**SUPPLEMENTARY INFORMATION:****Agenda**

The committee will receive an overview from the Groundfish Plan Development Team (PDT) on draft alternatives in Framework Adjustment 55 (FW 55) specifications, changes to the groundfish monitoring program, and other management measures and draft impacts analysis. They will also review

a presentation on the results from Northeast Fisheries Science Center's bioeconomic model for recreational fisheries in the Gulf of Maine. The committee also plans to consider recommendations from the Groundfish Advisory Panel, regarding FW 55 and 2016 Council priorities. They will also consider recommendations from the Recreational Advisory Panel (RAP), regarding FW 55, FY 2016 Gulf of Maine cod and Gulf of Maine haddock recreational measures, and 2016 Council priorities. The committee also plans to develop recommendations to the Council regarding preferred alternatives in FW 55, FY 2016 recreational measures, and 2016 Council priorities. Also on the agenda is to discuss GARFO's Recreational Implementation Plan, review RAP recommendations to the Committee, and develop recommendations to the Council. They will also discuss other business as necessary.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency.

**SUPPLEMENTARY INFORMATION:****Agenda**

The Advisory Panel will review Amendment 19 alternatives, analyses, and public comments received to date and make final recommendations. Amendment 19 was developed to consider measures to better align fishery allocations with the start of the scallop fishing year. The Advisory Panel will also review Framework 27 alternatives and analyses and make final recommendations. Framework 27 was developed to consider fishery allocations for fishing year 2016 and default measures for fishing year 2017. They will also review progress to date and potentially provide input on a future Council sponsored workshop related to concerns raised about inshore scallop fishing patterns. Finally, the Advisory Panel will review and potentially provide input on draft guidance prepared by NMFS related to the Magnuson Act requirement to evaluate limited access privilege programs within five years after adoption. Other business may be discussed, if time permits.
