The DD Form 254, with its attachments, supplements, and incorporated references, is the principal authorized means for providing security classification guidance to a U.S. contractor in connection with a classified contract.

Such NISP contractors must provide contract security classification specifications with any classified subcontracts that they award to comply with the requirements of the National Industrial Security Program Operating Manual, DoD 5220.22–M. For those contractors under DoD security cognizance, that means using the DD Form 254, if awarding any contracts that require access to classified information for contract performance. If the form is not included with the classified contract, DSS, on behalf of DoD and those non-DoD agencies with which DoD has agreements for industrial security services, is unable to conduct effective oversight to determine that classified information is being protected according to contract or subcontract requirements.
