SUPPLEMENTARY INFORMATION:**I. Overview**

Pursuant to 49 U.S.C. 30118(d) and 30120(h) (see implementing rule at 49 CFR part 556), Baby Jogger submitted a petition for an exemption from the notification and remedy requirements of 49 U.S.C. Chapter 301 on the basis that this noncompliance is inconsequential to motor vehicle safety.

This notice of receipt of Baby Jogger's petition is published under 49 U.S.C. 30118 and 30120 and does not represent any agency decision or other exercise of judgment concerning the merits of the petition.

II. Child Restraints Involved

Affected are approximately 15,103 of the following Baby Jogger rear-facing infant seats and bases manufactured between November 3, 2014 and April 30, 2015:

- City GO Infant Car Seat/Model No. BJ64510
- City GO Infant Car Seat/Model No. BJ64529
- City GO Base for Infant Car Seat/Model No. BJ80400
- City GO Base for Infant Car Seat/Model No. BJ61500
- City Mini Infant Cars Seat/Stroller Travel System/Model No. BJ72510
- Vue Lite Infant Car Seat/Stroller Travel System/Model No. BJ70411
- Vue Lite Infant Car Seat/Stroller Travel System/Model No. BJ70424
- Vue Lite Infant Car Seat/Stroller Travel System/Model No. BJ70431

III. Noncompliances

Baby Jogger explains that the affected child restraints do not fully comply with the numerous paragraphs of FMVSS No. 213 for the following reasons:

Paragraph S5.5.2—The required information in English is no smaller than 10 point type, but the Spanish information is smaller at about 7 point type. This only applies to models BJ64510 and BJ64529.

Paragraph S5.5.2(d)—The “manufactured in address” on the label is in about 8 font which is smaller than the required 10 point type.

Paragraph S5.5.2(m)—The required “Child restraints could be recalled for safety reasons . . .” text is on a black background with white text instead of black text on a white background.

Paragraph S5.5.2(g)(1)—The label has the “Follow all instructions. . .” ahead of the “Secure this child restraint statement . . .” instead of the reverse order as required. This noncompliance only affects models BJ64510 and BJ64529.

Paragraph S5.5.2(n)—The label has “This child restraint is certified for use in motor vehicles and aircraft.” Other than the first word, no words other words are capitalized.

Paragraph S5.5.2.(k)(3)(ii)—The message area measures 23.4 square cm on models BJ70411, BJ70424 and BJ70431 which is less than the minimum required message area of 30 square cm.

Paragraph S5.5.2.(k)(3)(iii)—On models BJ70411, BJ70424 and BJ70431 the red circle on the required pictogram is 29mm in diameter which is less than the required 30mm in diameter.

Paragraph S5.6.1.7—The instruction manuals do not include reference to the required Web site in the section regarding child restraint recalls.

Paragraph S5.6.3—The instruction manuals do not include the required statement “A snug strap should not allow any slack . . .”

Paragraph S5.8.2(a)(1)—The electronic registration form does not have the required statement “FOR YOUR CHILD'S CONTINUED SAFETY . . .”

Paragraph S5.8.1(b)(2)—Figure 9a requires minimum 10% screen tint on the lower half of the form. The form is missing the required tinting.

Paragraph S8.1—No instructions for installing the system in an aircraft passenger seat were provided.

IV. Summary of Baby Jogger's Analyses

Baby Jogger organized its reasoning to substantiate inconsequentiality into the following five groupings that it believes are similar issues between the numerous noncompliances:

- a. Information Type Size/Capitalization/Presentation order
 - b. Background color
 - c. On-Product Label Message Area and Pictogram Sizes
 - d. Omitted Information
 - e. Spanish Language Type Size
- Refer to Baby Jogger's petition for their complete reasoning and associated

illustrations. To view the petition and all supporting documents log onto the Federal Docket Management System (FDMS) Web site at: <http://www.regulations.gov/>. Then follow the online search instructions to locate docket number “NHTSA–2015–0074.”

Baby Jogger additionally informed NHTSA that they have corrected all labeling noncompliances and that all future productions of the infant car seat/stroller systems and stand-alone units will be in full compliance with FMVSS No. 213.

In summation, Baby Jogger believes that the described noncompliance of the subject infant car seat/stroller systems and standalone units is inconsequential to motor vehicle safety, and that its petition, to exempt Baby Jogger from providing recall notification of noncompliance as required by 49 U.S.C. 30118 and remedying the recall noncompliance as required by 49 U.S.C. 30120 should be granted.

NHTSA notes that the statutory provisions (49 U.S.C. 30118(d) and 30120(h)) that permit manufacturers to file petitions for a determination of inconsequentiality allow NHTSA to exempt manufacturers only from the duties found in sections 30118 and 30120, respectively, to notify owners, purchasers, and dealers of a defect or noncompliance and to remedy the defect or noncompliance. Therefore, any decision on this petition only applies to the subject child restraints that Baby Jogger no longer controlled at the time it determined that the noncompliance existed. However, any decision on this petition does not relieve child restraint distributors and dealers of the prohibitions on the sale, offer for sale, or introduction or delivery for introduction into interstate commerce of the noncompliant child restraints under their control after Baby Jogger notified them that the subject noncompliance existed.

Information Collection Activities: Statutory Licensing and Consolidation Authority

AGENCY: Surface Transportation Board, DOT.

ACTION: 30-day notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act of 1995, 44 U.S.C. 3501–3519 (PRA), the Surface Transportation Board (Board) gives notice that it is requesting from the Office of Management and Budget (OMB) approval of an extension of the information collection—Statutory Licensing and Consolidation Authority—further described below. The Board previously published a notice about this collection in the **Federal Register**, 80 FR 38,508 (July 6, 2015). That notice allowed for a 60-day public review and comment period. One comment was received and is addressed in the agency’s submission to OMB as part of this approval process.

Under 49 U.S.C. 10901–03 and §§ 11323–26, rail carriers and non-carriers are required to file an application with the Board, or seek an exemption (through petition or notice) from the full application process under § 10502, before they may construct, acquire, or operate a line of railroad; abandon or discontinue operations over a line of railroad; or consolidate their interests through a merger or common-control arrangement. (The relevant information collections are described in more detail below.)

Comments are requested concerning: (1) The accuracy of the Board’s burden estimates; (2) ways to enhance the quality, utility, and clarity of the information collected; (3) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology, when appropriate; and (4) whether the collection of information is necessary for the proper performance of the functions of the Board, including whether the collection has practical utility.
