**SUPPLEMENTARY INFORMATION:** This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

The **Federal Register** notice that solicited public comment on the information collection for a period of 60 days was published on July 31, 2015 at 80 FR 45676.

**A. Overview of Information Collection**

*Title of Information Collection:* Public/Private Partnerships for the Mixed-Finance Development of Public Housing Unit.

*OMB Approval Number:* 2577-0275.

*Type of Request:* Reinstatement with change of a previously approved collection.

*Form Number:* HUD-50156, HUD-50157, HUD-50158, HUD-50159, HUD-50160 and HUD-50161.

*Description of the need for the information and proposed use:* The Quality Housing and Work Responsibility Act of 1998 (Pub. L. 195-276, approved October 21, 1998), also known as the Public Housing Reform Act, created Section 35 of the U.S. Housing Act of 1937, 42 U.S.C. 1437. Section 35 allows PHAs to own, operate, assist or otherwise participate in the development and operation of mixed-finance projects. Mixed-finance development refers to the development or rehabilitation of public housing, where the public housing units are owned in whole or in part by an entity other than a PHA. Prior to this, all public housing had to be developed and owned by a Public Housing Authority (PHA).

However, Section 35 allowed PHAs to provide Section 9 capital and operating assistance to mixed-finance projects, which are also financially assisted by private and other resources. Private and other resources include tax credit equity, private mortgages and other federal, state or local funds. Section 35 also allows non-PHA owner entities to own and operate mixed-finance projects that contain both public housing and non-public housing units, or only public housing units. Along with public housing unit development, mixed-finance real estate development or rehabilitation transactions are used to extend public housing appropriations in housing development and to develop mixed-income housing, where public housing residents are anonymously mixed in with affordable and market rate housing residents.

In order to approve the development of mixed-finance projects, HUD collects certain information from each PHA/Ownership Entity. Under current regulations, HUD collects and reviews

the essential documents included in this ICR in order to determine whether or not approval should be given. After approval is given and the documents are recorded by the associated county, HUD collects the recorded versions of the documents in this ICR, along with all financing and legal agreements that the PHA/owner entity has with HUD and with third-parties in connection with that mixed-finance project. This includes unique legal documents along with standardized forms and "Certifications and Assurances," which are not exempted under PRA. Regulations for the processing of mixed-finance public housing projects are at 24 CFR part 905 subpart F (§ 905). § 905 has replaced 24 CFR part 941 Subpart F, which was cited in the supporting statement for the previous OMB approval of this information collection.

This information is collected to ensure that the mixed-finance development effort has sufficient funds to reach completion, remain financially viable, and follow HUD legal and programmatic guidelines for housing project development or rehabilitation, ownership and use restrictions, as well as preserving HUD's rights to the project.

PHAs must provide information to HUD before a proposal can be approved for mixed-finance development. Information on HUD-prescribed forms and in HUD-prescribed contracts and agreements provides HUD with sufficient information to enable a determination that funds should or should not be reserved or a contractual commitment made. Regulations at 24 CFR part 905.606, "Development Proposal" states that a Mixed-finance Development Proposal (Proposal) must be submitted to HUD in order to facilitate approval of the development of public housing. The subpart also lists the information that is required in the Proposal. The documentation required is submitted using the collection documents (ICs) in this ICR.

*Members of affected public:* Public Housing Agencies, Developers.

**SUPPLEMENTARY INFORMATION:** This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

**A. Overview of Information Collection**

*Title of Information Collection:* Certified Housing Counselor Registration.

*OMB Approval Number:* 2502—NEW.

*Type of Request:* New.

*Form Number:* N/A.

*Description of the need for the information and proposed use:* Pursuant to Section 1445 of the Dodd-Frank Act, all individuals providing homeownership or rental housing counseling related to HUD programs must be HUD-certified housing counselors. To become certified, a housing counselor must pass a written examination. HUD established a Housing Counselor Certification Exam and training program, as mandated by Subtitle D of title XIV of the Dodd-Frank Wall Street Reform and Consumer Protection Act (Pub. L. 111-203, 124 Stat. 1376 (July 21, 2010)) (Dodd-Frank Act), and created a Web site for individuals to register for the examination and training. To track individuals using the training, successful passage of the examination, and eligibility for certification, the Web site has a registration requirement. Registration through HUD’s certification contractor’s Web site for the on-line training will require name, city, state, telephone number, email address, occupation, if employer is a HUD-participating housing counseling agency, and a HUD Housing Counseling System number. Registration for the practice and certification examinations through this system will require, in addition to the information for general registration, a full mailing address, social security number, language(s) housing counseling services are provided in if registrant is a housing counselor, and optional demographic data (race, ethnicity, gender). Collection of social security numbers is required for linking the individual’s information to HUD’s FHA Connection system, so HUD can verify applicants are employed by participating agencies. HUD estimates the collection of this information to average five minutes for each individual that registers for the on-line training, practice examination, and certification examination. Public reporting burden for this collection of information is estimated to average 1,700 hours per year.

*Respondents:* Individuals.
