52444). The revision must provide for individual assessment of drivers with diabetes mellitus, and be consistent with the criteria described in section 4018 of the Transportation Equity Act for the 21st Century (49 U.S.C. 31305).

Section 4129 requires: (1) Elimination of the requirement for 3 years of experience operating CMVs while being treated with insulin; and (2) establishment of a specified minimum period of insulin use to demonstrate stable control of diabetes before being allowed to operate a CMV.

In response to section 4129, FMCSA made immediate revisions to the diabetes exemption program established by the September 3, 2003 notice. FMCSA discontinued use of the 3-year driving experience and fulfilled the requirements of section 4129 while continuing to ensure that operation of CMVs by drivers with ITDM will achieve the requisite level of safety required of all exemptions granted under 49 U.S.C. 31136(e).

Section 4129(d) also directed FMCSA to ensure that drivers of CMVs with ITDM are not held to a higher standard than other drivers, with the exception of limited operating, monitoring and medical requirements that are deemed medically necessary.

The FMCSA concluded that all of the operating, monitoring and medical requirements set out in the September 3, 2003 notice, except as modified, were in compliance with section 4129(d). Therefore, all of the requirements set out in the September 3, 2003 notice, except as modified by the notice in the Federal Register on November 8, 2005 (70 FR 67777), remain in effect.

SUPPLEMENTARY INFORMATION: ATA applied for an administrative determination concerning whether Federal hazardous material transportation law, 49 U.S.C. 5101 et seq., preempts requirements of the New York City Fire Department for a permit to transport certain hazardous materials by motor vehicle through New York City, or for transshipment from New York City, and the fee for the permit. PHMSA published notice of ATA’s application in the Federal Register on April 17, 2014. 79 FR 21838. On June 2, 2014, the comment period closed without any initial partial submitting comments. On April 27, 2015, we published a notice of delay in
processing ATA’s application in order to conduct additional fact-finding and legal analysis in response to the application. 80 FR 23328. In order to ensure PHMSA has all of the relevant information before making a determination, we sent a letter to the FDNY and requested that it submit comments as to whether Federal hazardous material transportation law preempts the New York City requirements that are the subject of this proceeding. On August 20, 2015, the FDNY submitted its comments on ATA’s application. Therefore, we are reopening the comment period in this proceeding to provide interested parties the opportunity to address any of the issues raised by the FDNY in its comments.

Issued in Washington, DC, on September 25, 2015.

Senior Assistant Chief Counsel.
