A network of non-profit organizations that are committed to protecting workers and their communities by delivering high-quality, peer-reviewed safety and health curricula to target populations of hazardous waste workers and emergency responders has been developed. In twenty-eight years (FY 1987–2015), the NIEHS Worker Training program has successfully supported 20 primary grantees that have trained more than 3.3 million workers across the country and presented over 194,000 classroom and hands-on training courses, which have accounted for nearly 39 million contact hours of actual training.
