SUPPLEMENTARY INFORMATION:

Title: Review of Supplemental Nutrition Assistance Program/Medicaid Eligibility Technology Integration.

Form Number: N/A.

OMB Number: 0584-NEW.

Expiration Date: Not Yet Determined.

Type of Request: New information collection request.

Abstract: The Supplemental Nutrition Assistance Program (SNAP), (The Food and Nutrition Act of 2008 [As Amended Through Pub. L. 113-128, Enacted July 22, 2014]) provides nutrition assistance benefits to millions of eligible, low-income individuals and families nationwide. SNAP is administered by FNS, but operates at the State and local level. States have varying degrees of integration across their health and human service programs. To meet statutory requirements of the Patient Protection and Affordable Care Act (Pub. L. 111-148), many States have altered their technical platforms and business processes. In order to assess how these changes may have positively or negatively impacted SNAP, FNS proposes to collect information on State agency structure, staffing, and operations; eligibility system and business process functions; application procedures; the nature of relationships and connections between Medicaid and SNAP; and other details relevant to understanding how clients engage State systems and ways in which their access to SNAP can be enhanced. Specifically, this information collection will be undertaken through administration of a voluntary Integration/Operations Survey to 50 States, the District of Columbia, Guam, and the U.S. Virgin Islands. Based on previous experience, we

anticipate a 60 percent response rate (32 of 53 State SNAP directors).

Affected Public: 53 State, Local and Tribal Government Agencies: Respondent group identified includes approximately 32 State SNAP directors who will complete 1 survey annually which will take approximately 45 minutes each to complete.

Estimated Total Annual Number of Respondents: 32.

Estimated Total Annual Number of Responses per Respondent: 1.

Estimated Total Annual Responses: 32.

Estimated Time per Response: .75 hours per respondent.

Estimated Total Annual Burden on Respondents: 24 burden hours.

Dated: November 16, 2015.

Administrator, Food and Nutrition Service.
