SUMMARY: The Department of Energy (DOE) Wind and Water Power Technologies Office (WWPTO) and the Department of the Interior (DOI) Bureau of Ocean Energy Management Office (BOEM) are convening a workshop to obtain individual stakeholder insight into the technical and market challenges and potential pathways to facilitate the development of the offshore wind industry in the United States. The workshop seeks individual input across the range of U.S. offshore wind stakeholders to better inform efforts to update and refine the 2011 *A National Offshore Wind Strategy*.

DATES: DOE and DOI will hold a workshop on Thursday, December 10th, 2015, from 8:00 a.m. to 5:30 p.m. in Washington, DC. RSVP is required by December 7th, 2015.

ADDRESSES: The workshop will be held at the Hotel Palomar DC located at 2121 P St NW., Washington, DC 20037.

SUPPLEMENTARY INFORMATION: Since the release of the 2011 *A National Offshore Wind Strategy: Creating an Offshore Wind Energy Industry in the United States*, DOE has invested in 55 projects and demonstrations and DOI has held

five offshore wind lease sales. A 2016 update to *A National Offshore Wind Strategy* is currently underway at the agencies, which aims to better understand how the industry has changed in the past five years, identify the key challenges still facing the U.S. industry, explore potential pathways for offshore wind in the U.S., and identify the activities needed to facilitate offshore wind development.

The focus of the workshop will be for agencies to receive public input, questions, and recommendations for areas of potential improvement in the refinement and updating of the 2011 *A National Offshore Wind Strategy*. Particular areas of interest will include technical and market challenges facing offshore wind and potential pathways forward. Participants should limit information and comments to those based on personal experience, individual advice, information, or facts regarding these topics.

It is not the object of this session to obtain any group position or consensus relating to the strategic actions or inactions of the industry as a whole or those of DOE or DOI; rather, the agencies are seeking as much insight as possible from all the individuals at this meeting. To most effectively use the limited time please refrain from passing judgment on another participant's recommendations or advice and, instead, concentrate on your individual experiences.

Public Participation: This meeting is open to the public, subject to space availability. Stakeholders from all sectors in U.S. offshore wind energy are encouraged to attend. Pre-registration is required as space is limited.
