SUPPLEMENTARY INFORMATION: The Post-Katrina Emergency Management Reform Act of 2006 (PKEMRA), in Title VI of the DHS Appropriations Act of 2007, Public Law 109-295, Section 689c, 120 Stat. 1355 at 1451 is the legal basis for FEMA to provide a National Emergency Family Registry and Locator System (NEFRLS). NEFRLS allows adults (including medical patients), displaced by a Presidentially declared major disaster or emergency, to voluntarily register by submitting personal information into a database that can be used by others to help reunify them with their families. Children who are traveling with their families during a Presidentially declared major disaster or emergency can be listed in NEFRLS. NEFRLS allows a registrant to designate up to 7 individuals who are authorized to search for and access the registrant's information in the system. The ability to list children within NEFRLS is only to indicate which family members are together and safe.
