DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 12686–004]

Baker County, Oregon; Notice of Availability of Environmental Assessment

In accordance with the National Environmental Policy Act of 1969, and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR part 380 (Order No. 486, 52 FR 47,897), the Office of Energy Projects has reviewed Baker County, Oregon's (Baker County) application for a license to construct its proposed Mason Dam Hydroelectric Project, and has prepared an Environmental Assessment (EA). The proposed 3.4-megawatt (MW) project would be located on the Powder River, at the existing U.S. Bureau of Reclamation's (Reclamation) Mason Dam, near Baker City, in Baker County, Oregon. The project would occupy federal land managed by Reclamation and the U.S. Forest Service.

The EA contains Commission staff's analysis of the potential environmental impacts of the proposed hydroelectric project. The EA concludes that licensing the project, with appropriate environmental protective measures, would not constitute a major federal

action that would significantly affect the quality of the human environment.

A copy of the EA is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at www.ferc.gov using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at 1–866–208–3676, or for TTY, 202–502–8659.

You may also register online at www.ferc.gov/docs-filing/esubscription.asp to be notified via email of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

Any comments should be filed within 45 days from the date of this notice.

The Commission strongly encourages electronic filings. Please file comments using the Commission's eFiling system at <http://www.ferc.gov/docs-filing/efiling.asp>. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/docs-filing/ecomment.asp>.

You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support. In lieu of electronic filing, please send a paper copy to: Secretary, Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426. Please affix "Project No. 12686–004" to all comments.

Please contact Kenneth Hogan (Commission Staff) by telephone at (202) 502–8434, or by email at Kenneth.Hogan@ferc.gov, if you have any questions.

Dated: October 27, 2015.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP16–4–000]

Tennessee Gas Pipeline Company, L.L.C.; Notice of Application

Take notice that on October 9, 2015, Tennessee Gas Pipeline Company, L.L.C. (Tennessee) filed an application with the Federal Energy Regulatory

Commission, pursuant to section 7(c) of the Natural Gas Act (NGA), to construct, install, modify, operate, and maintain certain pipeline facilities located in Pennsylvania, as described in more detail below, all as more completely described in the Application. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (866) 208–3676 or TTY, (202) 502–8659.

Any questions regarding the application should be directed to Patrick Stewart, Senior Counsel, Tennessee Gas Pipeline Company, L.L.C., 1001 Louisiana Street, Houston, Texas 77002, phone: (713) 369–8765, facsimile: (713) 420–1601, email: Patrick_Stewart@kindermorgan.com; or Debbie Kalisek, Regulatory Affairs, Tennessee Gas Pipeline Company, L.L.C., 1001 Louisiana Street, Houston, Texas 77002, phone: (713) 420–3292, facsimile: (713) 420–1605, email: debbie_kalisek@kindermorgan.com.

Specifically, Tennessee requests authorization for the construction and operation of the Orion Project, which include: (1) An approximately 8.23 mile long, 36-inch diameter pipeline loop along Tennessee's existing 300 Line right-of-way in Wayne and Pike Counties, Pennsylvania, ending at existing Compressor Station 323 (Loop 322); (2) an approximately 4.68 mile long, 36-inch diameter pipeline loop along Tennessee's existing 300 Line right-of-way in Pike County, Pennsylvania, beginning at Compressor Station 323 (Loop 323); and (3) certain appurtenant and auxiliary facilities. Tennessee has executed binding precedent agreements with shippers for 100 percent of the 135,000 Dth per day of incremental firm transportation capacity created by the Orion Project. The Orion Project is estimated to cost \$143,549,615.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final

environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below file with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit seven copies of filings made in the proceeding with the Commission and must mail a copy to the applicant and to every other party. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentors will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentors will not be

required to serve copies of filed documents on all other parties. However, the non-party commentors will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and seven copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

Comment Date: November 16, 2015.

Dated: October 26, 2015.

Secretary.
