Department of the Army, Corps of Engineers

Guidelines for Carrying Out Section 221(a)(4) of the Flood Control Act of 1970, as Amended

AGENCY: United States Army Corps of Engineers, Department of Defense.

ACTION: Notice.

SUMMARY: The U.S. Army Corps of Engineers (Corps) has updated the existing guidance for providing in-kind credit under Section 221(a)(4) of the Flood Control Act of 1970, as further amended by Section 1018 of the Water Resources Reform and Development Act of 2014.

DATES: *Effective date*: December 16, 2015.

ADDRESSES: U.S. Army Corps of Engineers, 441 G Street NW., Washington, DC 20314-1000.

FOR FURTHER INFORMATION CONTACT: Janice E. Rasgus, Planning and Policy Division, Washington, DC at 202-761-7674.

SUPPLEMENTARY INFORMATION: ER 1165-2-208 will be posted on the Corps Web site in the very near future.

Response to Comments

The draft ER was published in the August 28, 2015, issue of the **Federal Register** (80 FR 52258) for a 30-day comment period. The comment period was extended by 30 days (see 50 FR 60135). The regulations.gov docket number is COE-2015-0013. Sixteen comments were received.

In response to one commenter, the guidance was expanded to clarify that in-kind contributions can be provided once the feasibility cost sharing agreement is executed and the project management plan is developed.

Several commenters noted that the non-Federal sponsor's costs of Coordination Team participation and audits are no longer considered in-kind contributions that are included as a study or project cost subject to cost sharing. The guidance was expanded to clarify that likewise the Federal Government's cost of Coordination Team participation and audits are not included in study or project costs for cost sharing purposes although these costs are included in calculating any limit on Federal participation.

One commenter requested that the guidance be modified to allow the value of in-kind contributions to be accepted as cash payments toward the additional 10 percent payment required for navigation projects. This request cannot be accommodated. The law is explicit that credit for in-kind contributions shall not alter any requirement for the non-Federal sponsor to pay 5 percent cash for flood damage reduction project and pay the additional 10 percent cash for navigation projects. This requirement was also specified in the in-kind contribution authority as enacted in WRDA 2007 and identified in the implementing guidance for that earlier provision.

Additional minor, non-substantive, edits were made to provide further clarity.

Dated: December 10, 2015.

Theodore A. Brown,

Chief, Planning and Policy Division, Directorate of Civil Works.

ER 1165-2-208

1. *Purpose*. This regulation provides guidance on the implementation of the in-kind contribution credit provisions of Section 221(a)(4) of the Flood Control Act of 1970, as further amended by Section 1018 of the Water Resources Reform and Development Act of 2014 (WRRDA 2014) (42 U.S.C. 1962d-5b(a)(4)) (hereinafter referred to as "Section 221"). Section 221(a)(4) of the Flood Control Act of 1970, as amended, and Section 1018 of WRRDA 2014 are provided in Appendix A.

2. *Distribution Statement*. Approved for public release. Distribution is unlimited.

3. *Applicability*. This regulation applies to all HQUSACE elements, Major Subordinate Commands (MSCs), and district commands having Civil Works responsibility and is effective immediately.

a. The Section 221 crediting provisions apply to the study, design, and construction of water resources development projects authorized in the Water Resources Development Act (WRDA) of 1986 or later laws, including projects initiated after November 16, 1986 without specific authorization in law. In addition, the crediting provisions apply to the correction of design deficiencies for projects authorized prior to WRDA of 1986. Finally, these provisions are also applicable to a project under an environmental infrastructure assistance program.

(1) For a project with a project partnership agreement (PPA) that was executed on or after November 8, 2007, such PPA may be amended to include work by the non-Federal sponsor that has not yet been initiated for credit toward any remaining non-Federal cost share under that agreement.

(2) Furthermore, in general, the crediting provisions of Section 221 will be used in lieu of Section 104 of WRDA 1986 and Section 215 of the Flood Control Act of 1968. However, any eligibility for credit under Section 104 of WRDA 1986 that was approved previously by the Secretary will be honored.

b. The authority for credit under Section 221 is in addition to any other authority to provide credit for in-kind contributions. Section 221 credit may be applied in lieu of other crediting provisions if requested by the non-Federal sponsor.
