**Agency Information Collection Activities; Proposed Revisions to a Currently Approved Information Collection (OMB Control Number 1006-0015)**

**AGENCY:** Bureau of Reclamation, Interior.

**ACTION:** Notice and request for comments.

**SUMMARY:** We, the Bureau of Reclamation, intend to submit a request for renewal (with revisions) of an existing approved information collection to the Office of Management and Budget (OMB) titled, Diversions, Return Flow, and Consumptive Use of Colorado River Water in the Lower Colorado River Basin, OMB Control Number 1006-0015.

Box 61470, Boulder City, NV 89006, or via email to [pmatuska@usbr.gov](mailto:pmatuska@usbr.gov).

**FOR FURTHER INFORMATION CONTACT:** Paul Matuska at 702-293-8164.

**SUPPLEMENTARY INFORMATION:**

**I. Abstract**

The Bureau of Reclamation delivers Colorado River water to water users for diversion and beneficial consumptive use in the States of Arizona, California, and Nevada. The Consolidated Decree of the United States Supreme Court in the case of *Arizona v. California, et al.*, entered March 27, 2006 (547 U.S. 150 (2006)), requires the Secretary of the Interior to prepare and maintain complete, detailed, and accurate records of diversions of water, return flow, and consumptive use and make these records available at least annually. The information collected ensures that a State or a water user within a State does not exceed its authorized use of

Colorado River water. Water users are obligated by provisions in their water delivery contracts to provide Reclamation information on diversions and return flows. Reclamation determines the consumptive use by subtracting return flow from diversions or by other engineering means.

**II. Changes to Use Data Reports**

The Form LC-72, Record of Water Diverted From Lake Mead and/or the Colorado River for Use in the State of Nevada, is no longer needed because the water entitlement holder who used the form is no longer able to withdraw water from the Colorado River.
