

environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below file with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit seven copies of filings made in the proceeding with the Commission and must mail a copy to the applicant and to every other party. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentors will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentors will not be

required to serve copies of filed documents on all other parties. However, the non-party commentors will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and seven copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

SUPPLEMENTARY INFORMATION: EPA has submitted the following ICR to OMB for review and approval according to the procedures prescribed in 5 CFR 1320.12. On August 13, 2015 (40 FR 48529), EPA sought comments on this ICR pursuant to 5 CFR 1320.8(d). EPA received one (1) comment during the comment period, which is addressed in the ICR supporting statement. Any additional comments on this ICR should be submitted to EPA and OMB within 30 days of this notice.

EPA has established a public docket for this ICR, which is available for online viewing at www.regulations.gov, or in person viewing at the Air Docket in the EPA Docket Center (EPA/DC), EPA West, Room 3334, 1301 Constitution Ave. NW., Washington, DC.

Use EPA's electronic docket and comment system at www.regulations.gov, to submit or view public comments, access the index listing of the contents of the docket, and to access those documents in the docket that are available electronically. Please note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing at www.regulations.gov as EPA receives them and without change, unless the comment contains copyrighted material, confidential business information (CBI), or other information whose public disclosure is restricted by statute.

Title: Servicing of Motor Vehicle Air Conditioners.

ICR numbers: EPA ICR No. 1617.08, OMB Control No. 2060-0247.

ICR Status: This ICR is scheduled to expire on October 31, 2015. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number.

The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: Section 609 of the Clean Air Act Amendments of 1990 (Act) provides general guidelines for the recovery and recycling of motor vehicle air conditioners. It states that "no person repairing or servicing motor vehicles for consideration may perform any service on a motor vehicle air conditioner involving the refrigerant for such air conditioner without properly using approved refrigerant recovery and/or recovery and recycling equipment (hereafter referred to as "refrigerant handling equipment") and no such person may perform such service unless such person has been properly trained and certified." In 1992, EPA developed regulations under section 609 that were published in 57 FR 31240, and codified at 40 CFR Subpart B (Section 82.30 *et seq.*). The information required to be collected under the Section 609 regulations is: Approved refrigerant handling equipment; approved independent standards testing organizations; technician training and certification; and certification, reporting and recordkeeping.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 5 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: The following is a list of NAICS codes for organizations potentially affected by the information requirements covered under this ICR. It is meant to include any

establishment that may service or maintain motor vehicle air conditioners. 4411 Automobile Dealers; 4413 Automotive Parts, Accessories, and Tire Stores; 44711 Gasoline Stations with Convenience Stores; 45299 All Other General Merchandise Stores; 811198 All Other Automotive Repair and Maintenance; Other affected groups include: Independent Standards Testing Organizations; Organizations with Technician Certification Programs.

Estimated Number of Respondents: 50,318.

Frequency of Response: On occasion, biennially, only once.

Estimated Total Annual Hour Burden: 4,164.

Estimated Total Annual Cost: \$224,619.62, includes \$0 annualized capital or O&M costs.

Changes in the Estimates: There is a decrease of 359 hours in the total estimated burden currently identified in the OMB Inventory of Approved ICR Burdens. This decrease is due to an adjustment in the calculation to estimate the burden resulting from required submissions for new equipment certifications.

Courtney Kerwin,

Acting Director, Collection Strategies Division.

Notice of a Public Meeting of the National Drinking Water Advisory Council

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of a public meeting.

SUMMARY: The U.S. Environmental Protection Agency (EPA) is announcing a meeting of the National Drinking Water Advisory Council (NDWAC), as authorized under the Safe Drinking Water Act. The meeting is scheduled for November 17, 18 and 19, 2015. The NDWAC typically considers issues associated with drinking water protection and public drinking water systems. During this meeting, the NDWAC will focus discussions on developing recommendations for the EPA Administrator on the Lead and Copper National Primary Drinking Water Regulation—Long Term Revisions.

DATES: The meeting on November 17, 2015, will be held from 8:30 a.m. to 4:15 p.m.; November 18, 2015, from 8 a.m. to 5 p.m.; and November 19, 2015, from 8 a.m. to noon, eastern time.

ADDRESSES: The public meeting will be held in Crystal City, Arlington, Virginia. The exact location of the meeting will be noticed in the **Federal Register** no later than the week before the meeting, posted at <http://water.epa.gov/drink/ndwac/> and posted at www.regulations.gov under Docket ID No. EPA-HQ-OW-2015-0714.

FOR FURTHER INFORMATION CONTACT: For more information about this meeting or to request written materials, contact Michelle Schutz of the Office of Ground Water and Drinking Water, U.S. Environmental Protection Agency, by phone at 202-564-7374 or by email at schutz.michelle@epa.gov. For additional information about the NDWAC meeting, please visit <http://water.epa.gov/drink/ndwac/or> www.regulations.gov (search for Docket ID No. EPA-HQ-OW-2015-0714).

SUPPLEMENTARY INFORMATION:

Details about Participating in the Meeting: Teleconferencing will be available during the meeting. The number of teleconference connections available for the meeting is limited and will be offered on a first-come, first-served basis. The teleconference number is (1) 866-299-3188; when prompted, enter conference code 202 564 7347.

To ensure adequate time for public involvement, individuals or organizations interested in presenting an oral statement should notify Michelle Schutz by November 9, 2015, by email at schutz.michelle@epa.gov or by phone at 202-564-7374. The NDWAC will allocate 45 minutes for the public's input (from 9:30 a.m. to 10:15 a.m., eastern time) at the meeting on November 18, 2015. Oral statements will be limited to three minutes at the meeting. It is preferred that only one person present a statement on behalf of a group or organization. Any person who wishes to file a written statement can do so before or after the NDWAC meeting. Written statements intended for the meeting must be received by November 9, 2015, to be distributed to all members of the NDWAC before any final discussion or vote is completed. Any statement received on or after the date specified will become part of the permanent file for the meeting and will be forwarded to the NDWAC members for their information.

National Drinking Water Advisory Council: The NDWAC was created by Congress on December 16, 1974, as part of the Safe Drinking Water Act (SDWA)
