied C-TPAT supply chain security and trade compliance requirements. The Trusted Trader application will include questions about the following:

Name and contact information for the applicant;

Business information including business type, CBP Bond information, and number of employees;

Information about the applicant's Supply Chain Security Profile; and Trade Compliance Profile and Operating Procedures of the applicant.

CBP is developing an on-line application for the Trusted Trader Program which will be available through the C-TPAT portal. The draft Trusted Trader Program application may be viewed at: <http://www.cbp.gov/sites/default/files/documents/Trusted%20Trader%20Application.pdf>.

After an importer obtains Trusted Trader Program membership, the importer will be required to submit an Annual Notification Letter to CBP confirming that they are continuing to meet the requirements of the Trusted Trader Program. This letter should include: Personnel changes that impact the Trusted Trader Program; organizational and procedural changes; a summary of risk assessment and self-testing results; a summary of post-entry amendments and/or disclosures made to CBP; and any importer activity changes within the last 12-month period.

Current Actions: This submission is being made to revise the current information collection by adding the Trusted Trader Application and Annual Notification Letter. Proposed Low-Effect Habitat Conservation Plan, Southern California Gas Company, Pipeline 1010—Purisima, Santa Barbara County, California

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for comment.

SUMMARY: We, the U.S. Fish and Wildlife Service, have received an application from Southern California Gas Company for a 5-year incidental take permit under the Endangered Species Act of 1973, as amended. The application addresses the potential for "take" of the federally endangered California tiger salamander and the federally threatened California red-legged frog, likely to occur incidental to excavation and maintenance of a gas pipeline between Buellton and Lompoc, in Santa Barbara County, California. We invite comments from the public on the application package, which includes the low-effect habitat conservation plan (HCP) for the endangered California tiger salamander and the threatened California red-legged frog.
