

ENVIRONMENTAL PROTECTION AGENCY**40 CFR Part 52**

[EPA-R04-OAR-2015-0313; FRL-9934-49-Region 4]

Approval and Promulgation of Implementation Plans for the State of Alabama: Cross-State Air Pollution Rule**AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Withdrawal of direct final rule.

SUMMARY: Due to adverse comments received, the Environmental Protection Agency (EPA) is withdrawing the direct final approval of a revision to the Alabama State Implementation Plan (SIP), submitted by the State of Alabama, through the Alabama Department of Environmental Management (ADEM) on March 27, 2015. EPA stated in the direct final rule that if EPA received adverse comments by August 26, 2015, the direct final rule would be withdrawn and not take effect.

DATES: This withdrawal is effective September 22, 2015.**FOR FURTHER INFORMATION CONTACT:**

SUPPLEMENTARY INFORMATION: On July 27, 2015, EPA published direct final and proposed rulemaking notices to approve a SIP revision submitted by the State of Alabama through ADEM on March 27, 2015. See 80 FR 44292 and 80 FR 44320. Alabama's March 27, 2015, SIP revision provides state-determined allowance allocations for existing electric generating units in Alabama for the 2016 control periods and replaces the allowance allocations for the 2016 control periods established by EPA under the Cross-State Air Pollution Rule (CSAPR). The CSAPR addresses the "good neighbor" provision of the Clean Air Act that requires states to reduce the transport of pollution that significantly affects downwind nonattainment and maintenance areas. In the July 27, 2015, notices, EPA stated that if adverse comments were received by August 26, 2015, EPA would publish a notice in the *Federal Register* withdrawing the final rule and informing the public that the

rule would not take effect. EPA received a single adverse comment on the proposed rulemaking and is withdrawing the direct final rule. EPA will address the adverse comment in a final action based upon the proposed rulemaking action published on July 27, 2015 (80 FR 44320). As stated in the proposed rulemaking, EPA will not institute a second comment period on this action.

Approval and Promulgation of Implementation Plans for the State of Alabama: Cross-State Air Pollution Rule**AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Final rule.

SUMMARY: The Environmental Protection Agency (EPA) is taking final action to approve the State of Alabama's March 27, 2015, State Implementation Plan (SIP) revision, submitted by the Alabama Department of Environmental Management (ADEM). This SIP revision provides Alabama's state-determined allowance allocations for existing electric generating units (EGUs) in the State for the 2016 control periods and replaces the allowance allocations for the 2016 control periods established by EPA under the Cross-State Air Pollution Rule (CSAPR). The CSAPR addresses the "good neighbor" provision of the Clean Air Act (CAA or Act) that requires states to reduce the transport of pollution that significantly affects downwind air quality. In this final action, EPA is approving Alabama's SIP

revision, incorporating the state-determined allocations for the 2016 control periods into the SIP, and amending the regulatory text of the CSAPR Federal Implementation Plan (FIP) to reflect this approval and inclusion of the state-determined allocations. EPA's allocations of CSAPR trading program allowances for Alabama for control periods in 2017 and beyond remain in place until the State submits and EPA approves state-determined allocations for those control periods through another SIP revision. The CSAPR FIPs for Alabama remain in place until such time as the State decides to replace the FIPs with a SIP revision.

DATES: This rule will be effective September 22, 2015.
