Background

On March 10, 2015, the Acting Assistant Secretary for Special Education and Rehabilitative Services (Assistant Secretary) issued two program determination letters (PDLs) seeking to recover a total of \$730,053 of Vocational Rehabilitation (VR) State grant funds from Washington. Based on findings in single audits of Washington (Audit Control Numbers 10-12-38440 and 10-13-48310), these funds were determined by the Assistant Secretary to have been expended, during the fiscal years 2012 and 2013, in violation of the indirect cost provisions under the Education Department General Administrative Regulations at 34 CFR 76.560. Specifically, the PDLs indicated that Washington had charged indirect costs to the VR grant program without an approved indirect cost agreement, and identified \$621,871 for recovery in fiscal year 2012 and \$108,182 for recovery in fiscal year 2013.

Washington filed *Applications for Review* of these PDLs with the OALJ on May 14, 2015. On June 9, 2015, the OALJ proposed processing the two appeals under one docket number, and with consent of the parties subsequently combined the appeals. On June 27, 2015, the OALJ granted the parties' *Joint*

Motion to Request Mediation, Waive 81.39(a) and Suspend the Procedural Schedule (Joint Motion). Since the *Joint Motion* was granted, Washington and the Department have engaged in facilitated mediation to attempt to resolve the recovery action.

The Department proposes to compromise the total claim to \$530,053 (the fiscal year 2012 recovery will be reduced to \$451,605 and the fiscal year 2013 recovery will be reduced to \$78,447). The Department has determined that it would not be practical or in the public interest to continue proceeding, based on litigation risks and the cost of proceeding through the administrative, and possible court, process for this appeal. Also, in light of corrective actions Washington has taken, the Department does not anticipate this violation of the indirect cost provisions will recur. As a result, under the authority in 20 U.S.C.

1234a(j), the Department has determined that compromise of this claim to \$530,053 is appropriate and in the public interest. The public is invited to comment on the Department's intent to compromise this claim.
