Demonstration Projects” study. This notice addresses the cross-site process evaluation to be conducted with the FY 2015 domestic human trafficking demonstration sites funded by the Family and Youth Services Bureau (FYSB).

The objective of the process evaluation is to describe program operations and implementation experience, such as start-up efforts, service provision to a wide array of trafficking victims, collaboration development, training, and sustainability actions. Information from the evaluation will assist federal, state, and community policymakers and funders in laying the groundwork for the refinement of program models to

Primary data for the evaluation will be collected via qualitative interviews, including key informant interviews, case narrative interviews and client interviews. Data will be collected in two waves, during 2016 and 2017. Only the case narrative

interviews will include follow up interviews. Interviews from multiple perspectives will enhance the government’s understanding of strategies by which grantees can identify, engage and serve diverse populations of victims of sever forms of human trafficking.

Respondents: Case managers at the three FY 2015 FYSB funded demonstration projects; staff (e.g., program managers and directors) from partner organizations that are working with the three FY 2015 FYSB-funded demonstration projects; and clients who have received services from the three FY 2015 FYSB-funded demonstration projects.
