

and, therefore, no reviewable transactions, during the POR.⁴ No party commented on our preliminary results with respect to Samsung, and no additional information has been placed on the record to call into question those preliminary results. Accordingly, for the final results of this review, we continue to find that Samsung made no shipments of the subject merchandise during the POR.

Final Results of the Review

Based on our analysis of the comments received, we made changes to the weighted-average dumping margin calculation for Electrolux. Therefore, we are assigning the following weighted-average dumping margins for the period August 3, 2012, through January 31, 2014:

Manufacturer/exporter	Weighted-average dumping margin (percent)
Electrolux Home Products Corp. NV/Electrolux Home Products de Mexico, S.A. de C.V.	6.45

Disclosure and Public Comment

We intend to disclose the calculations performed within five days of the date of publication of this notice to parties in this proceeding in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act, and 19 CFR 351.212(b)(1), the Department has determined, and CBP shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. The Department intends to issue appropriate assessment instructions directly to CBP 15 days after publication of the final results of this administrative review.

For Electrolux, the Department calculated *ad valorem* importer-specific assessment rates equal to the total amount of dumping calculated for the importer's examined sales and the total entered value of those sales. Where an importer-specific assessment rate is zero or *de minimis* (*i.e.*, less than 0.5 percent), the Department will instruct CBP to liquidate these entries without regard to antidumping duties pursuant to 19 CFR 351.106(c)(2).

The Department clarified its "automatic assessment" regulation on

May 6, 2003.⁵ If applicable, this clarification will apply to entries of subject merchandise during the POR produced by Electrolux or Samsung, for which the company did not know that its merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate these entries at the all-others rate established in the less-than fair-value (LTFV) investigation, 36.52 percent,⁶ if there is no rate for the intermediary involved in the transaction. See *Assessment Policy Notice* for a full discussion of this clarification.

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of the notice of final results of administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for Electrolux will be equal to the weighted-average dumping margin established in the final results of this administrative review; (2) for merchandise exported by manufacturers or exporters not covered in this administrative review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently-completed segment; (3) if the exporter is not a firm covered in this review, a prior review, or the original LTFV investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recently-completed segment of this proceeding for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 36.52 percent, the all-others rate determined in the LTFV investigation.⁷ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement

could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Order

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Methodology

The Department is conducting this countervailing duty review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found countervailable, we determine that there is a subsidy, *i.e.*, a financial contribution by an “authority” that confers a benefit to the recipient, and that the subsidy is specific.⁴ Additionally, for certain subsidy programs, we are relying on the facts available, with adverse inferences, pursuant to sections 776(a) and (b) of the Act. For further information, see the Issues and Decision Memorandum.

Final Results of Administrative Review

As a result of this review, we determine the countervailable subsidy rates during the POR for the mandatory respondents to be:

Company	Subsidy rate (percent)
Samsung Electronics Co., Ltd	34.77
Daewoo Electronics Corporation	81.91

Assessment and Cash Deposit Requirements

In accordance with 19 CFR 351.212(b)(2), the Department intends to issue appropriate instructions to U.S. Customs and Border Protection (CBP) 15 days after publication of the final results of this review. The Department will instruct CBP to liquidate shipments of subject merchandise produced and/or exported by Daewoo and Samsung, entered or withdrawn from warehouse, for consumption from June 5, 2012, through December 31, 2013.

Pursuant to section 751(a)(2)(C) of the Act, the Department also intends to instruct CBP to collect cash deposits of estimated CVDs, in the amounts shown above for each of the respective companies shown above, on shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this

review. For all non-reviewed firms, we will instruct CBP to continue to collect cash deposits at the most-recent company-specific or all-others rate applicable to the company, as appropriate. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Administrative Protective Order

This notice also serves as a final reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

These final results are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.
