

public comment under established rulemaking procedures. The Department believes this cooperative problem-solving approach should be given serious consideration. To do so, the Department must determine, among other statutorily-mandated considerations, whether an appropriate advisory committee can be assembled that will fairly represent all affected interests, negotiate in good faith, and offer a reasonable likelihood of reaching a consensus on the issues.

The Department has retained a neutral convener, Mr. Richard Parker from the University of Connecticut School of Law, to undertake the initial stage in the Reg Neg process and assist the agency in making this threshold determination. Mr. Parker's credentials have been placed in docket DOT-OST-2015-0246. The neutral convener will interview representatives of affected interests, including but not limited to, disability advocacy groups, airlines, and manufacturers of aircraft cabin facilities and equipment and determine whether other interest groups should be included. The convener will examine the potential for adequate and balanced representation of the varied interests on an advisory committee convened to negotiate the regulation and/or to reach consensus on specific issues. Based on these interviews, the convener will submit a written report of findings and recommendations to the Department, and the final report will be available to the public. The convener's report will provide a basis for the Department to decide whether to proceed with a Reg Neg, and, if so, to determine the scope of the issues the committee will address. In the alternative, the Department may also decide to forgo a Reg Neg and proceed with a traditional notice-and-comment rulemaking.

The convener's activities are subject to the confidentiality provisions of the Administrative Dispute Resolution Act, 5 U.S.C. 574. The Federal Government will make no claim to the convener's notes, memoranda, or recollections or to documents provided to the convener in confidence in the course of the convening process. The convener will not interpret Department policy, make decisions on items of policy, regulation, or statute, or take a stand on the merits of substantive matters under discussion.

The Department will provide any comments it receives in response to this notice to the convener and will file the comments in docket DOT-OST-2015-0246. Should the Department decide to proceed with a Reg Neg process, the Agency will follow the procedures set forth in the Negotiated Rulemaking Act of 1996, 5 U.S.C. 561 *et seq.* This would

include the publication of a notice of intent to solicit comment on membership and to invite interested persons to apply for nomination to the committee. It also includes the establishment of an advisory committee under the Federal Advisory Committee Act (5 U.S.C. Appendix 2).
