\*The Standards Council of Canada  
(SCC) voted to end its Laboratory  
Accreditation Program for Substance  
Abuse (LAPSA) effective May 12, 1998.  
Laboratories certified through that  
program were accredited to conduct  
forensic urine drug testing as required  
by U.S. Department of Transportation  
(DOT) regulations. As of that date, the  
certification of those accredited  
Canadian laboratories will continue  
under DOT authority. The responsibility  
for conducting quarterly performance  
testing plus periodic on-site inspections  
of those LAPSA-accredited laboratories  
was transferred to the U.S. HHS, with  
the HHS' NLCP contractor continuing to  
have an active role in the performance  
testing and laboratory inspection  
processes. Other Canadian laboratories  
wishing to be considered for the NLCP  
may apply directly to the NLCP  
contractor just as U.S. laboratories do.

Upon finding a Canadian laboratory to  
be qualified, HHS will recommend that  
DOT certify the laboratory (**Federal  
Register**, July 16, 1996) as meeting the  
minimum standards of the Mandatory

Guidelines published in the **Federal  
Register** on April 30, 2010 (75 FR  
22809). After receiving DOT  
certification, the laboratory will be  
included in the monthly list of HHS-  
certified laboratories and participate in  
the NLCP certification maintenance  
program.

[Docket No. FR-5849-N-06]

### Notice of a Federal Advisory Committee Manufactured Housing Consensus Committee Technical Systems Subcommittee Teleconference

**AGENCY:** Office of the Assistant  
Secretary for Housing—Federal Housing  
Commissioner, Department of Housing  
and Urban Development (HUD).

**ACTION:** Notice of a Federal Advisory  
Meeting.

**SUMMARY:** This notice sets forth the  
schedule and proposed agenda for a  
teleconference meeting of the  
Manufactured Housing Consensus  
Committee (MHCC), Technical Systems  
Subcommittee. The teleconference  
meeting is open to the public. The  
agenda provides an opportunity for  
citizens to comment on the business  
before the MHCC.

**DATES:** The teleconference meeting will  
be held on December 2, 2015, 1:00 p.m.  
to 4:00 p.m. Eastern Daylight Time  
(EDT). The teleconference numbers are:  
US toll-free: 1-866-622-8461,  
Participant Code: 4325434.

**FOR FURTHER INFORMATION CONTACT:**

**SUPPLEMENTARY INFORMATION:** Notice of  
this meeting is provided in accordance  
with the Federal Advisory Committee  
Act, 5 U.S.C. App. 10(a)(2) through  
implementing regulations at 41 CFR  
102-3.150. The MHCC was established  
by the National Manufactured Housing

Construction and Safety Standards Act  
of 1974, (42 U.S.C. 5401 *et seq.*) as  
amended by the Manufactured Housing  
Improvement Act of 2000 (Pub. L. 106-  
569). According to 42 U.S.C. 5403, as  
amended, the purposes of the MHCC are  
to:

- Provide periodic recommendations  
to the Secretary to adopt, revise, and  
interpret the Federal manufactured  
housing construction and safety  
standards;

- Provide periodic recommendations  
to the Secretary to adopt, revise, and  
interpret the procedural and  
enforcement regulations, including  
regulations specifying the permissible  
scope and conduct of monitoring; and
- Be organized and carry out its  
business in a manner that guarantees a  
fair opportunity for the expression and  
consideration of various positions and  
for public participation.

The MHCC is deemed an advisory  
committee not composed of Federal  
employees.

*Public Comment:* Citizens wishing to  
make oral comments on the business of  
the MHCC are encouraged to register by

#### Proposed Safe Harbor Agreement for the Northern Spotted Owl and Draft Environmental Assessment, Roseburg Resources Company and Oxbow Timber I, LLC, Lane County, OR

**AGENCY:** Fish and Wildlife Service, Interior.

**ACTION:** Notice of availability; request for comments.

**SUMMARY:** We, the U.S. Fish and Wildlife Service (Service), have received, from Roseburg Resources Company (RRC) and Oxbow Timber I, LLC (Oxbow), an application for an enhancement of survival permit (permit) for the federally threatened northern spotted owl under the Endangered Species Act of 1973, as amended (ESA). The permit application includes a draft safe harbor agreement (SHA) addressing access to RRC and Oxbow lands for the survey and removal of barred owls as part of the Service's Barred Owl Removal Experiment in Lane County, Oregon. The Service also announces the availability of a draft environmental assessment (EA) that has been prepared in response to the permit application in accordance with requirements of the National Environmental Policy Act (NEPA). We are making the permit application, including the draft HCP and the draft EA, available for public review and comment.

**DATES:** To ensure consideration, written comments must be received from interested parties by December 3, 2015.

**ADDRESSES:** To request further information or submit written comments, please use one of the following methods, and note that your information request or comments are in reference to the Roseburg Resources Company and Oxbow Timber I, LLC draft SHA and the draft EA.

- *In-Person Drop-off, Viewing, or Pickup:* Call 503-231-6179 to make an appointment (necessary for viewing or pickup only) during regular business hours at the U.S. Fish and Wildlife Service, Oregon Fish and Wildlife Office, 2600 SE 98th Ave., Suite 100, Portland, OR 97266. Written comments can be dropped off during regular business hours at the above address on or before the closing date of the public comment period (see **DATES**).

**FOR FURTHER INFORMATION CONTACT:** Robin Bown, U.S. Fish and Wildlife Service (see **ADDRESSES**), telephone 503-231-6179. If you use a telecommunications device for the deaf (TDD), please call the Federal Information Relay Service (FIRS) at 800-877-8339.

**SUPPLEMENTARY INFORMATION:** RRC and Oxbow have applied to the Service for an enhancement of survival permit under section 10(a)(1)(A) of the ESA (16 U.S.C. 1531 *et seq.*). The permit application includes a draft SHA. The Service has drafted an EA addressing the effects of the draft SHA and the proposed issuance of a permit.

The SHA covers approximately 9,000 acres of forest lands owned by Oxbow and 400 acres of forest lands owned by RRC within the treatment portion of the Oregon Coast Ranges Study Area in Lane County, Oregon. The proposed term of the permit and the SHA is 10 years. In return for permission to access their lands for barred owl surveys and removal in support of the Service's Barred Owl Removal Experiment, the permit would authorize incidental take of the threatened northern spotted owl (*Strix occidentalis caurina*) on currently unoccupied, non-baseline spotted owl sites if they become occupied during the term of the permit. The permit would also authorize incidental take of the spotted owl as a result of management activities during the term of the permit.

#### Background

Under a SHA, participating landowners voluntarily undertake activities on their property to benefit species listed under the ESA (16 U.S.C. 1531 *et seq.*). SHAs, and the subsequent enhancement of survival permits that are issued to participating landowners pursuant to section 10(a)(1)(A) of the ESA, encourage private and other non-

Federal property owners to implement conservation actions for federally listed species by assuring the landowners that they will not be subjected to increased property use restrictions as a result of their conservation efforts.

These assurances allow the property owner to alter or modify the enrolled property to agreed-upon baseline conditions, even if such alteration or modification results in the incidental take of a listed species. The baseline conditions represent the existing levels of use of the property by species covered in the SHA. SHA assurances depend on the property owner complying with obligations in the SHA and the terms and conditions of the permit. The SHA's net conservation benefits must be sufficient to contribute, either directly or indirectly, to the recovery of the covered listed species. Enrolled landowners may make lawful use of the enrolled property during the permit term and may incidentally take the listed species named on the permit as long as that take does not modify the agreed-upon net conservation benefit to the species.

Application requirements and issuance criteria for enhancement of survival permits for SHAs are found in the Code of Federal Regulations (CFR) at 50 CFR 17.22(c). The Service's Safe Harbor Policy (64 FR 32717, June 17, 1999) and the Safe Harbor Regulations (68 FR 53320, September 10, 2003; and 69 FR 24084, May 3, 2004) are available at <http://www.fws.gov/endangered/laws-policies/regulations-and-policies.html>.

#### Safe Harbor Agreement

RRC and Oxbow submitted an application for an enhancement of survival permit under the ESA to authorize incidental take of the federal-threatened northern spotted owl. The permit application includes a draft SHA between RRC and Oxbow, and the Service. The SHA addresses access to support the Service's Barred Owl Removal Experiment (USFWS 2013a) in the Oregon Coast Ranges Study Area (Study Area), Lane County, Oregon.

The SHA covers RRC and Oxbow lands within the treatment area of the Study Area. The treatment area is composed lands owned by many different landowners, including 58 percent Federal lands, 13 percent State lands, and 29 percent private lands. This is the focus of the SHA because this is the area where the removal of barred owls under the experiment may lead to reoccupancy of sites that are not currently occupied by spotted owls. If barred owl removal leads to the reoccupancy of sites by spotted owls, in the absence of this permit some
