5. Application for Circuit Court Law—20 CFR 404.985 & 416.1458—0960-0581. Persons claiming an acquiescence ruling (AR) would change SSA’s prior determination or decision must submit a written readjudication request with specific information. SSA reviews the information in the requests to determine

if the issues stated in the AR pertain to the claimant’s case, and if the claimant is entitled to readjudication. If readjudication is appropriate, SSA considers the issues the AR covers. Any new determination or decision is subject to administrative or judicial review as specified in the regulations.

Respondents are claimants for Social Security benefits and SSI payments who request readjudication. This information collection request is for the information claimants must provide to request readjudication.

Type of Request: Extension of an OMB-approved information collection.

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
AR-based Readjudication Requests	10,000	1	17	2,833

6. Certification of Prisoner Identity Information—20 CFR 422.107—0960-0688. Inmates of Federal, State, or local prisons may need a Social Security card as verification of their Social Security number for school or work programs, or as proof of employment eligibility upon release from incarceration. Before SSA can issue a replacement Social Security card, applicants must show SSA proof

of their identity. People who are in prison for an extended period typically do not have current identity documents. Therefore, under formal written agreement with the correctional institution, SSA allows prison officials to verify the identity of certain incarcerated U.S. citizens who need replacement Social Security cards. Information prison officials provide

comes from the official prison files, sent on correctional facility letterhead. SSA uses this information to establish the applicant’s identity in the replacement Social Security card process. The respondents are prison officials who certify the identity of prisoners applying for replacement Social Security cards.

Type of Request: Extension of an OMB-approved Information Collection.

Modality of completion	Number of respondents	Frequency of response	(Number of responses)	Average burden per response (minutes)	Estimated total annual burden (hours)
Verification of Prisoner Identity Statements	1,000	200	(200,000)	3	10,000

Please note that comments submitted in response to this Notice are public record. Before including any detailed personal information, you should be aware that your comments as submitted, including your personal information, will be available for public review.

Abstract of Proposed Collection

The Department's student internship programs provide a key source of potential candidates who have an interest in, and are competitive, to become future Department employees. Naturally, HR/REE wants to strengthen and maintain its connections to this group, fostering and mentoring a pool of candidates from which to obtain successful recruits.

In June 2008, HR/REE surveyed over 3,500 former interns who served from 2005 through spring 2008. The intern alumni were queried as to their motivation in seeking an internship, whether or not they had pursued a career with either the Foreign Service or Civil Service, and what their recommendations would be for the best ways for the Department to maintain contact after the conclusion of their internships. Intern alumni endorse continued contact with Department representatives mainly through electronic means and Web site reminders of career opportunities.

In an effort to address these findings and provide viable solutions to improving student engagement prior to, during and following an internship, the Department developed an intern engagement strategy that will

potentially result in a measurable conversion of interns into Department hires for the Foreign or Civil Service. The foundation of this strategy is INTERNational Connections, a Web-based career networking site for current and former interns as well as Department employees that collects pertinent information about them, their experiences and their career goals.

Methodology

Users register online at <https://internconnect.careers.state.gov> and create a profile that includes: Full name, program status, names of colleges you've attended, major/minor, where you're from, current post, year graduated, career goals and interests, personal interests, twitter handle, career path, bureau, job title, professional experience and languages you can speak. The sources of information are current and former interns, as well as Department employees.

Dated: August 26, 2015.

Derwood Staeben,

Director, HR/REE, U.S. Department of State.
