

structure between the powerhouse and the lower reservoir, consisting of grouted steel casings within existing bedrock; (4) an 80-foot-wide by 300-foot-long by 40-foot-high underground powerhouse chamber; (5) an 40-foot-wide by 275-foot-long underground switchgear and equipment chamber; (6) 100 turbine-generators each rated at 2.4 megawatts; and (7) a 115-kilovolt (kV) transmission line approximately 1,000 feet long from the powerhouse to an existing transmission line. The estimated annual generation of the Lyon Mountain Project would be 421 gigawatt-hours.

Applicant Contact: Mr. James A. Besha, Albany Engineering Corporation, 5 Washington Square, Albany, NY 12205; phone: (518) 456-7712.

FERC Contact: Woohee Choi; phone: (202) 502-6336.

Deadline for filing comments, motions to intervene, competing applications (without notices of intent), or notices of intent to file competing applications: 60 days from the issuance of this notice. Competing applications and notices of intent must meet the requirements of 18 CFR § 4.36.

The Commission strongly encourages electronic filing. Please file comments, motions to intervene, notices of intent, and competing applications using the Commission's eFiling system at <http://www.ferc.gov/docs-filing/efiling.asp>. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/docs-filing/ecomment.asp>. You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov, (866) 208-3676 (toll free), or (202) 502-8659 (TTY). In lieu of electronic filing, please send a paper copy to: Secretary, Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426. The first page of any filing should include docket number P-14692-000.

More information about this project, including a copy of the application, can be viewed or printed on the "eLibrary" link of the Commission's Web site at <http://www.ferc.gov/docs-filing/elibrary.asp>. Enter the docket number (P-14692) in the docket number field to access the document. For assistance, contact FERC Online Support.

Dated: August 26, 2015.

Kimberly D. Bose,
Secretary.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9933-36—Region 1]

Notice of a Re-Opening of the Public Comment Period on Select Sections of the Draft Small Municipal Separate Storm Sewer System (MS4) NPDES General Permit—New Hampshire

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of reopening of a public comment period.

SUMMARY: The Director of the Office of Ecosystem Protection, EPA-New England, is reopening the public comment period for certain provisions of the draft National Pollutant Discharge Elimination System (NPDES) general permit for discharges from small Municipal Separate Storm Sewer Systems (MS4s) to certain waters of the State of New Hampshire, originally released as draft February 12, 2013. The reopened comment period applies to the following sections only: Section 2.1.1, Section 2.2 (including all subsections) and Section 2.3.6 (including all subsections), Appendix F (excluding attachments) and Appendix H (excluding attachments). The reopening of this notice is pursuant to 40 CFR 124.14.

DATES: Comment on the draft general permits must be received on or before November 2, 2015.

Any interested person may file a written response to material filed by any other person during this comment period. These must be received November 20, 2015.

Public Hearing Information: EPA will hold a public hearing, if necessary, in accordance with 40 CFR 124.12 and will provide interested parties with the opportunity to provide written and/or oral comments for the official administrative record.

ADDRESSES: Comments on the modified sections of the draft general permits shall be submitted by one of the following methods:

- (1) *Email:* tedder.newton@epa.gov or
- (2) *Mail:* Newton Tedder, US EPA—Region 1, 5 Post Office Square—Suite 100, Mail Code OEP06-4, Boston, MA 02109-3912

No facsimiles (faxes) will be accepted.

The draft permit is based on an administrative record available for public review at EPA—Region 1, Office of Ecosystem Protection, 5 Post Office Square—Suite 100, Boston, Massachusetts 02109-3912. A reasonable fee may be charged for copying requests. The statement of basis

for the modified sections of the draft general permit sets forth principal facts and the significant factual, legal, methodological and policy questions considered in the development of these sections of the draft permit and is available upon request. A brief summary is provided as **SUPPLEMENTARY INFORMATION** below.

FOR FURTHER INFORMATION CONTACT:

Additional information concerning the draft General Permits may be obtained between the hours of 9 a.m. and 5 p.m. Monday through Friday, excluding holidays, from Newton Tedder, Office of Ecosystem Protection, 5 Post Office Square—Suite 100, Boston, MA 02109-3912; telephone: 617-918-1038; email: tedder.newton@epa.gov.

SUPPLEMENTARY INFORMATION: All NPDES permits must be consistent with applicable state water quality standards and regulations. Since the release of the original draft general permit, NHDES has made changes to their water quality standards. On November 22, 2014, Env-Wq 1701.03, "Compliance Schedules in NPDES Permits" was adopted. The rule allows for compliance schedules to be included in NPDES permits. EPA has amended the language in Section 2.1.1, Section 2.2, and Appendix F and has added specific schedules leading to compliance with water quality standards consistent with Env-Wq 1701.03 and 40 CFR 122.47.

Additionally, EPA received numerous comments on Section 2.2 and Appendix H seeking clarity on the proposed requirements. Accordingly, EPA has revised Section 2.2 and Appendix H to provide clarity of permit requirements and certainty on applicability of permit provisions.

EPA also received multiple comments on Section 2.3.6 seeking clarification on requirements, closer adherence to state law and a reduced administrative burden. EPA has revised Section 2.3.6 to address these comments.

The proposed language changes to Section 2.1.1, Section 2.2, Section 2.3.6, Appendix F and Appendix H of the New Hampshire Draft Small MS4 Permit along with statement of basis for the proposed changes can be found at http://www.epa.gov/region1/npdes/stormwater/MS4_2013_NH.html. In addition, all comments received on the proposed language modifications will be posted on the same Web site.

A comprehensive summary of the basis for the all draft permit conditions including the applicable statutory and regulatory authority is included in the original fact sheet to the 2013 draft permit available at: <http://www.epa.gov/region1/npdes/stormwater/nh/2013/>

NHMS4-FactSheet-2013-WithAttachments.pdf. EPA will consider and respond to all significant comments on these reopened sections before taking final action. All persons, including applicants, who believe any of the proposed modifications identified in this notice are inappropriate must raise all reasonably ascertainable issues and submit all reasonably available arguments supporting their position by the close of the public comment period. Any supporting material which is submitted shall be included in full and may not be incorporated by reference, unless they are already a part of the administrative record in this proceeding, or consist of State or Federal statutes and regulations, EPA documents of general applicability, or other generally available reference materials.

Authority: This action is being taken under the Clean Water Act, 33 U.S.C. 1251 *et seq.*

Dated: August 25, 2015.

Deborah A. Szaro,

Deputy Regional Administrator, Region 1.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[A-1-FRL-9933-37-Region 1]

Clean Air Act Operating Permit Program; Petition To Object to the Title V Permit for Schiller Station; New Hampshire

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of final action.

SUMMARY: Pursuant to the Clean Air Act (CAA), the Environmental Protection Agency (EPA) Administrator signed an Order, dated July 28, 2015, partially granting and partially denying a petition to object to a state operating permit issued by the New Hampshire Department of Environmental Services (NHDES). The Order responds to a July 24, 2014 petition, relating to Public Service of New Hampshire's Schiller Station, a fossil fuel-fired power plant located in Portsmouth, New Hampshire. The petition was submitted by the Sierra Club. This Order constitutes final action on the petition requesting that the Administrator object to the issuance of the proposed CAA title V permit.

ADDRESSES: Copies of the final Order, the petition, and all pertinent information relating thereto are on file at the EPA Region 1's Boston office, John W. McCormack Post Office and Courthouse Building, 5 Post Office

Square, Boston, Massachusetts. The EPA requests that if at all possible, you contact the individual listed in the **FOR FURTHER INFORMATION CONTACT** section to view copies of the final Order, petition, and other supporting information. You may view the hard copies Monday through Friday, from 9 a.m. to 4:00 p.m., excluding Federal holidays. If you wish to examine these documents, you should make an appointment at least 24 hours before the visiting day. The final Order is also available electronically at the following Web site: <http://www.epa.gov/region07/air/title5/petitiondb/petitiondb.htm>.

FOR FURTHER INFORMATION CONTACT:

Patrick Bird, Air Permits, Toxics and Indoor Programs Unit, Environmental Protection Agency, EPA Region 1, (617) 918-1287, bird.patrick@epa.gov.

SUPPLEMENTARY INFORMATION: The CAA affords the EPA a 45-day period to review and object to, as appropriate, operating permits proposed by state permitting authorities. Section 505(b)(2) of the CAA authorizes any person to petition the EPA Administrator within 60 days after the expiration of this review period to object to a state operating permit if the EPA has not done so. Petitions must be based only on objections raised with reasonable specificity during the public comment period, unless the petitioner demonstrates that it was impracticable to raise these issues during the comment period or that the grounds for objection or other issues arose after the comment period. In the Schiller Station petition (numbered VI-2014-04), the Petitioner sought EPA objection on the following issues: (Claim A1) the SO₂ emission limits in the proposed permit fail to ensure that Schiller Station does not cause exceedences of the 2010 1-hour SO₂ National Ambient Air Quality Standard (NAAQS) in New Hampshire; (Claim A2) the SO₂ emission limits in the proposed permit are insufficient to protect air quality with respect to the 2010 1-hour SO₂ National Ambient Air Quality Standard (NAAQS) in Maine; (Claim B) the proposed permit fails to include emission limits for particulate matter (PM) less than 2.5 micrometers in diameter; (Claim C) the proposed permit fails to require continuous emissions monitoring to assure adequate monitoring of PM emissions. NHDES issued the final Schiller Station operating permit (permit no. TV-0053) on June 6, 2014. The Order explains the reasons behind the EPA's decision to partially grant and partially deny the petition for objection. Pursuant to section 505(b)(2) of the CAA, the Petitioner may seek judicial review of

those portions of the Schiller Station petition which the EPA denied in the United States Court of Appeals for the appropriate circuit. Any petition for review shall be filed within 60 days of this notice in accordance with the requirements of section 307 of the CAA.

Dated: August 19, 2015.

Debra A. Szaro,

Acting Regional Administrator, EPA Region 1.

BILLING CODE 6560-50-P

FEDERAL DEPOSIT INSURANCE CORPORATION

Notice to All Interested Parties of the Termination of the Receivership of 10456 Waukegan Savings Bank; Waukegan, Illinois

Notice is hereby given that the Federal Deposit Insurance Corporation ("FDIC") as Receiver for Waukegan Savings Bank, Waukegan, Illinois ("the Receiver") intends to terminate its receivership for said institution. The FDIC was appointed receiver of Waukegan Savings Bank on August 3, 2012. The liquidation of the receivership assets has been completed. To the extent permitted by available funds and in accordance with law, the Receiver will be making a final dividend payment to proven creditors.

Based upon the foregoing, the Receiver has determined that the continued existence of the receivership will serve no useful purpose. Consequently, notice is given that the receivership shall be terminated, to be effective no sooner than thirty days after the date of this Notice. If any person wishes to comment concerning the termination of the receivership, such comment must be made in writing and sent within thirty days of the date of this Notice to: Federal Deposit Insurance Corporation, Division of Resolutions and Receiverships, Attention: Receivership Oversight Department 36.4, 1601 Bryan Street, Dallas, TX 75201.

No comments concerning the termination of this receivership will be considered which are not sent within this time frame.

Dated: August 26, 2015.

Federal Deposit Insurance Corporation.

Robert E. Feldman,

Executive Secretary.
