

Business Confidential Submissions

An interested party requesting that information contained in a submission be treated as business confidential information must certify that such information is business confidential and would not customarily be released to the public by the submitter.

Confidential business information must be clearly designated as such. The submission must be marked "BUSINESS CONFIDENTIAL" at the top and bottom of the cover page and each succeeding page, and the submission should indicate, via brackets, the specific information that is confidential. Additionally, "Business Confidential" must be included in the "Type Comment" field. For any submission containing business confidential information, a non-confidential version must be submitted separately (*i.e.*, not as part of the same submission with the confidential version), indicating where confidential information has been redacted. The non-confidential version will be placed in the docket and open to public inspection.

Public Viewing of Review Submissions

Submissions in response to this notice, except for information granted "business confidential" status under 15 CFR 2003.6, will be available for public viewing pursuant to 15 CFR 2007.6 at <http://www.regulations.gov> upon completion of processing, usually within two weeks of the relevant due date or date of the submission. Such submissions may be viewed by entering the country-specific docket number in the search field at: <http://www.regulations.gov>.

Petition for Exemption

Docket No.: FAA-2015-0223.

Petitioner: Cape Productions, Inc.

Section(s) of 14 CFR Affected: § 91.119.

Description of Relief Sought: The petitioner has requested to operate their UAS closer than 500 feet of athletes (who will receive briefings and consent to UAS risks). In Exemption No. 11433, the petitioner was approved to use a UAS for aerial data collection. Their exemption requires them to comply with § 91.119 Minimum safe altitudes and prohibits operation closer than 500 feet from people except for essential flight personnel. Their petition for amendment requests exemption from that prohibition so that they may operate within 500 feet of participating athletes who have consented.
