B. What should I consider as I prepare my comments for EPA?

1. *Submitting CBI.* Do not submit this information to EPA through www.regulations.gov or email. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When preparing and submitting your comments, see the commenting tips at <http://www.epa.gov/dockets/comments.html>.

3. *Environmental justice.* EPA seeks to achieve environmental justice, the fair treatment and meaningful involvement of any group, including minority and/or low-income populations, in the development, implementation, and enforcement of environmental laws, regulations, and policies. To help

address potential environmental justice issues, the Agency seeks information on any groups or segments of the population who, as a result of their location, cultural practices, or other factors, may have atypical or disproportionately high and adverse human health impacts or environmental effects from exposure to the pesticides discussed in this document, compared to the general population.

II. What action is the agency taking?

EPA is announcing its receipt of several pesticide petitions filed under section 408 of the Federal Food, Drug, and Cosmetic Act (FFDCA), 21 U.S.C. 346a, requesting the establishment or modification of regulations in 40 CFR part 180 for residues of pesticide chemicals in or on various food commodities. The Agency is taking public comment on the requests before responding to the petitioners. EPA is not proposing any particular action at this time. EPA has determined that the pesticide petitions described in this document contain the data or information prescribed in FFDCA section 408(d)(2), 21 U.S.C. 346a(d)(2); however, EPA has not fully evaluated the sufficiency of the submitted data at this time or whether the data support granting of the pesticide petitions. After considering the public comments, EPA intends to evaluate whether and what action may be warranted. Additional data may be needed before EPA can make a final determination on these pesticide petitions.

Pursuant to 40 CFR 180.7(f), a summary of each of the petitions that are the subject of this document, prepared by the petitioner, is included in a docket EPA has created for each rulemaking. The docket for each of the petitions is available at <http://www.regulations.gov>.

As specified in FFDCA section 408(d)(3), 21 U.S.C. 346a(d)(3), EPA is publishing notice of the petition so that the public has an opportunity to comment on this request for the establishment or modification of regulations for residues of pesticides in or on food commodities. Further information on the petition may be obtained through the petition summary referenced in this unit.

New Tolerances

1. *PP 4F8249.* (EPA-HQ-OPP-2014-0314). This notice is a revision to the notice published in the **Federal Register** of August 1, 2014 (79 FR 44729) (FRL-9911-67). Dow AgroSciences, LLC, 9330 Zionsville Road, Indianapolis, IN 46268-1054, requests to establish a tolerance in 40 CFR part 180 for

residues of the herbicide, triclopyr [(3,5,6-trichloro-2-pyridinyl)oxy] acetic acid in or on the raw agricultural commodity milk, fat at 0.7 parts per million (ppm); and to increase the tolerance in or on milk from 0.01 ppm to 0.6 ppm. The petitioner also requests to amend 40 CFR part 180.417 by establishing tolerances for residues of triclopyr [(3,5,6-trichloro-2-pyridinyl)oxy] acetic acid and its metabolite 3,5,6-trichloro-2-pyridinol (TCP), calculated as the stoichiometric equivalent of triclopyr, in or on the raw agricultural commodities of cattle, goat, hog, horse, and sheep meat byproducts at 0.7 ppm; by increasing tolerances in cattle, goat, hog, horse, and sheep fat from 0.05 ppm to 0.09 ppm; and by increasing tolerances in cattle, goat, hog, horse, and sheep meat from 0.05 ppm to 0.08 ppm. An analytical method using electron capture gas chromatography is used to measure and evaluate the chemical triclopyr. Contact: RD.

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 90

[PS Docket 12-94, PS Docket 06-229, WT Docket No. 06-150, DA 15-1253]

Public Safety and Homeland Security Bureau Seeks Comment on FirstNet's Incumbent Relocation Proposal

AGENCY: Federal Communications Commission.

ACTION: Proposed rule.

SUMMARY: This document seeks comment on the ex parte proposal made by the First Responder Network Authority (FirstNet) to facilitate the relocation of incumbent public safety communications systems operating in the 758-769/788-799 MHz spectrum band (Band 14) in advance of the deployment and operation of FirstNet's nationwide broadband public safety network (NPSBN).

DATES: Comments are due on or before December 9, 2015.

ADDRESSES: See the **SUPPLEMENTARY INFORMATION** section of this document.

FOR FURTHER INFORMATION CONTACT: Brian Marengo, Policy and Licensing Division, Public Safety and Homeland Security Bureau, (202) 418-0838.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's document, DA 15-1253, released on November 5, 2015. The document is available for download at http://fjallfoss.fcc.gov/edocs_public/. The complete text of this document also available for inspection and copying during normal business hours in the FCC Reference Information Center, Portals II, 445 12th Street SW., Room

CY-A257, Washington, DC 20554. To request materials in accessible formats for people with disabilities (Braille, large print, electronic files, audio format), send an email to fcc504@fcc.gov or call the Consumer and Governmental Affairs Bureau at (202) 418-0530 (voice), (202) 418-0432 (tty).

1. On October 20, 2015, FirstNet filed an ex parte letter stating that its Board recently approved a Spectrum Relocation Grant Program designed to facilitate the relocation of Band 14 incumbents, and that it expects a Federal Funding Opportunity for the grant program to be released in early 2016. FirstNet further requests "that the continuation of Commission licenses or other authorizations under Band 14 by any incumbent be conditioned upon the requirement that no operation on Band 14 be permitted without the express consent of FirstNet after July 31, 2017." FirstNet also requests that "[i]n addition or in the alternative, . . . the Commission consider conditioning any continued operation on Band 14 on the cessation of all operations on Band 14 within 90 days written notice to the Band 14 incumbent(s) from FirstNet that deployment of the NPSBN is to begin in its State."

2. In its 2013 Notice of Proposed Rulemaking in these dockets, the Commission sought comment "on the appropriate mechanism to transition incumbent narrowband operators out of [Band 14] and on the timeframe by which such a transition should be accomplished," 78 FR 24138, April 24, 2013. Specifically, the Commission asked whether it could require FirstNet to manage this transition process, or to provide funds for the process, and whether the Commission should establish a hard deadline by which relocation should be accomplished. While the Commission has already received comments on these issues, it believes that seeking expedited comment on FirstNet's more specific request will help ensure a complete and comprehensive record, and is consistent with FirstNet's expectation of release of a Federal Funding Opportunity for its related grant program in early 2016. Accordingly, the Commission seeks comment on FirstNet's request in light of the 2013 Notice and the associated record.

3. Interested parties may file comments until fourteen days after the publication of this document in the **Federal Register**. All pleadings are to reference PS Docket 12-94, PS Docket 06-229 and WT Docket No. 06-150. This proceeding is a "permit-but-disclose" proceeding in accordance with the Commission's ex parte rules.
