

public service to the users of the Occupational Information Network (O*NET), in an effort to help them in obtaining occupational codes and titles for jobs that they are unable to locate in O*NET. The O*NET system classifies nearly all jobs in the United States economy. However, new occupational specialties are continually evolving and emerging. The use of the OCA is voluntary and is provided: (1) As a uniform format to the public and private sector to submit information in order to receive assistance in identifying an occupational code; (2) to assist the O*NET system in identifying potential occupations that may need to be included in future O*NET data collection efforts; and (3) to provide input to a database of alternative (lay) titles to facilitate searches for occupational information on the O*NET Web sites including O*NET OnLine (<http://online.onetcenter.org>), My Next Move (www.MyNextMove.gov), My Next Move for Veterans (www.MyNextMove.org/vets), O*NET Code Connector (www.onetcodeconnector.org), as well as CareerOneStop (www.careeronestop.org). Minor changes were made to the previous form

to remove two questions that were not needed and minor wording changes to clarify existing questions. The OCA process is designed to help the occupational information user relate an occupational specialty or a job title to an occupational code and title within the framework of the Standard Occupational Classification (SOC) based O*NET system. The O*NET-SOC system consists of a database that organizes the work done by individuals into approximately 1,000 occupational categories. Additionally, O*NET occupations have associated data on the importance and level of a range of occupational characteristics and requirements, including knowledge, skills, abilities, tasks and work activities. Since the O*NET-SOC system is based on the SOC system, identifying an O*NET-SOC code and title also facilitates linkage to national, state, and local occupational employment and wage estimates.

Guam Military Base Realignment Contractor Recruitment Standards—Revised

AGENCY: Employment and Training Administration, Labor.

ACTION: Final notice.

SUMMARY: The U.S. Department of Labor (Department), Employment and Training Administration (ETA), is issuing this notice to revise recruitment standards that construction contractors are required to follow when recruiting United States (U.S.) workers for Guam military base realignment projects authorized by the National Defense Authorization Act (NDAA) for Fiscal Year 2010.

DATES: This notice is effective upon publication in the **Federal Register**.
FOR FURTHER INFORMATION CONTACT: Donald Haughton, Office of Workforce Investment, Employment and Training Administration, U.S. Department of Labor, 200 Constitution Avenue NW., Room C-4526, Washington, DC 20210. Telephone (202) 693-2784 (this is not a toll-free number). Individuals with hearing or speech impairments may access the telephone number above via TTY by calling the toll-free Federal Information Relay Service at 1-877-889-5627 (TTY/TDD), fax: (202) 693-3015, email: Haughton.donald.w@dol.gov.

SUPPLEMENTARY INFORMATION: Section 2834(a) of the NDAA for Fiscal Year 2010 (Pub. L. 111-84, enacted October 28, 2009) amended Section 2824(c) of the Military Construction Authorization Act (division B of Public Law 110-417;

10 U.S.C. 2687 note) by adding a new subsection (6). This provision prohibits contractors engaged in construction projects related to the realignment of U.S. military forces from Okinawa to Guam from hiring workers holding H-2B visas under the Immigration and Nationality Act, 8 U.S.C.

1101(a)(15)(H)(ii)(b), unless the Governor of Guam (Governor), in consultation with the Secretary of Labor (Secretary), certifies that:

(1) There is an insufficient number of U.S. workers that are able, willing, qualified, and available to perform the work; and

(2) the employment of workers holding H-2B visas will not have an adverse effect on either the wages or the working conditions of workers in Guam.

In order to allow the Governor to make this certification, NDAA requires contractors to recruit workers in the U.S., including in Guam, the Commonwealth of the Northern Mariana Islands, American Samoa, the U.S. Virgin Islands, and Puerto Rico, according to the terms of a recruitment plan developed and approved by the Secretary. That recruitment plan is reproduced in full in Section I below ("Contractor Recruitment Instructions").

The Department developed the Contractor Recruitment Instructions in full consultation with, and with the approval of, the Guam Department of Labor (GDOL). Although the Department developed the recruitment standards, it has assigned oversight of the Contractor Recruitment Standards and the NDAA-required consultation with the Governor to GDOL through a Memorandum of Understanding between the Department and GDOL, effective November 22, 2011, (the MOU can be found on the www.reginfo.gov/public/do/PRAMain Web site).

Under NDAA, no Guam base realignment construction project work may be performed by a person holding an H-2B visa under the Immigration and Nationality Act until the contractor complies with the Department's Contractor Recruitment Standards, and the Governor of Guam issues the certification noted above.

I. Guam Military Base Realignment Contractor Recruitment Instructions

c. Post a help wanted ad in the local newspaper for American Samoa and have a notice posted in the American Samoa Human Resources agency office. For assistance with these tasks, please see the American Samoa Human Resource agency contacts listed at www.jobbankinfo.org.

For contractors needing assistance with job postings, additional contact information and a link to the required Guam form GES 514 are listed at www.jobbankinfo.org.

Each job posting must be posted for at least 21 consecutive days.

d. Submit a job posting with an Internet-based job bank that:

- i. Is national in scope, including the entire U.S., Guam, the Commonwealth of the Northern Mariana Islands, American Samoa, the Virgin Islands, and the Commonwealth of Puerto Rico;
- ii. allows job postings for all occupations; and
- iii. is free of charge for job seekers and their intermediaries in American Job Centers (also known as One-Stop Career Centers) and the U.S. workforce investment system nationwide.

e. Where the occupation or industry is customarily unionized, contact the local union in Guam in writing to seek U.S. workers who are qualified and who will be available for the job opportunity.

2. Each job posting in (A)(1) through (5) must include, at a minimum, the following information:

- a. The contractor's name and appropriate contact information for applicants to inquire about the job opportunity, or to send applications and/or resumes directly to the employer;
- b. The geographic area of employment, with enough specificity to apprise applicants of any travel requirements and where applicants will

likely have to reside to perform the services or labor;

c. A statement indicating whether or not the employer will pay for the worker's transportation to Guam;

d. If the employer provides transportation, include a statement that daily transportation to and from the worksite(s) will be provided by the employer;

e. A description of the job opportunity with sufficient information to apprise U.S. workers of the services or labor to be performed, including the duties, the minimum education and experience requirements, the work hours and days, and the anticipated start and end dates of the job opportunity;

f. If the employer makes On-the-Job Training (OJT) available, a statement that it will be provided to the worker;

g. If required by law, a statement that overtime will be available to the worker and the wage offer for working any overtime hours;

h. The wage offer, and the benefits, if any, offered;

i. A statement that the position is temporary;

j. The total number of job openings the employer intends to fill; and

k. If the employer provides the worker with the option of board, lodging, or other facilities, including fringe benefits, or intends to assist workers to secure such lodging, a statement disclosing the provision and cost of the board, lodging, or other facilities, including fringe benefits or assistance to be provided.

3. During the 28-day recruitment period, which begins on the earliest job posting date, contractors must interview all qualified and available Guam and U.S. construction workers who have applied for the employment opportunity.

4. After the close of the recruitment period, and no later than 30 days before the start date of workers under a contract, the contractor must provide a report including the following information via email to GDOL at ndaa.recruitment@dol.guam.gov, documenting its efforts to recruit U.S. workers from the U.S. and all U.S. territories.

a. Indicate all the recruitment approaches used to recruit workers, including an identification of the Internet job banks where the postings occurred, the occupation or trade, a description of wages and other terms and conditions of employment, the dates of each posting, and the job order or requisition number;

b. A copy of each job posting;

c. How each job posting and response was handled, including:

- i. The number of job applications received;
- ii. the name of each applicant;
- iii. the position applied for;
- iv. the final employment determination for each applicant or job candidate; and
- v. for each U.S. job applicant not hired, a description of the specific, lawful, job-related reason for rejecting the applicant for employment, which includes a comparison of the job applicant's skills and experience against the terms listed in the original job posting.

Contractors may provide much of this information in the form of a table or spreadsheet, so that instead of a narrative style the contractor need only check an appropriate box or provide a phrase, number or date (e.g., to indicate whether an individual reported for an interview or not, or lacked specific qualifications).

II. Public Burden Statement

The Office of Management and Budget (OMB) has approved the Department's request to extend the information collection (OMB Control Number 1205-0484) for three years, expiring October 31, 2018.

Persons are not required to respond to this collection of information unless it displays a valid OMB control number (1205-0484). SUPPLEMENTARY INFORMATION:

I. Background

The National Apprenticeship Act of 1937 (Act), section 50 (29 U.S.C. 50), authorizes and directs the Secretary of Labor (Secretary) "to formulate and promote the furtherance of labor standards necessary to safeguard the welfare of apprentices, to extend the application of such standards by encouraging the inclusion thereof in contracts of apprenticeship, to bring together employers and labor for the formulation of programs of apprenticeship, to cooperate with state agencies engaged in the formulation and promotion of standards of apprenticeship, and to cooperate with the Secretary of Education in accordance with Section 17 of Title 20." Section 50a of the Act authorizes the Secretary to "publish information relating to existing and proposed labor standards of apprenticeship," and to "appoint national advisory committees * * *" (29 U.S.C. 50a).

Title 29 CFR part 30 sets forth policies and procedures to promote the equality of opportunity in apprenticeship programs registered with the Department and recognized State Apprenticeship Agencies. These policies and procedures apply to recruitment and selection of apprentices, and to all conditions of employment and training during apprenticeship. The procedures provide for registering apprenticeship programs, for reviewing apprenticeship programs, for processing complaints, and for deregistering non-complying apprenticeship programs. This part also provides policies and procedures for continuation or withdrawal of recognition of state agencies which
