**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Final rule; OMB approval of information collection.

**SUMMARY:** This document notifies the public of the Office of Management and Budget’s (OMB’s) approval of the information collection requirement contained in the FAA’s interim final rule, Registration and Marking Requirements for Small Unmanned Aircraft, which was published on December 16, 2015.

**DATES:** Effective December 21, 2015.

**SUPPLEMENTARY INFORMATION:** On December 16, 2015, the Department of Transportation and the Federal Aviation Administration published the interim final rule Registration and Marking Requirements for Small Unmanned Aircraft (80 FR 78593). That rule provided an alternative, streamlined and simple, web-based aircraft registration process for the registration of small unmanned aircraft, including small unmanned aircraft operated as model aircraft, to facilitate compliance with the statutory requirement that all aircraft register prior to operation.

That rule contained an information collection, Registration of Small Unmanned Aircraft. That information collection requirement had not been approved by OMB at the time of publication of the interim final rule.

In accordance with the Paperwork Reduction Act, the FAA submitted a copy of the new information collection requirements to OMB for its review. OMB approved the collection on

December 16, 2015, and assigned the information collection OMB Control Number 2120–0765. This final rule provides the control number of that information collection and adds the information collection to the list of FAA’s approved information collections in 14 CFR part 11.
