

Incentive Program. It also consolidates aspects of the PQRS, VM, and EHR Incentive Program into the new MIPS. Additionally, section 101 of the MACRA promotes the development of Alternative Payment Models (APMs) by providing incentive payments for certain eligible professionals (EPs) who participate in APMs, by exempting EPs from the MIPS if they are qualifying APM participants, and by encouraging the creation of physician-focused payment models (PFPMs). In the request for information, we seek public and stakeholder input to inform the implementation of these provisions.

We have received inquiries from national organizations regarding the 30-day comment period we provided for the October 1 RFI. The organizations stated that they need additional time to respond as a result of the number and depth of questions posed in the October 1 RFI. Since we requested the public to comment on various aspects of MIPS and APMs, we believe that it is important to allow ample time for the public to prepare comments regarding the October 1 RFI. Therefore, we have decided to extend the comment period for an additional 15 days. This document announces the extension of the public comment period to November 17, 2015.

While we continue to welcome comments on all questions asked in the October 1 RFI, we suggest that the public and stakeholders may choose to focus their attention on issues that are a higher priority for CMS. To assist commenters in considering and formulating their comments on the October 1 RFI, we identify the following sections and questions, which we have categorized in descending order of priority for CMS.

- For Section II, Subsection A (The Merit-Based Incentive Program System (MIPS)) of the request for information, each component (sub-subsection) under Subsection A has been prioritized by the following categories, in which all questions listed in the October 1 RFI that are within each component correspond to the specified priority category.

- Priority Category One:
 - Sub-Subsection 1 (MIPS EP Identifier and Exclusions)
 - Sub-Subsection 3 (Quality Performance Category)
 - Sub-Subsection 4 (Resource Use Performance Category)
 - Sub-Subsection 5 (Clinical Practice Improvement Activities Performance Category)
 - Sub-Subsection 6 (Meaningful Use of Certified EHR Technology Performance Category)

- Priority Category Two:
 - Sub-Subsection 2 (Virtual Groups)
 - Sub-Subsection 8 (Development of Performance Standards)
 - Sub-Subsection 12 (Feedback Reports)
- Priority Category Three:
 - Sub-Subsection 7 (Other Measures)
 - Sub-Subsection 9 (Flexibility in Weighting Performance Categories)
 - Sub-Subsection 10 (MIPS Composite Performance Score and Performance Threshold)
 - Sub-Subsection 11 (Public Reporting)
 - For Section II, Subsection B (Alternative Payment Models) of the October 1 RFI, the following questions have been prioritized.
 - Priority Category:
 - How should CMS define “services furnished under this part through an EAPM entity”?
 - What types of data and information can EPs submit to CMS for purposes of determining whether they meet the non-Medicare share of the Combination All-Payer and Medicare Payment Threshold, and how can they be securely shared with the federal government?
 - What criteria could the Secretary consider for determining comparability of state Medicaid medical home models to medical home models expanded under section 1115A(c) of the Act?
 - Which states’ Medicaid medical home models might meet criteria comparable to medical homes expanded under section 1115A(c) of the Act?
 - How should CMS define “use” of certified EHR technology as defined in section 1848(o)(4) of the Act by participants in an APM? For example, should the APM require participants to report quality measures to all payers using certified EHR technology or only payers who require EHR reported measures? Should all professionals in the APM in which an EAPM entity participates be required to use certified EHR technology or a particular subset?
 - What criteria should be used by the Physician-focused Payment Model Technical Advisory Committee for assessing PFPM proposals submitted by stakeholders? We are interested in hearing suggestions related to the criteria discussed in this RFI as well as other criteria.
 - What are examples of methodologies for attributing and counting patients in lieu of using payments to determine whether an EP is a qualifying APM participant (QP) or partial QP?
 - What is the appropriate type or types of “financial risk” under section

1833(z)(3)(D)(ii)(I) of the Act to be considered an eligible APM (EAPM) entity?

- What is the appropriate level of financial risk “in excess of a nominal amount” under section 1833(z)(3)(D)(ii)(I) of the Act to be considered an EAPM entity?
- What criteria could be considered when determining “comparability” to MIPS of quality measures used to identify an EAPM entity? Please provide specific examples for measures, measure types (for example, structure, process, outcome, and other types), data source for measures (for example, patients/caregivers, medical records, billing claims, etc.), measure domains, standards, and comparable methodology.

SUPPLEMENTARY INFORMATION:

I. Background

DoD, GSA, and NASA are proposing to revise the FAR to clarify liability limitations and to expand the options for organization types on Standard Forms (SFs) 24, 25, 25A, 34, and 35. This case addresses concerns of surety bond producers that may be adversely affected by differing Federal Agency views on the proper type of organization to indicate on these Standard Forms when a business is a limited liability company (LLC), which is an increasingly prevalent form of business in the construction industry. In some cases, companies are being told to leave the “Type of Organization” block blank because there is no good fit; in other cases, they select the closest fit and are challenged on that selection. To address these concerns, this rule proposes to add a box labelled “Other: (Specify)” to the “Type of Organization” block on each of the five forms (SFs 24, 25, 25A, 34, and 35) in order to expand the range of business types to include LLCs and others, as they evolve.

In addition, there have been questions about the appropriate value to report in the “Liability Limit” block on these standard forms (*i.e.*, whether to cite the Surety Company’s T-limit, as established by the Treasury Department, or the penalty limit for a given bond (its face value)); this has caused processing delays and even some rejections of bids. To address this concern, this rule proposes to add clarifying instructions to each of the forms (SFs 24, 25, 25A, 34, and 35) that amplify the fact that the typical value put into the “Liability Limit” block is the face value of the bond, unless a co-surety arrangement is proposed. These instructions are inserted into item (4) of the SF 24 and into item (3) of SFs 25, 25A, 34, and 35, along with some editorial corrections to the existing instructions.

II. Executive Orders 12866 and 13563

Executive Orders (E.O.s) 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This is not a significant regulatory action and, therefore, was not subject to review under Section 6(b) of E.O. 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

III. Regulatory Flexibility Act

DoD, GSA, and NASA do not expect this proposed rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act 5 U.S.C. 601, *et seq.*, because the rule simply provides additional choices for offerors in characterizing their organization types on SFs 24, 25, 25A, 34, and 35, as well as clarifying what offerors should specify in terms of liability limits. However, an initial regulatory flexibility analysis (IRFA) has been prepared consistent with 5 U.S.C. 603. The analysis is summarized as follows:

The reason for this action is to provide more choices for organization types on five Standard Forms and to clarify instructions; the action’s objective is to make the forms more reflective of current forms of business in the construction industry. The proposed rule would apply to all entities, both small and other than small, performing as

contractors or subcontractors on U.S. Government contracts that require bonds and other financial protections. The Federal Procurement Data System-Next Generation (FPDS–NG) indicates that the U.S. Government awarded 3,495 new construction contracts that required bonds and other financial protections from October 1, 2014 through August 4, 2015. Approximately 78 percent (2,711) of the total awards (3,495) were awarded to small entities (comprised of 1,687 unique small entities). However, the small entities will not be materially affected by this rule, as it simply allows all businesses to choose from a broader array of organization types.

There are no reporting or recordkeeping requirements associated with this rule.

The rule does not duplicate, overlap, or conflict with any other Federal rules.

There were no significant alternatives identified that would meet the objective of the rule.

The Regulatory Secretariat has submitted a copy of the IRFA to the Chief Counsel for Advocacy of the Small Business Administration. A copy of the IRFA may be obtained from the Regulatory Secretariat, DoD, GSA, and NASA invite comments from small business concerns and other interested parties on the expected impact of this rule on small entities.

DoD, GSA, and NASA will also consider comments from small entities concerning the existing regulations in subparts affected by the rule in accordance with 5 U.S.C. 610. Interested parties must submit such comments separately and should cite 5 U.S.C. 610 (FAR Case 2015–025), in correspondence.

IV. Paperwork Reduction Act

This rule affects the information collection requirements in the provisions at FAR 28.1 and 28.2; 52.228–1; 52.228–2; 52.228–13, 52.228–15; and 52.228–16, currently approved under OMB Control Number 9000–0045, titled: Bid Guarantees, Performance, and Payments Bonds, in accordance with the Paperwork Reduction Act (44 U.S.C. chapter 35). The impact, however, is negligible, because this rule simply provides additional choices for offerors in characterizing their organization types on SFs 24, 25, 25A, 34, and 35, as well as clarifying what offerors should specify in terms of liability limits.

INSTRUCTIONS

1. This form is authorized for use when a bid guaranty is required. Any deviation from this form will require the written approval of the Administrator of General Services.
2. Insert the full legal name and business address of the Principal in the space designated "Principal" on the face of the form. An authorized person shall sign the bond. Any person signing in a representative capacity (e.g., an attorney-in-fact) must furnish evidence of authority if that representative is not a member of the firm, partnership, or joint venture, or an officer of the corporation involved.
3. The bond may express penal sum as a percentage of the bid price. In these cases, the bond may state a maximum dollar limitation (e.g., 20% of the bid price but the amount not to exceed _____ dollars).
4. (a) Corporations executing the bond as sureties must appear on the Department of the Treasury's list of approved sureties and must act within the limitations listed therein. The value put into the LIABILITY LIMIT block is the penal sum (i.e., the face value) of the bond, unless a co-surety arrangement is proposed.
 (b) When multiple corporate sureties are involved, their names and addresses shall appear in the spaces (Surety A, Surety B, etc.) headed "CORPORATE SURETY(IES)." In the space designated "SURETY(IES)" on the face of the form, insert only the letter identifier corresponding to each of the sureties.  (c) When individual sureties are involved, a completed Affidavit of Individual Surety (Standard Form 28) for each individual surety, shall accompany the bond. The Government may require the surety to furnish additional substantiating information concerning its financial capability.
5. Corporations executing the bond shall affix their corporate seals. Individuals shall execute the bond opposite the word "Corporate Seal"; and shall affix an adhesive seal if executed in Maine, New Hampshire, or any other jurisdiction requiring adhesive seals.
6. Type the name and title of each person signing this bond in the space provided.
7. In its application to negotiated contracts, the terms "bid" and "bidder" shall include "proposal" and "offeror."

OBLIGATION:

We, the Principal and Surety(ies), are firmly bound to the United States of America (hereinafter called the Government) in the above penal sum. For payment of the penal sum, we bind ourselves, our heirs, executors, administrators, and successors, jointly and severally. However, where the Sureties are corporations acting as co-sureties, we, the Sureties, bind ourselves in such sum "jointly and severally" as well as "severally" only for the purpose of allowing a joint action or actions against any or all of us. For all other purposes, each Surety binds itself, jointly and severally with the Principal, for the payment of the sum shown opposite the name of the Surety. If no limit is indicated, the limit of liability is the full amount of the penal sum.

CONDITIONS:

The above obligation is void if the Principal promptly makes payment to all persons having a direct relationship with the Principal or a subcontractor of the Principal for furnishing labor, material or both in the prosecution of the work provided for in the contract identified above, and any authorized modifications of the contract that subsequently are made. Notice of those modifications to the Surety(ies) are waived.

WITNESS:

The Principal and Surety(ies) executed this payment bond and affixed their seals on the above date.

INSTRUCTIONS

1. This form, for the protection of persons supplying labor and material, is used when a payment bond is required under 40 USC Chapter 31, Subchapter III, Bonds. Any deviation from this form will require the written approval of the Administrator of General Services.
2. Insert the full legal name and business address of the Principal in the space designated "Principal" on the face of the form. An authorized person shall sign the bond. Any person signing in a representative capacity (e.g., an attorney-in-fact) must furnish evidence of authority if that representative is not a member of the firm, partnership, or joint venture, or an officer of the corporation involved.
3. (a) Corporations executing the bond as sureties must appear on the Department of the Treasury's list of approved sureties and must act within the limitations listed therein. The value put into the LIABILITY LIMIT block is the penal sum (i.e., the face value) of the bond, unless a co-surety arrangement is proposed.

 (b) When multiple corporate sureties are involved, their names and addresses shall appear in the spaces (Surety A, Surety B, etc.) headed "CORPORATE SURETY(IES)." In the space designated "SURETY(IES)" on the face of the form, insert only the letter identifier corresponding to each of the sureties. Moreover, when co-surety arrangements exist, the parties may allocate their respective limitations of liability under the bonds, provided that the sum total of their liability equals 100% of the bond penal sum.

 (c) When individual sureties are involved, a completed Affidavit of Individual Surety (Standard Form 28) for each individual surety shall accompany the bond. The Government may require the surety to furnish additional substantiating information concerning its financial capability.
4. Corporations executing the bond shall affix their corporate seals. Individuals shall execute the bond opposite the words "Corporate Seal", and shall affix an adhesive seal if executed in Maine, New Hampshire, or any other jurisdiction requiring adhesive seals.
5. Type the name and title of each person signing this bond in the space provided.
