

Antidumping/Countervailing Duty (AD/CVD) Foreign Government Export License: Uranium products from Russia; AD/CVD Foreign Government Export Certificate: Uranium products from Russia; AD/CVD Declaration of Intent to Re-Export: Uranium products from Russia; AD/CVD Processor Certification: Uranium Products from Russia; AD/CVD End-User Certification: Uranium products from Russia; AD/CVD Purchase and/or Delivery Order: Uranium products from Russia; AD/CVD Origin Certification: Uranium products from any country including Russia; and AD/CVD Anticircumvention Certification: Uranium products from any country including Russia. All documentation required for entries of Russian uranium products must still be timely filed with Commerce, in accordance with the Suspension Agreement's requirements, through ACCESS, E&C's electronic filing system.

IV. Test Participation Criteria and Participation Procedure

Any party seeking to participate in this test must provide CBP, in their request to participate, their filer code and the port(s) at which they are interested in filing the appropriate DIS information. Requests to participate in this test will be accepted throughout the duration of the test. To be eligible to apply for this test, the applicant must be a self-filing importer or broker who has the ability to file entries in ACE. All test participants are required to use a software program that has completed ACE certification testing for DIS. Applicants will be notified of their acceptance into the test and of the date they may begin participation.

V. Anticipated Process Changes

For participants accepted into the test, the current paper process for the submission to CBP of documentation for shipments of Russian uranium products subject to the Suspension Agreement will be replaced by the submittal of scanned document images through DIS. Entry data submissions will be subject to validation edits and any applicable PGA business rules programmed into ACE. Once entry data has cleared the initial stage of validation edits and PGA business rules, the filer will receive messages as to the status of the shipment from the time of entry data submission until the time of release. Once all of the PGAs have concluded their review of the shipment and have unset any remaining holds, CBP will send a "One U.S.G." release message to the filer to indicate that the filer has fulfilled all U.S. Government filing requirements at the port of entry for the

shipment. Filers should note, however, that the filing of documentation with CBP through DIS does not replace the separate filing requirements with Commerce pursuant to the Suspension Agreement's requirements, as noted above.

VI. Confidentiality

All data submitted and entered into ACE is subject to the Trade Secrets Act (18 U.S.C. 1905) and is considered confidential, except to the extent as otherwise provided by law. Participation in ACE tests is not confidential, and a name(s) of an approved participant(s) may be disclosed by CBP.

Takes of Marine Mammals Incidental to Specified Activities; Taking Marine Mammals Incidental to Operation, Maintenance, and Repair of the Northeast Gateway Liquefied Natural Gas Port and the Algonquin Pipeline Lateral Facilities in Massachusetts Bay

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; proposed incidental harassment authorization and receipt of application for five-year regulations; request for comments and information.

SUMMARY: NMFS has received a request from Excelerate Energy, L.P. (Excelerate) and Tetra Tech, Inc. (Tetra Tech), on behalf of the Northeast Gateway[®] Energy Bridge[™], L.P. (Northeast Gateway or NEG) and Algonquin Gas Transmission, L.L.C. (Algonquin) for an authorization to take small numbers of 14 species of marine mammals, by Level B harassment, incidental to operating, maintaining, and repairing a liquefied natural gas (LNG) port and the Algonquin Pipeline Lateral (Pipeline Lateral) facilities by NEG and Algonquin, in Massachusetts Bay. Pursuant to the Marine Mammal Protection Act (MMPA), NMFS is requesting comments on its proposal to issue an authorization to NEG and Algonquin to incidentally take, by Level B harassment, small numbers of marine mammals during the specified activity for a period of 1 year. NMFS is also requesting comments, information, and suggestions concerning NEG's application and the structure and content of future regulations.
