B. Submitting Comments

The NRC cautions you not to include identifying or contact information in comment submissions that you do not want to be publicly disclosed in your comment submission. All comment submissions are posted at <http://www.regulations.gov> and entered into ADAMS. Comment submissions are not routinely edited to remove identifying or contact information.

If you are requesting or aggregating comments from other persons for submission to the OMB, then you should inform those persons not to include identifying or contact information that they do not want to be publicly disclosed in their comment submission. Your request should state that comment submissions are not routinely edited to remove such information before making the comment submissions available to the public or entering the comment into ADAMS.

II. Background

Under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35), the NRC recently submitted a request for renewal of an existing collection of information to OMB for review entitled, "Request for Information Regarding Recommendations 2.1, 2.3, and 9.3 of the Near-Term Task Force Review of Insights from the Fukushima Dai-ichi Event." The NRC hereby informs potential respondents that an agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The NRC published a **Federal Register** notice with a 60-day comment period on this information collection on July 28, 2015, 80 FR 45005.

1. *The title of the information collection*: Request for Information Pursuant to 10 CFR 50.54(f) Regarding Recommendations 2.1, 2.3, and 9.3 of the Near-Term Task Force Review of Insights from the Fukushima Dai-ichi Event.
2. *OMB approval number*: 3150–0211.
3. *Type of submission*: Extension.
4. *The form number if applicable*: Not applicable.
5. *How often the collection is required or requested*: Once.
6. *Who will be required or asked to respond*: 100 power reactor licensees, and 2 Combined License holders (2 units each).
7. *The estimated number of annual responses*: 79.3.
8. *The estimated number of annual respondents*: 104.

9. *An estimate of the total number of hours needed annually to comply with the information collection requirement or request*: 104,962.

10. *Abstract*: Following events at the Fukushima Dai-Ichi nuclear power plant resulting from the March 11, 2011, earthquake and subsequent tsunami, and in response to requirements contained in section 402 of the Consolidated Appropriations Act (Pub. L. 112–074), the NRC requested information from power reactor licensees pursuant to title 10 of the *Code of Federal Regulations* part 50.54(f). The information requested includes seismic and flooding hazard reevaluations to determine if further regulatory action is necessary, walkdowns to confirm compliance with the current licensing basis and provide input to the hazard reevaluations, and analysis of the Emergency Preparedness capability with respect to staffing and communication ability during a

prolonged multiunit event. The NRC will use the information provided by licensees to determine if additional regulatory action is necessary.

Dated at Rockville, Maryland, this 14th day of December, 2015.
