DoDEA's accreditation process is based on the processes and standards of the North Central Association Commission on Accreditation and School Improvement (NCA CASI)/AdvancED. As part of the accreditation process, the interview team uses a worldwide standardized set of questions to gather data from students and parents to assess accreditation standards in the following areas: Vision and Purpose, Governance and Leadership, Teaching and Learning, Documenting and Using Results, Resources and Support Systems, Stakeholder Communications and Relationships, and Commitment to Continuous Improvement.

NCA CASI/AdvancED is the largest accreditation organization in the United States, covering 30 states and 65 countries. As part of the accreditation process, NCA CASI/AdvancED conducts Quality Assurance Review (QAR) visits to DoDEA schools in February and April of each year on a rotating schedule that ensures that each school is evaluated within a 5-year cycle. The visits are two days in length in order to gather data, information, and evidence to accomplish the following:

- Evaluate adherence to the AdvancED standards;
- Provide high quality feedback in the form of commendations and recommendations; and
- Determine an accreditation status recommendation.

The Quality Assurance Review team's interview process includes students and parents/guardians. The purpose of the interview session is to help the Quality Assurance Review team gain a deeper understanding of the school improvement process. The review team uses the information to review how well each school is progressing, provide commendations on areas in which each school is excelling, and recommendations that will help each school continuously improve. The review team also uses the information gathered to make an accreditation status recommendation at the end of the visit.
