

Abstract: This is a request for a new information collection. On March 10, 2015, the White House issued a Student Aid Bill of Rights. Among the objectives identified was the creation of a centralized complaint system. The purpose of the Enterprise Complaint System is to meet the objective: "Create a Responsive Student Feedback System: The Secretary of Education will create a new Web site by July 1, 2016, to give students and borrowers a simple and straightforward way to file complaints and provide feedback about federal student loan lenders, servicers, collections agencies, and institutions of higher education. Students and borrowers will be able to ensure that their complaints will be directed to the right party for timely resolution, and the Department of Education will be able to more quickly respond to issues and strengthen its efforts to protect the integrity of the student financial aid programs." The Department of Education has charged Federal Student Aid with the development and oversight of this new collection.
