National Park Service

[NPS-PWR-PWRO-18359;PX.P0206452B.00.1]

Record of Decision for Wilderness Stewardship Plan, Sequoia and Kings Canyon National Parks, Fresno and Tulare Counties, California

AGENCY: National Park Service, Interior.

ACTION: Notice of Availability.

SUMMARY: The National Park Service (NPS) has prepared and approved a Record of Decision for the Final Environmental Impact Statement (EIS) and Wilderness Stewardship Plan (WSP) for Sequoia and Kings Canyon National Parks. Approval of the WSP culminates an extensive public engagement and environmental impact analysis effort that began in 2009. The legally required thirty-day no-action "wait period" was initiated on April 3, 2015, with the Environmental Protection Agency's **Federal Register** publication of the filing of the Final EIS.

ADDRESSES: Those wishing to review the Record of Decision may obtain a copy by submitting their request to the Superintendent, Sequoia and Kings Canyon National Parks, 47050 Generals Highway, Three Rivers, CA 93271.

FOR FURTHER INFORMATION CONTACT: Woody Smeck, Superintendent, (559) 565-3100.

SUPPLEMENTARY INFORMATION: On April 26, 2011, a Notice of Intent to prepare an EIS for the WSP was published in the **Federal Register**. The NPS developed the WSP/EIS with substantial input and participation from the public. The park hosted 16 public meetings and presentations (including one webinar) and received over 1,300 written public comments throughout the public scoping period and public review of the

Draft WSP/EIS (released for sixty-day review period on July 1, 2014). The NPS consulted with park partners; traditionally associated American Indian tribes and groups; the State Historic Preservation Officer; and other federal and state agencies. The U.S. Forest Service was a cooperating agency in the planning process.

The Final WSP/EIS (released on April 3, 2015) evaluated the environmental consequences of four action alternatives and a no-action alternative. These alternatives described five different ways to provide appropriate types and levels of access for visitors and authorized users, preserve wilderness character, protect cultural and natural resources, and adhere to legally required management and preservation objectives.

Alternative 2, the management-preferred alternative, has been selected for implementation. It provides a targeted approach to preserving wilderness character by focusing on those areas where conditions warrant management actions. Alternative 2 allows for current types and levels of use, and builds on existing management practices to protect wilderness character and the natural and cultural resources in the parks. The goal of Alternative 2 is to encourage wilderness use and minimize restrictions while preserving wilderness character. Alternative 2 recommends a 691-mile designated trail system (mirrors current conditions), of which 650 miles (95 percent) are open to stock. Approximately 41 miles of trails are closed to stock for visitor safety and protection of natural and cultural resources. Meadows in areas open to stock are available for grazing under a meadow management program with limited exceptions. Seven meadows are closed to grazing along the Pacific Crest Trail and High Sierra Trail to protect scenery for public enjoyment.

Dated: September 1, 2015.

Martha J. Lee,

Acting Regional Director, Pacific West Region.

DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

[15XR5173F7, RR02142500, RX.12056050.0000004]

Notice of Availability for the Final Environmental Impact Statement for the North Valley Regional Recycled Water Program

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice.

SUMMARY: The Bureau of Reclamation has made available the North Valley Regional Recycled Water Program Final Environmental Impact Statement (EIS). The North Valley Regional Recycled Water Program would provide recycled water from the Cities of Turlock and Modesto via the Central Valley Project's Delta-Mendota Canal to Del Puerto Water District for irrigation purposes, and would further provide annual supplemental water to south of the Sacramento-San Joaquin River Delta Central Valley Project Improvement Act-designated wildlife refuges.

DATES: The Bureau of Reclamation will not make a decision on the proposed action until at least 30 days after release of the Final EIS. After the 30-day waiting period, Reclamation will complete a Record of Decision (ROD). The ROD will state the action that will be implemented and will discuss all factors leading to the decision.

ADDRESSES: To request a compact disc of the Final EIS, please contact Ms. Rain Emerson, Bureau of Reclamation, 1243 N Street, Fresno, California 93721; telephone at (559) 487-5196; or via email at remerson@usbr.gov.

The Final EIS may be viewed at the Bureau of Reclamation's Web site at http://www.usbr.gov/mp/nepa/nepa_projdetails.cfm?Project_ID=17241, or at the following locations:

1. Bureau of Reclamation, South-Central California Area Office, 1243 N Street, Fresno, CA 93721.
2. Natural Resources Library, U.S. Department of the Interior, 1849 C Street NW., Main Interior Building, Washington, DC 20240-0001.

FOR FURTHER INFORMATION CONTACT: Ms. Rain Emerson, Supervisory Natural Resources Specialist, Bureau of Reclamation, via email at remerson@usbr.gov, or at (559) 487-5196; or Mr. Scott Taylor, Repayment Specialist, Bureau of Reclamation, via email at staylor@usbr.gov, or at (559) 487-5504.

SUPPLEMENTARY INFORMATION: The Del Puerto Water District (Del Puerto WD) and the Cities of Turlock and Modesto
