BILLING CODE 4410-FY-P

DEPARTMENT OF JUSTICE

[OMB Numbers 1121-0341]

Agency Information Collection Activities; Proposed eCollection eComments Requested; Revision of a Currently Approved Collection: Office for Victims of Crime Training and Technical Assistance Center (OVC TTAC) Feedback Form Package

AGENCY: Office for Victims of Crime, Department of Justice.

ACTION: 30-day notice.

SUMMARY: The Department of Justice, Office of Justice Programs, Office for Victims of Crime will be submitting the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995. The following collections (1121-0336 and 1121-0342) will be discontinued and combined with this revision of 1121-0341. This proposed information collection was previously published in the **Federal Register** Volume 80 FR 61471, on October 23, 2015, allowing for a 60 day comment period.

DATES: The purpose of this notice is to allow for an additional 30 days for public comment until January 19, 2016.

FOR FURTHER INFORMATION CONTACT: If you have comments, especially on the estimated public burden or associated response time, suggestions, or need a copy of the proposed information collection instrument with instructions or additional information, please

contact Shelby Jones Crawford, Program Manager, Office for Victims of Crime, Office of Justice Programs, Department of Justice, 810 7th Street NW., Washington, DC 20530. Written comments and/or suggestions can also be directed to the Office of Management and Budget, Officer of Information and Regulatory Affairs, Attention Department of Justice Desk Officer, Washington DC 20503 or send to OIRA_submissions@omb.eop.gov.

SUPPLEMENTARY INFORMATION: Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agencies estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Evaluate whether and if so how the quality, utility, and clarity of the information to be collected can be enhanced; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of this Information Collection:

(1) *Type of Information Collection:*

Revision of Existing Collection

(2) *Title of the Form/Collection:* OVC TTAC Feedback Form Package

(3) *Agency form number, if any, and the applicable component of the Department sponsoring the collection:* NA. Office for Victims of Crime, Office of Justice Programs, Department of Justice.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* Primary: State, Local, or Tribal agencies/organizations. Other: Federal Government; Individuals or households; Not-for-profit institutions; Businesses or other for-profit. Abstract: The Office for Victims of Crime Training and Technical Assistance Center (OVC TTAC) Feedback Form Package is designed to collect the data necessary to continuously assess the satisfaction and outcomes of assistance provided

through OVC TTAC for both monitoring and accountability purposes to continuously meet the needs of the victim services field. OVC TTAC will give these forms to recipients of training and technical assistance, scholarship applicants, users of the Web site and call center, consultants/instructors providing training, agencies requesting services, and other professionals receiving assistance from OVC TTAC. The purpose of this data collection will be to capture important feedback on the respondents' satisfaction and outcomes of the resources provided. The data will then be used to advise OVC on ways to improve the support that it provides to the victim services field at-large.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* There are approximately 27,225 respondents who will require an average of 10 minutes (ranging from 5 to 15 minutes across all forms) to respond to a single form each year.

(6) *An estimate of the total public burden (in hours) associated with the collection:* The total annual public burden hours for this information collection are estimated to be 5,075 hours.

If additional information is required contact: Jerri Murray, Department Clearance Officer, United States Department of Justice, Justice Management Division, Policy and Planning Staff, Two Constitution Square, 145 N Street NE., Room 3E.405B, Washington, DC 20530.

Dated: December 15, 2015.

DEPARTMENT OF LABOR

Bureau of Labor Statistics

Proposed Collection, Comment Request

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that requested

data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. The Bureau of Labor Statistics (BLS) is soliciting comments concerning the proposed extension of the "Multiple Worksite Report and the Report of Federal Employment and Wages." A copy of the proposed information collection request (ICR) can be obtained by contacting the individual listed below in the Addresses section of this notice.

DATES: Written comments must be submitted to the office listed in the **ADDRESSES** section of this notice on or before February 16, 2016.

ADDRESSES: Send comments to Carol Rowan, BLS Clearance Officer, Division of Management Systems, Bureau of Labor Statistics, Room 4080, 2 Massachusetts Avenue NE., Washington, DC 20212. Written comments also may be transmitted by fax to 202-691-5111 (this is not a toll free number).

FOR FURTHER INFORMATION CONTACT: Carol Rowan, BLS Clearance Officer, 202-691-7628 (this is not a toll free number). (See **ADDRESSES** section.)

SUPPLEMENTARY INFORMATION:

I. Background

The Quarterly Census of Employment and Wages (QCEW) program is a Federal/State cooperative effort which compiles monthly employment data, quarterly wages data, and business identification information from employers subject to State Unemployment Insurance (UI) laws. These data are collected from State Quarterly Contribution Reports (QCRs) submitted to State Workforce Agencies (SWAs). The States send micro-level employment and wages data, supplemented with the names, addresses, and business identification information of these employers, to the BLS. The State data are used to create the BLS sampling frame, known as the longitudinal QCEW data. This file represents the best source of detailed industrial and geographical data on employers and is used as the sampling frame for most BLS surveys. The longitudinal QCEW data include the individual employers' employment and wages data along with associated business identification information that is maintained by each State to administer the UI program as well as the Unemployment Compensation for Federal Employees (UCFE) program.

The QCEW Report, produced for each calendar quarter, is a summary of these employer (micro-level) data by industry at the county level. Similar data for Federal Government employees covered by the UCFE program also are included in each State's report. These data are submitted by all 50 States, the District of Columbia, Puerto Rico, and the Virgin Islands to the BLS which then summarizes these micro-level data to produce totals for the States and the Nation. The QCEW Report provides a virtual census of nonagricultural employees and their wages, with nearly 53 percent of the workers in agriculture covered as well.

For employers having only a single physical location or worksite in the State and, thus, operating under a single industrial and geographical code, the data from the States' UI accounting files are sufficient for statistical purposes. However, such data are not sufficient for statistical purposes for those employers having multiple establishments or engaging in different industrial activities within the State. In such cases, the employer's QCR reflects only statewide employment and wages and is not disaggregated by establishment or worksite. Although data at this level are sufficient for many purposes of the UI program, more detailed information is required to create a sampling frame and to meet the needs of several ongoing Federal/State statistical programs. The Multiple Worksite Report (MWR) is designed to supplement the QCR when more detailed information is needed.

Because of the data captured by the MWR, improved establishment business identification data elements have been incorporated into and maintained by the longitudinal QCEW database. The MWR collects a physical location address, secondary name (trade name, division, subsidiary, etc.), and reporting unit description (store number, plant name or number, etc.) for each worksite of multi-establishment employers.

Employers with more than one establishment reporting under the same UI account number within a State are requested to complete the MWR if the sum of the employment in all of their secondary establishments is 10 or greater. The primary worksite is defined as the establishment with the greatest number of employees. Upon receipt of the first MWR form, each employer is requested to supply business location identification information. Thereafter, this reported information appears on the MWR each quarter. The employer is requested to verify the accuracy of this business location identification information and to provide only the employment and wages for each

worksite for that quarter. By using a standardized form, the reporting burden on many large employers, especially those engaged in multiple economic activities at various locations across numerous States, is reduced.

The function of the Report of Federal Employment and Wages (RFEW) is to collect employment and wages data for Federal establishments covered under the UCFE program. The MWR and RFEW are essentially the same. The MWR/RFEW forms are designed to collect data for each establishment of a multi-establishment employer.

No other standardized report is available to collect current establishment-level monthly employment and wages data by SWAs for statistical purposes each quarter from the private sector nor State and local governments. Also, no other standardized report currently is available to collect installation-level Federal monthly employment and wages data each quarter by SWAs for statistical purposes. Completion of the MWR is required by State law in 27 States and territories.

II. Current Action

Office of Management and Budget clearance is being sought for an extension of the Multiple Worksite Report and the Report of Federal Employment and Wages.

The BLS has taken steps to help reduce employer reporting burden by developing a standardized format for employers to use to send these data to the States in an electronic medium. The BLS established an Electronic Data Interchange (EDI) Collection Center to improve and expedite the MWR collection process. Employers who complete the MWR for multi-location businesses can submit employment and wages information on any electronic medium directly to the data collection center, rather than separately to each State agency. The data collection center then distributes the appropriate data to the respective States. In addition, the BLS has developed a Web-based system, MWRweb, to collect these data from small to medium-size businesses. The BLS continues to see much greater utilization of this reporting option.

III. Desired Focus of Comments

The Bureau of Labor Statistics is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility.

- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.
- Enhance the quality, utility, and clarity of the information to be collected.
- Minimize the burden of the collection of information on those who

are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.
Type of Review: Extension of currently approved collection.
Agency: Bureau of Labor Statistics.

Title: Multiple Worksite Report (MWR) and the Report of Federal Employment and Wages (RFEW).
OMB Number: 1220–0134.
Affected Public: Business or other for-profit institutions, not-for-profit institutions, and the Federal Government.
Frequency: Quarterly.
