

*Needs and Uses:* One of the functions of the Universal Service Administrative Company (USAC) is to provide a means for the billing, collection and disbursement of funds for the universal service support mechanisms. On October 1998, the OMB approved FCC Form 498, the "Service Provider Information Form" to enable USAC to collect service provider name and address, telephone number, Federal Employer Identification Number (EIN), contact names, contact telephone numbers, and remittance information. FCC Form 498 enables participants to request a Service Provider Identification Number (SPIN) and provides the official record for participation in the universal service support mechanisms. The remittance information provided by participants on FCC Form 498 enables USAC to make payments to participants in the universal service support mechanisms.

The following proposed revisions have been made to the FCC Form 498 for which we seek OMB approval:

- Form name changed to "Service Provider and Billed Entity Identification Number and Contact Information Form";
- Added an additional field in block 3 for a company's Federal Registration Number (FRN);
- Added a column for the Study Area Code Company Name in block 8;
- Added the ability for a carrier to designate an alternate bank account for the payment of BEAR funds in block 11;
- Added a box in block 1 and a supplemental information sheet to allow respondents to include information about affiliates;
- Updated the Principal Communications Types in block 14 to include additional business types as listed on the FCC Form 499-A; and
- Added a box after every program on the form that will allow service providers to cease participation in the associated program without having to deactivate their entire SPIN.

Corresponding adjustments were made to the instructions to reflect the proposed changes to the FCC Form 498. The information collected on the FCC Form 498 is used by USAC to disburse federal universal service support consistent with the specifications of eligible participants in the universal service programs. FCC Form 498 submissions also provide USAC with updated contact information so that USAC can contact universal service fund participants when necessary. Without such information, USAC would not be able to distribute support to the proper entities and this would prevent the Commission from fulfilling its

statutory responsibilities under the Act to preserve and advance universal service.
