#### Change in Discount Rate for Water Resources Planning

**AGENCY:** Bureau of Reclamation, Interior.

**ACTION:** Notice of change.

**SUMMARY:** The Water Resources Planning Act of 1965 and the Water Resources Development Act of 1974 require an annual determination of a discount rate for Federal water resources planning. The discount rate for Federal water resources planning for fiscal year 2016 is 3.125 percent.

Discounting is to be used to convert future monetary values to present values.

**DATES:** This discount rate is to be used for the period October 1, 2015, through and including September 30, 2016.

**FOR FURTHER INFORMATION CONTACT:** Max Millstein, Bureau of Reclamation, Reclamation Law Administration Division, Denver, Colorado 80225; telephone: 303-445-2853.

**SUPPLEMENTARY INFORMATION:** Notice is hereby given that the interest rate to be used by Federal agencies in the formulation and evaluation of plans for water and related land resources is 3.125 percent for fiscal year 2016.

This rate has been computed in accordance with Section 80(a), Public Law 93-251 (88 Stat. 34), and 18 CFR 704.39, which: (1) Specify that the rate will be based upon the average yield during the preceding fiscal year on interest-bearing marketable securities of the United States which, at the time the computation is made, have terms of 15 years or more remaining to maturity (average yield is rounded to nearest one-eighth percent); and (2) provide that the rate will not be raised or lowered more than one-quarter of 1 percent for any year. The U.S. Department of the Treasury calculated the specified average to be 2.6511 percent. This rate, rounded to the nearest one-eighth percent, is 2.625 percent, which is a change of more than the allowable one-quarter of 1 percent. Therefore, the fiscal year 2016 rate is 3.125 percent.

The rate of 3.125 percent will be used by all Federal agencies in the formulation and evaluation of water and related land resources plans for the purpose of discounting future benefits and computing costs or otherwise converting benefits and costs to a common-time basis.

Dated: October 16, 2015.

*Background:* In his request letter (received November 24, 2015), the USTR stated that U.S. negotiators have recently reached agreement in principle with representatives of the CAFTA-DR governments on certain modifications to the rules of origin in Annex 4.1 of the Dominican Republic-Central America-United States Free Trade Agreement. The USTR noted that section 203(o)(3)(A) of the Dominican Republic-Central America-United States Free Trade Agreement Implementation Act authorizes the President, subject to the consultation and layover requirements of section 104 of the Act, to proclaim such modifications to rules of origin provisions included in Annex 4.1 of the Agreement in the Harmonized Tariff Schedule of the United States (HTS), other than with respect to goods of HTS chapters 50 through 63. He noted that one of the requirements set out in section 104 is that the President obtain advice regarding the proposed action from the U.S. International Trade Commission. In the request letter, the USTR asked that the Commission provide advice on the probable economic effects of the proposed modifications in rules of origin on U.S. trade under the Agreement, on total U.S. trade, and on domestic producers of the affected articles. The products identified in the proposal are fishing lures, gaming machines, polyvinyl chloride, and certain products of the chemical or allied industries. The request letter and the complete list of proposed modifications are available on the Commission's Web site at [http://www.usitc.gov/research\\_and\\_analysis/what\\_we\\_are\\_working\\_on.htm](http://www.usitc.gov/research_and_analysis/what_we_are_working_on.htm).
