

required warning statement on the face of that mirror.

Standard No. 114 *Theft Protection and Rollaway Prevention*: Reprogramming the vehicle computer to activate safety systems.

Standard No. 118 *Power-Operated Window, Partition, and Roof Panel Systems*: Reprogramming of the vehicle computer.

Standard No. 138 *Tire Pressure Monitoring Systems*: Addition of OEM tire pressure monitoring system using OEM parts and programs.

Standard No. 208 *Occupant Crash Protection*: Reprogramming in order to activate audible warning system.

Installation of U.S.-Model front cross member and knee bolsters.

Standard No. 209 *Seat Belt Assemblies*: Installation of U.S.-model passenger seat belt.

Standard No. 301 *Fuel System Integrity*: Inspection of all vehicles and replacement of any non U.S.-model fuel system components with U.S.-model components as necessary to conform to the requirements of the standard.

Standard No. 401 *Interior Trunk Release*: Installation of U.S.-model interior trunk release components.

The petitioner additionally states that a vehicle identification plate must be affixed to the vehicles near the left windshield post to meet the requirements of 49 CFR part 565.

All comments received before the close of business on the closing date indicated above will be considered, and will be available for examination in the docket at the above addresses both before and after that date. To the extent possible, comments filed after the closing date will also be considered. Notice of final action on the petition will be published in the **Federal Register** pursuant to the authority indicated below.

Authority: 49 U.S.C. 30141(a)(1)(A), (a)(1)(B), and (b)(1); 49 CFR 593.7; delegation of authority at 49 CFR 1.95 and 501.8.

Jeffrey M. Giuseppe,
Director, Office of Vehicle Safety Compliance.

BILLING CODE 4910-59-P

DEPARTMENT OF TRANSPORTATION

Pipeline and Hazardous Materials Safety Administration

[Docket No. PHMSA-2015-0209; Notice No. 15-21]

Hazardous Materials: Explosive Approvals—Compliance With Special Provision 347

AGENCY: Pipeline and Hazardous Materials Safety Administration (PHMSA), DOT.

ACTION: Proposed termination of explosive approvals.

SUMMARY: PHMSA proposes to terminate the explosive approvals listed herein. PHMSA, via certified mail, attempted to contact all of the below listed approval holders during the month of October 2014. The certified letters were titled “Hazardous Materials Safety Law Division, Letter of Warning: Test Series 6(d) requirements for Division 1.4S Explosive Approvals.” The certified letters requested that the approval holders notify PHMSA within 30 days with their intent with respect to the approvals. They were given the options to provide evidence of UN 6(d) testing, request a reassignment of the EX number to a higher compatibility group than “S”, or request termination. To date, no correspondence has been received by PHMSA concerning the below listed explosive approval numbers.

FOR FURTHER INFORMATION CONTACT: Mr. Ryan Paquet, Director, Approvals and Permits Division, Office of Hazardous Materials Safety, (202) 366-4512, PHMSA, 1200 New Jersey Avenue SE., Washington, DC 20590. Correspondence with respect to the below listed explosive approval numbers should be sent to *explo@dot.gov*, subject line—“UN 6(d) Testing” or respond to the listed address for Mr. Ryan Paquet.

SUPPLEMENTARY INFORMATION:

I. Introduction

In this notice, PHMSA’s Office of Hazardous Materials Safety (OHMS) is

proposing to terminate the approvals listed below for the approval holders’ failure to provide PHMSA with evidence that UN 6(d) testing has been performed in accordance with 49 CFR 172.102(c)(1) (Special Provision 347) or requesting a reassignment of the EX number to a higher compatibility group other than “S”.

II. Background

On January 19, 2011, PHMSA published a final rule (76 FR 3308; HM-215K) titled “*Hazardous Materials: Harmonization with the United Nations Recommendations, International Maritime Dangerous Goods Code, and the International Civil Aviation Organization Technical Instructions for the Safe Transport of Dangerous Goods by Air*”. The final rule amended Special Provision 347 to require successful testing according to UN Test Series 6(d) of Part I of the UN Manual of Tests and Criteria. This change affected explosives classified as Division 1.4S, and impacted eight UN Numbers, including: UN0323, UN0366, UN0441, UN0445, UN0455, UN0456, UN0460, and UN0500. This requirement became effective for transportation by aircraft on July 1, 2011, for transportation by vessel on January 1, 2012, and for domestic highway and rail transportation on January 1, 2014. PHMSA has no records of the required UN 6(d) testing for the below listed EX numbers.

III. Action

PHMSA will terminate the below listed approvals 30 days after this notice is published in the **Federal Register**, unless the holder requests reconsideration as outlined in 49 CFR 107.715.

BILLING CODE 4910-60-P

DEPARTMENT OF TRANSPORTATION

Surface Transportation Board

[Docket No. AB 55 (Sub-No. 745X)]

CSX Transportation, Inc.— Abandonment Exemption—in Floyd County, KY

CSX Transportation, Inc. (CSXT) has filed a verified notice of exemption under 49 CFR part 1152 subpart F—*Exempt Abandonments* to abandon approximately 11.4 miles of railroad line between milepost COQ 0.0 near

Prestonsburg and milepost COQ 10.1 near David, in Floyd County, Ky. (the Line).¹ The Line, which traverses United States Postal Service Zip Codes 41653, 41607, and 41616, includes the stations of McNally (OPSL 67056, FSAC 84079), Samson (OPSL 67057, FSAC 84083), Joyce Marie (OPSL 67057.1,

¹ The Board previously authorized CSXT to abandon most of the Line in 2004. *CSX Transp.—Aban. Exemption—in Floyd Cty., Ky.*, AB 55 (Sub-No. 645X) (STB served Feb. 9, 2004). CSXT indicates, however, that it again seeks an exemption to abandon the Line because the deadline to consummate the prior abandonment authority expired on April 23, 2008.
