**SUPPLEMENTARY INFORMATION:**

**A. General**

The Privacy Act of 1974, (5 U.S.C. 552a) as amended by the Computer Matching and Privacy Protection Act of 1988, (Pub. L. 100–503), requires a Federal agency participating in a computer matching program to publish a notice in the **Federal Register** for all matching programs.

The Privacy Act, as amended, regulates the use of computer matching by Federal agencies when records contained in a Privacy Act System of Records are matched with other Federal or non-Federal agency records. It requires Federal agencies involved in computer matching programs to:

(1) Negotiate written agreements with the other agency or agencies participating in the matching programs;

(2) Obtain the approval of the matching agreement by the Data Integrity Boards (DIB) of the participating Federal agencies;

(3) Publish notice of the computer matching program in the **Federal Register**;

(4) Furnish detailed reports about matching programs to Congress and OMB;

(5) Notify applicants and beneficiaries that their records are subject to matching; and

(6) Verify match findings before reducing, suspending, terminating, or

denying a person's benefits or payments.

**B. RRB Computer Matches Subject to the Privacy Act**

We have taken appropriate action to ensure that this computer matching program complies with the requirements of the Privacy Act, as amended.

**Notice of Computer Matching Program: RRB and Commercial Employment Verification Providers**

*A. Name of Participating Agencies*

Railroad Retirement Board (RRB) and Commercial Employment Verification Providers.

*B. Purpose of the Matching Program*

The purpose of the RRB conducting matches with commercial employment verification providers is to ensure beneficiaries applying for and/or receiving benefits are entitled to them. We will conduct two types of matches. The first match will be daily online queries submitted when individuals apply for benefits under either the Railroad Retirement Act (RRA) or the Railroad Unemployment Insurance Act (RUIA). The second match will be batch processing (frequency to be determined) of those individuals who have applied for, or are receiving RRA or RUIA benefits.

*C. Authority for Conducting the Match*

The Railroad Retirement Board is authorized by the Railroad Retirement Act (RRA) of 1974, 45 U.S.C. 231(f), et. seq. and the Railroad Unemployment Insurance Act (RUIA), 45 U.S.C. 362, et. seq. to administer these benefit programs by paying benefits only to qualified beneficiaries.

*D. Categories of Records and Individuals Covered*

The RRB will provide a list of beneficiary social security numbers to the commercial employment verification provider to conduct the match. If there is a match, the commercial employment verification provider will notify the RRB with earnings and employment related information, specifically: Matched employees name, employer information (name, address, and identification number), and employer reported earnings.

The applicable RRB Privacy Act Systems of Records and their **Federal Register** citation used in the matching program are:

1. RRB–21, Railroad Unemployment and Sickness Insurance Benefit Systems; 80 FR 28016 (May 15, 2015), and

2. RRB–22, Railroad Retirement, Survivor, Pensioner Benefit System; 80 FR 28018 (May 15, 2015).

*E. Inclusive Dates of the Matching Program*

This matching program will become effective October 19, 2015, or 40 days after approval of the agreement, by the RRB DIB, is sent to Congress and the OMB, whichever date is later. The matching program will continue for 18 months after the effective date and may be extended for an additional 12 months, if the conditions specified in 5 U.S.C. 552a(o)(2)(D) have been met.

Dated: September 3, 2015.

By authority of the Board.

Commission designated a longer period within which to take action on the proposed rule change.<sup>4</sup> On August 24, 2015, the Exchange filed Amendment No. 1 to the proposed rule change.<sup>5</sup> The Commission is publishing this notice to solicit comments from interested persons on Amendment No. 1. Items I, II, and III below have been prepared by the Exchange.

### I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

CHX proposes to adopt and amend rules to implement CHX SNAP<sup>SM</sup>, an intra-day and on-demand auction service. The text of this proposed rule change is available on the Exchange's Web site at [http://www.chx.com/rules/proposed\\_rules.htm](http://www.chx.com/rules/proposed_rules.htm), at the principal office of the Exchange, and at the Commission's Public Reference Room.

### II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B and C below, of the most significant parts of such statements.

<sup>4</sup> See Securities Exchange Act Release No. 75630, 80 FR 48375 (Aug. 12, 2015). The Commission designated October 6, 2015 as the date by which it should either approve, disapprove, or institute proceedings to determine whether to disapprove the proposed rule change. See *id.*

<sup>5</sup> Amendment No. 1 is publicly available on the Commission's Web site at: <https://www.sec.gov/comments/sr-chx-2015-03/chx201503-1.pdf>. In Amendment No. 1, the Exchange proposes to amend the minimum size requirements for the following: (1) Limit orders marked Start SNAP for securities that do not have a special minimum size requirement; and (2) SNAP AOO Orders for securities that do not have a special minimum size requirement. In the Exchange's initial filing, it proposed tier-based minimum size requirements for Start SNAP and SNAP AOO Orders. See Notice, *supra* note 3, 80 FR 39174-75. In Amendment No. 1, the Exchange represents that it received feedback from certain Participants indicating that those tier-based minimum size requirements are counter-intuitive and would unnecessarily complicate the programming of those Participants' respective systems to automatically initiate and participate in SNAP Cycles. See Amendment No. 1, *supra*, at pg. 3. In response to that feedback, the Exchange states that it is proposing to simplify the minimum size requirements for Start SNAP and SNAP AOO Orders for securities without special minimum size requirements, as described below. See *infra*, Section 3.
