- Postal Mail/Commercial Delivery: Send your comment to Docket No. APHIS-2015-0081, Regulatory Analysis and Development, PPD, APHIS, Station 3A-03.8, 4700 River Road Unit 118, Riverdale, MD 20737-1238.

Supporting documents and any comments we receive on this docket may be viewed at <http://www.regulations.gov#!docketDetail;D=APHIS-2015-0081> or in our reading room, which is located in room 1141 of the USDA South Building, 14th Street and Independence Avenue SW., Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 799-7039 before coming.**FOR FURTHER INFORMATION CONTACT:** For information on the importation of tomatoes from certain Central American countries, contact Mr. Juan (Tony) Román, Senior Regulatory Policy Specialist, RCC, IRM, PHP, PPQ, APHIS, 4700 River Road Unit 156, Riverdale, MD 20737; (301) 851-2242. For copies of more detailed information on the information collection, contact Ms. Kimberly Hardy, APHIS' Information Collection Coordinator, at (301) 851-2727.**SUPPLEMENTARY INFORMATION:***Title:* Importation of Tomatoes From Certain Central American Countries.*OMB Control Number:* 0579-0286.*Type of Request:* Revision to and extension of approval of an information collection.*Abstract:* The Plant Protection Act (PPA, 7 U.S.C. 7701 *et seq.*) authorizes the Secretary of Agriculture to restrict the importation, entry, or interstate movement of plants, plant products, and other articles to prevent the introduction of plant pests into the United States or their dissemination within the United States. Regulations authorized by the PPA concerning the importation of fruits and vegetables into the United States from certain parts of the world are contained in "Subpart-Fruits and Vegetables" (7 CFR 319.56-1 through 319.56-73).

Under these regulations, pink or red tomatoes from Costa Rica, El Salvador, Guatemala, Honduras, Nicaragua, and Panama are subject to certain conditions before entering the United States to prevent the introduction of plant pests into the United States. The regulations require information collection activities, including phytosanitary certificates with an additional declaration statement, production site and packinghouse inspection records, monitoring and auditing of the trapping program, trapping records, and labeling of boxes.

When comparing the regulations to the information collection activities that were previously approved, we found that we did not account for pre-harvest inspections, production site registration and recertification, and export certifications. Additionally, the number of respondents has decreased by 10, but the number of responses from each respondent has increased. By adding these activities and responses to this information collection, the overall estimates of burden have increased.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities, as described, for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

- (1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

- (2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

- (3) Enhance the quality, utility, and clarity of the information to be collected; and

- (4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; *e.g.*, permitting electronic submission of responses.

*Estimate of burden:* The public reporting burden for this collection of information is estimated to average 0.19 hours per response.*Respondents:* Importers and growers of tomatoes and the national plant protection organizations of Costa Rica, El Salvador, Guatemala, Honduras, Nicaragua, and Panama.*Estimated annual number of respondents:* 54.*Estimated annual number of responses per respondent:* 112.4.*Estimated annual number of responses:* 6,072.*Estimated total annual burden on respondents:* 1,160 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 28th day of October 2015.
